

Dog Rape Fantasies - 10

<https://www.beastforum.com/showtopic-122030-1440.html>

***** Uma (1) - A Secretary in a Kennel *****

by Canis 3

"Uma, put these books on the bookshelf, please," George said.

He owned a large kennel specializing in big dog breeds. He was sitting at his home office with his secretary Uma. She was a short woman, not more than 5 feet tall. She used high-heels to look taller. She was 38 but looked much younger. Her shapely hip swayed as she walked to George's desk. He couldn't keep his eyes off her cleavage as she grabbed the books. She looked at his eyes ... saw what he was looking at ... and quickly looked down again, secretly smiling.

Uma was a shy woman who didn't talk much. But she was an excellent secretary. She wore neither bra nor panties. And in some simple ways, she made sure George saw that she didn't.

"This woman must have some dark secret," George thought as he undressed her with his eyes when she was walking back to her desk.

The walls of the office were decorated with three pictures of women and dogs. In two of them the women were naked. "That's good for business", George had said when Uma had asked about the pictures. Most of the customers were older men and they started joking about pictures. Often the joking turned to Uma and her big tits.

Uma looked at George and smiled in her usual shy way as if she knew what George was thinking about.

"I'm sorry, Uma. But I must hurry to catch my flight," he said finally. "I'll be back in 2 days. Rolf will be with you all the time. He was the guard dog of Angela at her old age. Now he will make you feel safe. Brutus and Max will be guarding outside. Be like this was your own home," he said and rushed to let Rolf out of his cage.

She heard the noise of the doggy door as Rolf walked in. He was a large German Shepherd, a well-trained guard dog. He smelled a wet female pussy ... walked to the sobbing woman ... and licked the hands covering her face.

"Hi, Rolf. I'm glad you are here," she said to the dog.

Rolf lowered his head and pushed it between her legs.

"

"Rolf! What are you doing?" Uma said startled as the dog quickly lapped her pussy with his tongue.

Rolf licked her face and tried to licks her pussy again. But she pushed his head away.

"No, Rolf! That is not for dogs," she said.

Suddenly Rold **barked** twice and *snarled* at her. He pushed his head again between her legs snarling. The frightened woman could only spread her legs for the dog. She tried to gently push his head away. But the dog allowed only a gently hold of his head.

"Please stop it, Rolf!" she asked the dog who was eagerly licking her panty-less pussy.

After a few minutes, Rolf stopped licking her already sore pussy.

"Go away, Rolf! I don't want you here anymore!" she commanded the dog.

The dog looked at her **growling** and lifted his forepaws on her shoulders making her fall on her back on the table. The dogs hind paws were between her legs and his forepaws were on her both sides. For a moment, they looked each other still, the growling dog standing above the helpless woman.

"Okay okay, Rolf. Take it easy. I will just lie here until you go away," she said.

Rolf lowered his head. Uma felt something **hard** and wet poking her crotch. The dog was going to **rape** her!

"No, Rolf! Please! **No!**" she cried.

But the dog answered with a vicious **snarl**.

He pulled her hip over the edge of the table so that he could wrap his forepaws around her waist. His **penis** was getting bigger and bigger. Uma bit her lip and sobbed as the doggy cock **plunged** into her vagina.

She had stopped fighting and she had not screamed. She had learned to conceal her feelings and accept all bad things that had happened to her. She had tried to keep her own private world. But now Rolf had intruded there.

Uma felt that the **base** of Rolf's cock was swelling inside her.

"The **knot**," she thought. "He's going to **tie** with me!"

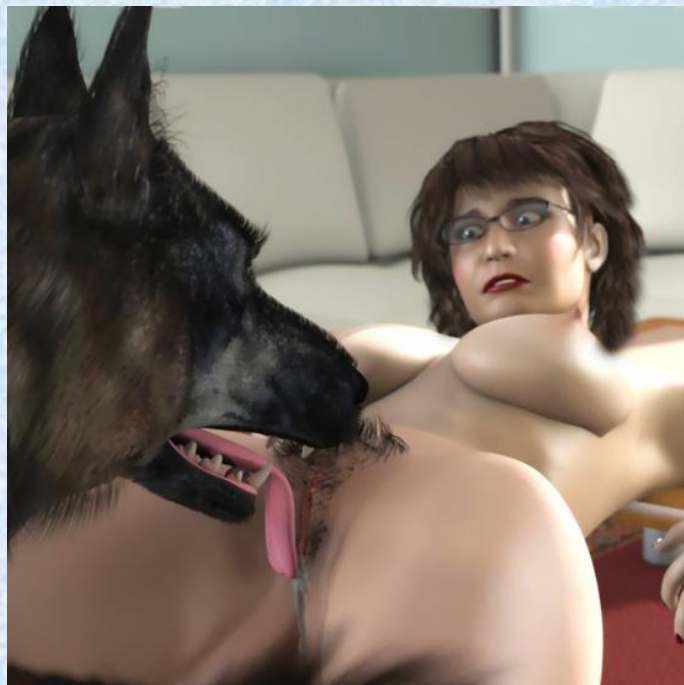

After a few seconds, the **knot** locked in her *painfully* spread pussy. Her vagina was tightly filled with a **throbbing** doggy **cock**. Soon she felt a powerful spurt of warm **doggy sperm** followed by another and then another. Rolf was *panting* above her while he was breeding his human **bitch**.

For about 10 long minutes, Rolf filled Uma with his puppy-making *seed*.

Finally he was able to pull his huge wet **cock** out of her pussy. For a moment he licked his *sperm* flowing from her pussy down to the carpet ...

... but then he walked away leaving his sobbing and *sperm*-leaking **bitch** lying on the table.

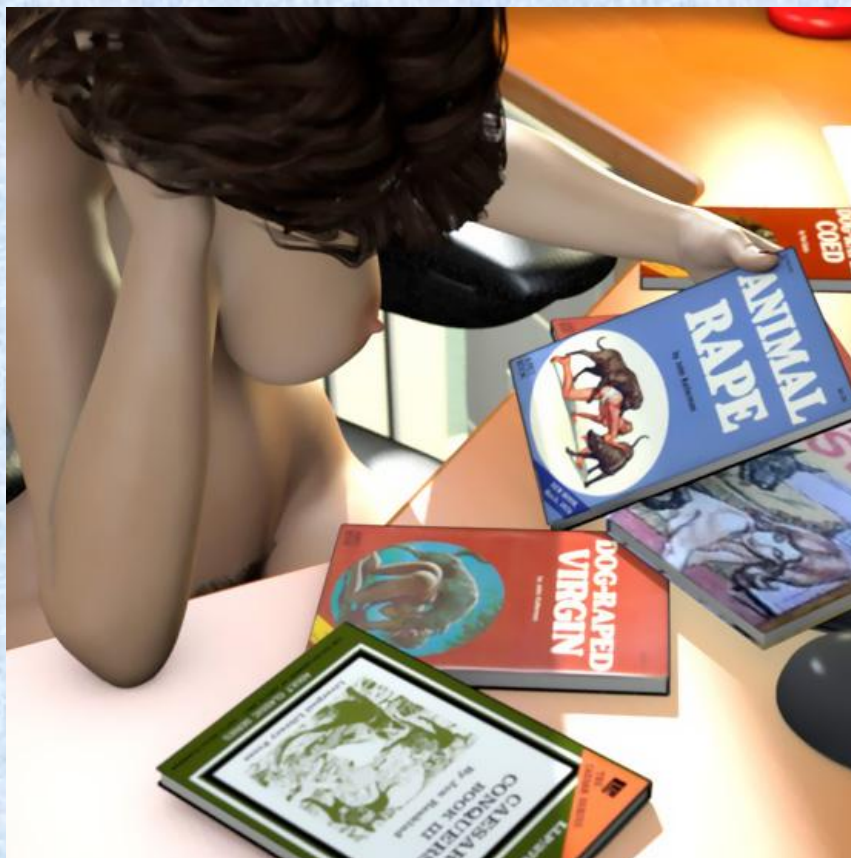

After a few minutes, Uma gathered her strength and stood up. *Semen* was still leaking from her pussy down her thighs. She spent almost half an hour in a shower.

When she returned to the office, she put on a white top and a short skirt and started to study Bestiality on the Internet.

What was it that made a dog *rape* a woman? Youtube had numerous video clips of dogs humping women. But to actually *rape* a woman, the dog had to be trained.

"Rolf had been Angela's dog. That explains many things. Does George have any info about Rolf and Angela?" she thought to herself.

She started to study George's desk. In one box she found many books with shocking covers. They were novels about dogs *raping* women. *George! How could he!*

For a moment, Uma didn't know what to do.

But then she decided to put some clothes on. She looked at her torn dress and threw it away. Because her naked pussy had excited Rolf, she decided to put on her panties.

Max and Brutus were now licking her waist. It tickled and Uma raised her arms making her big breasts sway softly.

Max and Brutus turned their heads up and gave her breasts a long swipe pushing them up and letting them fall down. Obviously they liked the way her breasts reacted to the licking and started to play with her tits making them bounce up-and-down with their tongues. She felt helpless as the huge dogs played with her big bouncing breasts. But she held her arms up because she preferred licking to biting.

On the desk she saw a book entitled Her 3 Dog Night. She pushed the dogs so that she could pick up the book. On the cover, a woman was on her hands-and-knees surrounded by 3 mean horny dogs. She got scared of her situation and tried to rush to the door. Surrounded by 3 huge dogs pushing her with their snouts that was not an easy task.

Soon Uma found herself on her hands-and-knees surrounded by 3 huge dogs just like in the book that she saw lying on the floor.

However, these dogs were not mean or angry. They were just playing with her. Uma knew that each of them was heavier and stronger than she was. She tried not to make them angry because that could be dangerous.

She tried to crawl away. But Max pushed her head down with his paw and Rolf pawed her butt pulling her panties down. Then he lifted her left forepaw on her waist. Uma was too afraid to move. She just waited for the dogs to stop playing.

"Rolf, no! Please don't *rape* me again!" Uma said as she felt Rolf mounting her.

She leaned on the coffee table and tried to get herself up. Rolf was, however, too heavy and powerful for her. And *snarling* Brutus blocked her way to the door.

Rolf's hard and wet *penis* poked her crotch and pussy a few times. Soon Rolf's *pre-cum* had made her pussy lips wet. His *cock* found her love hole and sank in. With each push, Rolf's *cock* grew bigger and sank deeper into her vagina.

Uma looked desparately at Brutus who blocked her way to freedom and was clearly waiting for his turn to breed her. Uma's *wailing* and *grunting* voices were mixed with the wet *slurping* and *splashing* noises as the Rolf's cock furiously plunged her vagina! The *knot* was swelling at the base of his cock. *Painfully* it spread her pussy as it slipped out, ...

... but with a few *powerful* thrusts, Rolf forced it back in and it locked inside her.

Uma knew that she was now *"tied"* to the dog and the **breeding** was about to start very soon. The huge doggy cock inside her was **throbbing** and started to shoot a long series of *semen* loads deep into her vagina. For 5 minutes, the dog filled his human **bitch** with his *sperm*.

Then he waited for 10 minutes until he was able to finally pull his **cock** out of her pussy. *Sperm* gushed from her pussy down to the carpet.

Rolf was going to lick Uma's pussy clean. But **snarling** Brutus made him step aside.

Uma had always been afraid of Brutus. Even George had sometimes problems in controlling him.

Uma tried to get up and rush to the door. But she felt the weight of the huge Dobermann on her back, his forepaws around her waist and his jaws grabbing her neck in a tight hold. Brutus was an effective guard dog. He knew exactly how powerful grip he could take from human neck and how deep he could sink his teeth into the neck to make the person totally helpless but without injuring him/her severely.

Uma was like paralyzed. She dared not to move even her finger as her huge animal **impaled** her with his big **cock**.

When Brutus felt Uma's wet vagina around his cock, he secured his grip of her and pushed his **cock** to the hilt inside her. Uma's mouth was open and her eyes stared forward without seeing anything as the dog **brutally fucked** the helpless woman!

With each **thrust**, the dog's balls hit her pussy and her breasts bounced on the table as she tried to hold herself steady on the table. Tears were rolling down from her red and swollen eyes and her nose was running.

After 5 minutes of fierce **fucking**, she was getting dazed. One could see helpless surrender on her exhausted face as the dog's **cock** locked inside her.

Brutus lifted his forepaws on the table and roughly pulled Uma's upper body higher up. Almost silent wailing and moaning were mixed when the dog's huge **throbbing cock** pumped her vagina full of his **sperm**. Her body *spasmed* in a series of **orgasms**.

Rolf and Max licked tears from her face as Brutus shot his final loads of **doggy sperm** inside the spasming and exhausted woman. Her body was almost limp when Brutus, still suspending her neck by his jaws, waited for his **knot** to subside.

Finally he was able to pull his huge **cock** out of her vagina. **Doggy sperm** gushed out of her pussy as Brutus left her limp body lying on the table and walked away. Tears were running on her face and drool was dripping from her mouth as her body helplessly waited for the next canine **rapist**.

Uma hardly noticed when Max (a giant lab and Dane mix) stepped on the table. He was huge compared to the small woman lying below him on the table.

Max lowered his hip. His **cock** had no problems in finding the wet and gaping pussy of the semiconscious woman. Her hip was lifted up with every **push**. With his forepaws, Max pinned Uma's upper body firmly against the table to stop her sliding on the surface. Nothing this **big** had ever entered her pussy.

She **wailed** as the **cock** stretched her vagina and hit against her cervix. Her mouth opened and her eyes bulged as the huge **knot** locked inside her stretched vagina pushing his **cock** even more painfully against her cervix forcing it open. The only way to go for his **sperm** was in her womb. **Load after sticky Load he filled her!** Uma's body was like glued around the huge doggy **cock** following its every move.

After about 15 minutes, Max lifted his right hind leg over her and turned around making her roll over on her back and fall on the floor with her pussy high up suspended by the huge doggy **cock**. He walked to the kitchen dragging Uma on the floor by her pussy.

After about 15 minutes, the huge **cock** started to shrink and it slid out of Uma's pussy. The poor unconscious woman fell on the floor with her legs sprawled and twisted. Her crotch was a mess and **doggy sperm** was gushing from her pussy to the floor.

Her nipples pointed up long and hard. Her glasses had fallen down on her face that Rolf was licking. Her gaping pussy was *spasming* pushing more **doggy sperm** out and to the floor. Occasionally she moaned or wailed.

Soon she was to wake up and understand that this was just the **beginning!**

Uma leaned on Max who was sitting behind her. She was too exhausted to react as Brutus played with her body, licking and nipping her. The dogs *growled* and *sarled* at her if she in any way tried to stop them.

Brutus liked pushing her right breast up with his muzzle. After playing with it for a while, he grabbed the tit in his drooling jaw. He found out that now he was having total control over Uma. The helpless woman followed even the slightest movement of the dog's jaws. Brutus liked this game. He let go of her tit ... but then grabbed it again.

"Brutus, please! Don't bite my titty," she sobbed as the huge fangs almost closed around her huge soft right breast. But the dog was careful not to sink his teeth into her flesh.

When the dogs had finished playing with her boobs, Uma crawled to the office leaving a line of *doggy sperm* on the floor behind her. She got up on her shaky feet and walked to the door. Maybe she could get out and leave the *raping* dogs inside ...

She turned the handle. Locked!

Before she could figure out how to unlock the door, she fell heavily against the door as Brutus jumped on her back. She was just going to push herself and the dog away from the door when a deep *growl* made her stop. She could smell the dog's breath and see his huge fangs. She knew that those fangs would sink into her neck if she tried to fight the huge dog.

Brutud was standing on his hind legs and wrapped his forepaws around Uma's waist. The dog pushed her brutally against the door smashing her tits against the glass. She felt the doggy *cock* poking

her crotch a few times and squealed as the huge thing sank into her *sperm*-covered pussy. Desperately she looked out. But there was nobody there to help her.

Brutus **FUCKED** her fiercely! A couple of times his **cock** slipped out of her pussy. But in a second it sank in again, **bigger** than before. Uma felt like the huge **cock** was hitting her lungs when the throbbing cock started shooting several loads of *doggy sperm* deep inside her. The dog's **knot** was hitting her pussy. But in the awkward position, Brutus wasn't able to lock inside her. Her huge soft breasts were tightly squeezed against the glass as the huge *raping* dog **pounded** her pussy!

As quickly as Brutus had attacked her, he pulled his **cock** out and walked away. He had **fucked** his **bitch** and that was it.

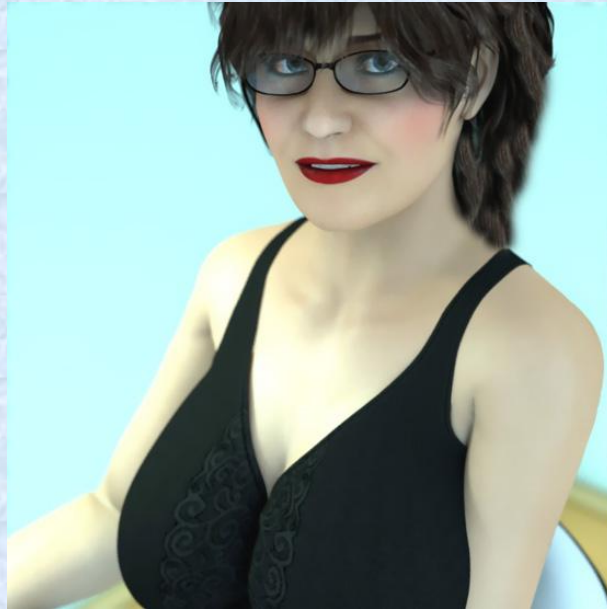

Uma collapsed on the floor. The pool of *doggy sperm* below her pussy was getting larger and larger. She covered her eyes with her hands and *wept* her misery.

<https://www.beastforum.com/showtopic-122030-1560.html>

{Now we later return to the kennel where Uma is waiting for George to arrive.}

Uma sat at her table writing a memo. She had a beautiful black dress. She smiled happily at George as he walked in. She knew her misery was over now that George was in the kennel. She would not tell anything about the dogs or the books she had found.

Uma stood up and took a few steps. George admired her sexy body as she lowered the straps of her dress, covered her huge breasts with her hands, and looked at him with her cute, even a little mischievous smile.

"George, I'm so happy you are here," she said.

"Glad to be back. I missed you, Uma," he responded staring at the small, mature, sexy woman in front of him. "I hope everything has been fine with the dogs."

"Oh yes. They have been even more 'friendly' than I expected," she lied to him letting her dress slip down on the floor. She felt her pussy lips getting wet and saw a bulge in George's pants as she kicked her dress under her desk.

"George, please hold me tight. Please make love to me. I need you so much," she said looking down and squeezing her soft tits with her both hands.

"Uma, dear. I will sink my head and my dick between those gorgeous tits of yours. I will hold tight your small soft body and fuck you on my desk."

George was loosening his belt as Brutus walked by and pushed him aside. He saw fear in Uma's eyes as Brutus walked to her ... pushed his snout between her legs ... and swiped the wetness from her pussy with his tongue. He had smelled a **bitch in heat**.

"Brutus! What the hell! Get out!" George yelled at the big dog.

Brutus looked at George not as his master but as a male about to take away his **bitch**.

The huge dog **growled** at George, sank his tongue in the terrified woman's pussy, and **sarled**. This **bitch** belonged to him and to his pack. And nobody would stop him from **breeding** her. Not even his master.

Uma looked at George hoping that he could save her from the dog because her own strength to fight to dog was already gone. She just stood there helpless looking at her lover with her sad eyes.

"Brutus! Stop it and get out!" George commanded the dog and took a step forward.

Uma screamed! Like a lightning bolt, Brutus jumped at her making her fall on the table and grabbed her neck in his jaws. He was holding her like a rag doll. Like a toy he wouldn't give away to anybody. He looked at George **sarling** with his jaws tightly around her neck. The helpless woman looked at George with her terrified eyes. Her neck tightly in the dog's jaws she wasn't able to give a sound, only *whine* quietly.

"Brutus, let her go!" George shouted. But the dog *snarled* louder taking a tighter grip of the woman's neck.

George looked at Uma. The woman he just had started to love. Her sexy naked body was pinned on the table under one of his huge stud dogs. The dog had lifted her head up by her neck. Her big soft breasts pushed up by the dog's strong chest moved softly as she panted heavily under the huge dog.

Uma closed her eyes and sighed deeply. She spread her legs giving the dog full access to her pussy just like a good **whore**. Her body relaxed as she surrendered to the dog. Her head was slightly twisted due to the powerful jaws around her neck. She was breathing heavily knowing that her *breeding* was about to begin and even George couldn't do anything to stop it. Her eyes stared at the ceiling above her without seeing anything. She just waited for the dog's **cock** to penetrate her ...

George saw the glistening red **cock** under the dog's belly touching Uma's pussy lips.

"Noooo!" he yelled as the dog sank his cock deep into the helpless woman's wet pussy.

Uma closed her eyes tightly and a tear rolled down from her eye. She knew that her *breeding* had started and she hoped George wouldn't try anything stupid.

"Get off her, you beast!" George shouted as he grabbed the dog's neck with his right hand

The terrified woman felt the dog's fangs sinking into her neck. But luckily she was not severely injured. The fiercely snarling dog held the neck of his **bitch** tightly in his jaws and *fucked* her like a machine-gun. She was like a rag doll that the man tried to get from the jaws of a fierce fucking beast.

George grabbed the dog's snout with his left hand and pressed the dog's lips against his teeth trying to force his jaws open when he heard loud *snarling* to his left.

The glistening fangs of Rolf and Max were only a few inches from his left arm and leg. George released Brutus ... took a few steps back ... and fell on his chair. The 2 dogs stood in front of him were making sure that he wouldn't make a move to stop the cruel *breeding* in front of his eyes.

"I'm so sorry, Uma" he said with tears in his eyes as Brutus was *knotting* his helpless *bitch*.

Uma didn't hear George's words. Her eyes were rolling around as her pussy muscles sucked the huge doggy cock deep inside her. The *knot* pressed tightly against her G-spot and warm *doggy sperm* was filling her vagina.

The room was filled with a *slurping* sound as Brutus *raped* his human *bitch*. George couldn't get his eyes off the huge doggy *cock* pummeling Uma's pussy. Her big tits were like soft pillows massaged and squeezed up-and-down left-and-right under the dog's heavy chest and between his strong forepaws.

Brutus stopped. He had his *bitch* pinned under him, her pussy locked around his *cock* and her neck tightly in his jaws. He was now ready to fill her with his *seed*.

Uma felt the huge rock-hard **cock throbbing** inside her stretched vagina. Her breasts seemed to swell even bigger as she took several short deep breaths. George couldn't believe his eyes when he saw a powerful **orgasm** ravishing her helpless body as Brutus shot several huge loads of **sperm** into her.

George knew that she had gone through before. Brutus had found her pussy with his first thrust. This wasn't the first time he was **raping** her. Not even the second.

George had seen Uma surrender and present her pussy to the dog. Her eyes were sad and she looked miserable. But not terrified. She must know that the dog would let her go when the **breeding** was over. The dog had even made her **cum**. Against her will, but nevertheless.

The truth was now clear to George. While he had been away, the dogs had been using Uma as their **bitch**. **The dogs had been breeding and raping her all this time!** He could not imagine what she must have endured. And she had said nothing to him.

Uma tried to stay calm. The huge doggy **cock** that had impaled her pussy was still rock-hard and filled her entire vagina. Warm **doggy sperm** was forcing its way to her womb. The *panting* dog was still holding her neck in his jaws. But he had loosened his grip slightly. He was waiting for his **cock** to subside enough to be pulled out of the woman's pussy. For 10 minutes the dog had his **bitch** pinned on the table. They both *panted* heavily.

Finally Brutus pulled his hip up lifting Uma's knotted pussy up until the huge **knot** popped out and Uma's hip fell on the table letting the huge wet doggy cock slide out. Massive amounts of **doggy sperm** gushed from her pussy down to the table and to the floor.

Brutus took a step back and George could see the huge wet **cock** that had just filled Uma's vagina. He could only wonder the size of the **cock** that already had lost its highest glory.

Uma was lying almost limp on the table. Behind her half-closed eyelids, she looked at George and weakly lifted her left arm as if to ask him for help or forgiveness. Under the large *snarling* dog, she looked so small and vulnerable. Brutus *growled* at her once more until he stepped off the table ... gave a few licks to her *cum*-dripping pussy ... and left his *sperm*-filled *bitch*.

Brutus walked to George like a champion and *snarled* at him. George got the message. The rules had changed. He should never try to stop the dog from breeding its new *bitch*.

Uma saw Rolf and Max coming closer to her. Rolf was standing between her open thighs and carefully tasted the *sperm* leaking from her pussy. She tried to push his head away. But the dog was too *strong* for her. George saw her arms squeezing her breasts forward.

Max was also interested on her breasts. He lay his forepaws on the table and started licking her left titty.

"Let her go!" George shouted to the dogs.

"Uma, run away! I will help you," George said and tried to push Brutus away.

Brutus *snarled* viciously and Max turned his head at him and *growled*.

Uma tried to get up. But Max pushed her head down with his right forepaw, covering her eyes so that she couldn't see anything. Suddenly she grit her teeth as Max grasped her left nipple and harshly pulled it up.

Rolf *growled* and nipped her outer pussy lips with his teeth. It was more stimulating than painful. But she knew it was a warning.

Uma tried to keep calm. She knew that the dogs <nipped> and bit her until she stopped moving. She had seen them <nip> and bite doggy **bitches** until they stopped running away and let the male dogs breed them. Sometimes it could get very violent. Uma hoped that George would come soon before the 2 other dogs *raped* her.

George was, however, not able to help her. Brutus had jumped on the chair and grabbed his neck in his teeth. The dog snarled and pushed his helpless master against the chair.

Brutus pushed his head back so that George couldn't see Uma. He could only hear some *growling* and Uma quietly *whining*. Nipping had changed to licking. But the dogs still *growled* at her letting her know that they would bite her if she tried to escape. She was now ready for new **breeding** and she knew it herself.

Slowly Rolf mounted her shivering body. She felt his **cock** poking her thighs and his forepaws scratching her waist. The paw of Max pressed painfully her face.

"George ... Please ... help me," she wailed and raised her arms to protect her.

But Rolf pushed his hip forward and his **cock penetrated deep** into her pussy. Both dogs snarled at her until she lowered her arms and relaxed her body.

Max lifted his paw from Uma's face dropping her glasses on the floor and stepped off the table. **Doggy sperm** splashed from Uma's pussy as Rolf **fucked** her like a jack-hammer. With each **thrust** his cock swelled bigger and bigger. But it never reached the size of Brutus' **cock**. The sobbing woman waited as the dog pumped his puppy-making **semen** into her. Her pussy spread wide as the dog pulled his cock out of her pussy and walked away. He had fucked his **bitch** and that was it.

George had heard the dogs *snarling* at Uma and the sound of Rolf's **cock fucking** Uma's wet pussy. He hoped that now the dogs would go away. He lowered his arms and relaxed his body giving Brutus full access to his neck. Brutus sensed that George had stopped fighting. It loosened his grip on his neck and then grabbed it tighter again, testing the man's reaction.

Finally the dog was satisfied. It released his master's neck. But it still *snarled* at him, ready to attack him again. George was finally able to look at Uma just in time to see Rolf pulling his **cock** out of her **sperm**-filled pussy.

"George, please help," Uma whispered as she tried to walk to George. "Your dogs are **raping** me! For 2 days I have been nothing but a **whore** for them. And I can't stop them. George, make them stop. Please!"

"I'm sorry, Uma. But the dogs are crazy. I can't control them," George said behind the *snarling* face of Brutus.

George gave his hand to her. She grabbed it as she felt the huge weight of Max on her back and fell on George's desk. Max pulled her hip on the edge of the desk and pushed the tip of his **cock** between her wide open pussy lips.

Usually his **cock** was about 5 inches when he penetrated his **bitch**. But now he was more excited! His cock was already **10 inches long** and too thick to slip in.

With his huge weight, the dog pinned the woman against the table as he inch-by-inch forced his huge **tool** into her pussy. Her legs stopped her from sliding on the desk so that the dog could bang her with **all his strength** to push his **cock** into her pussy.

Uma **screamed** as the dog spread her pussy and forced more than 12 inches of hard thick doggy **cock** into her. Her pussy lips were like a tight rubber band around the huge breeding tool.

Just in front of his eyes, George saw Uma's pussy *painfully* stretched around the huge doggy **cock** forcing its way into the poor woman who was helplessly pinned on the desk under the **huge** dog. He looked at her desperate eyes filled with tears.

"Stop it, Max! You are killing her!" George shouted at the huge animal. But he stopped as he felt the fangs of *snarling* Brutus touching his throat.

The crying woman opened her legs as wide as she could to make her breeding less *painful*. Slowly her wet pussy adjusted to the huge **cock** pummeling her cervix. But the relief was premature.

The **knot** was forming at the base of the cock forcing the huge cock even deeper and spreading her pussy wider and wider. Uma *screamed* and lifted her left knee on the desk to give Max best possible access to her pussy. George saw clearly how Max pushed his cock deeper-and-deeper until the **knot** locked inside Uma's pussy.

A small bulge at the base of the huge **cock** would have been enough to lock the huge cock inside her pussy. But the **knot** was now as big as a grapefruit! Uma felt like her vagina was being stretched to the limit in all directions and her cervix was being opened and pushed up. All she could feel was the **huge** pulsating doggy **cock** inside her. Her body was like a tight glove around the huge *breeding* tool. She felt the first jet of *sperm* moving from the base to the tip of the doggy cock and finally flooding into her vagina.

"Stop, Max! I can't stand this anymore!" she pleaded the dog as another sticky *load* was being shot into her.

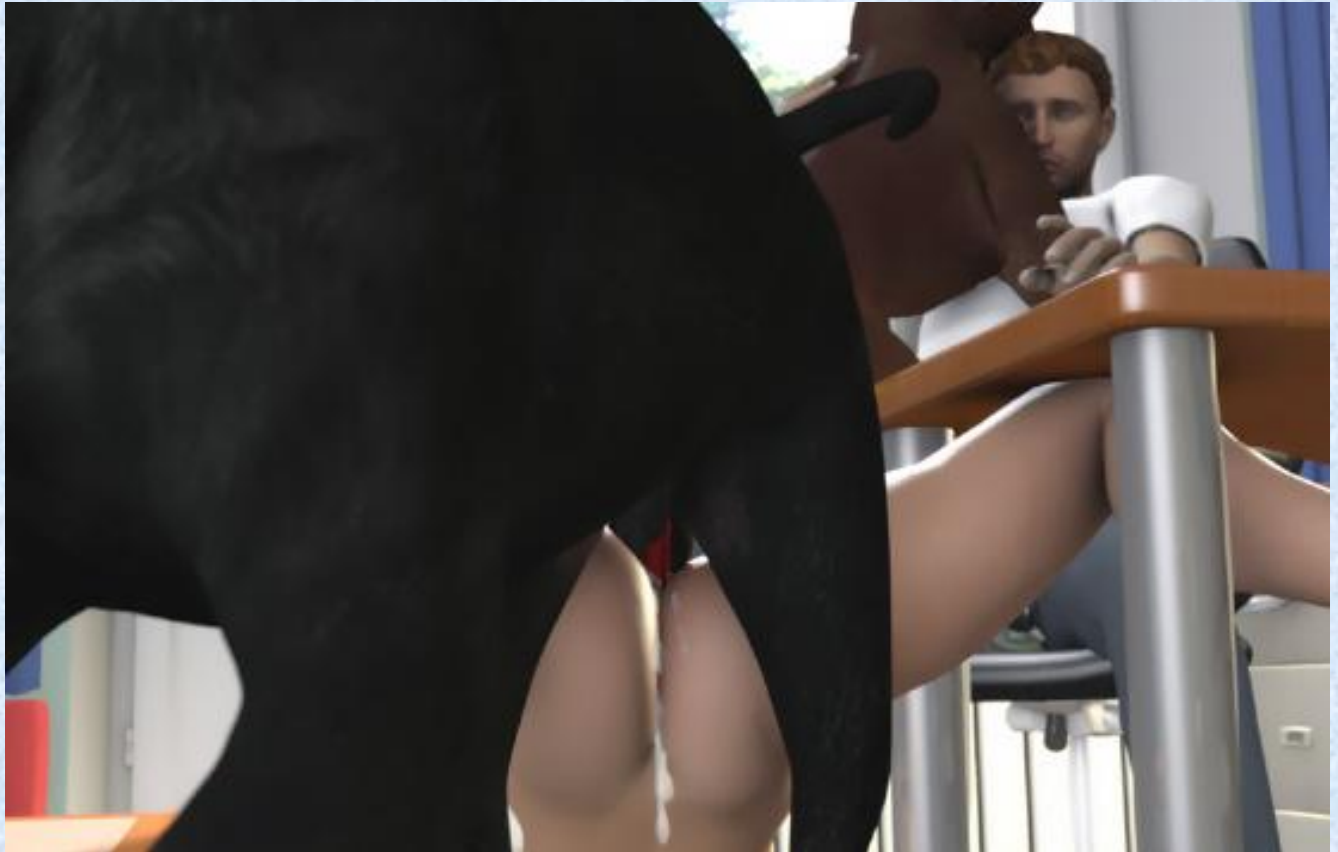

She felt her belly swell as the dog shot a dozen **huge** loads of *sperm* inside her. She tried to spread her legs even more to relax her body to minimize the *pain*. Finally Max had filled her with his all of his *sperm* and stayed still, panting.

"Oh, George! I'm scared. I'm like a sheath around his cock and I don't know what he's going to do," she whispered holding his hand tight.

"Max, don't move!" Uma screamed as the huge dog stepped back.

But it was too late. The dog stepped down from the table dragging the helpless woman locked around his cock with him. Her hip was suspended high by his **cock**. But her head hit the floor and she passed out. Behind the *snarling* face of Brutus, George could see Max dragging the unconscious woman out of the door. Tears were running from his eyes and he looked forward without seeing anything. He wasn't aware of time or anything happening around him. In his wet eyes was only a picture of Max dragging Uma by her pussy.

"Hello, old buddy. How are you?"

George heard the voice of Jake, one of his neighbors.

*"I see you finally found a **bitch** for your dogs."*

George woke up. The dogs and Uma were gone. Jake was standing at the door.

"Jake! What are you doing here?" George asked. "Where is Uma?"

In his sorrow, he had almost lost consciousness.

"Don't worry, old buddy. I came to ask if you have found a **bitch** for my boys. Then I saw that you had. I always thought Uma would make a good **bitch**. Small woman. Easy for a big dog to control and

fuck. Nice big tits and all. And as an illegal immigrant, she doesn't have much choice either. Good choice, George. I see that you have read the books I gave you. Nice stuff. Now you can see it yourself."

"But where is Uma? And where are your dogs?" George asked.

"Well, I was in my garden with my dogs when they started barking. I saw Max dragging the **bitch** by her pussy. My boys became almost crazy. Hank and Bud were also looking at the show, laughing. I walked to Max and he allowed me to help. Soon the **bitch** was lying on the ground. My boys tried to mount her. But she was too tired to stay on her hands-and-knees. Hank and Bud came with some rope and duct tape. We tied her wrists and ankles and put a tape on her mouth. Hank and Bud are now suspending her on your big oak tree. My boys will fuck her first while Hank and Bud get their dogs. Come and see!

" Jake! What have you done?"

"Don't worry, Georgie boy. I know the **bitch** is not free. I'll pay the full cost. She sure is worth it."

Jake stepped out and followed by George. He saw Uma gagged and suspended with her legs pulled apart. She was dirty all over. *Doggy sperm* was still flowing from her pussy. Jake's 2 Great Danes were licking her pussy and breasts. But Uma was not aware of the dogs or anything around her.

"Stop it! Get your dogs off her!" George shouted and rushed to help Uma.

"Hold on, George," Jake said grabbing George by his neck and pushed him against the tree. "What do you mean? You want to have this **bitch** for your dogs only? For years I have been looking for a human **bitch** for my dogs. And now you want to keep her all by yourself? ... Boys, bring some tape and rope."

Jake, Hank, and Bud gagged George and tied him to the tree a few feet from Uma.

"Now look carefully, George. I guess you've never before seen a pack of dogs **gang-raping** a woman."

George heard a soft *moan*. But the exhausted woman hardly knew what was happening to her.

One dog was licking her *cum*-filled pussy while the other dog played with her big soft tits. George could only watch the dogs licking the helpless-but-so-sexy woman. He heard the wetness of her pussy as the dog licked it deep. He saw her huge tits bouncing softly as the other dog licked them. Her nipples were big and hard.

George felt his own **cock** getting hard.

The Dane behind her lifted his forepaws on her buttocks and wrapped the paws around her waist. He tried to sink his cock into her pussy. But he could only push Uma forward. Her pussy was too low and her arms stopped the huge dog from getting closer. The dog danced forward making the unconscious woman swing forward and up.

Finally the dog put his paws on her shoulders, pushed his head between her arms, and forced his chest forward. The dog wrapped his paws around her neck and took a few steps forward swinging her up until his cock was touching her pussy. It held the woman tightly with his paws and after a few pokes sank his entire **cock** into her wet pussy.

Uma opened her eyes wide open. Something **huge** had sunk deep into her pussy. She was being suspended about 2 feet above the ground. She felt the rope around her wrists and ankles. Her arms and feet were painfully pulled up behind her back. Strong paws pulled her head against the chest of a huge dog. The **cock** was pulled almost out of her pussy ...

... only to be **slammed** back deep inside her! Another Great Dane was sitting in front of her panting, waiting for his turn to **fuck** her.

Uma tried to scream. But her mouth was taped shut. **Doggy sperm** was splashing from her pussy as the dog **fucked** her.

She saw George with his mouth taped shut and his arms tied around the tree behind him. He looked at the suspended woman being **fiercely fucked** by a **huge** dog. All he could do was to look at the bestial **rape** right in front of his eyes.

Uma looked at the huge Dane sitting in front of her. Further away she saw Hank coming with 2 Rottweilers and she heard dogs barking further away. She closed her eyes knowing that the dogs were

going to have a **gang-bang** and she was their **bitch**. A split of a second later, her eyes were wide open again as the huge doggy **cock** slammed deep into her.

The dog pulled the tied woman's head against his chest as he pumped her full of his **sperm**. The huge **cock** was sliding up-and-down with terrible force. Uma tried to open her mouth and cry for help. But the tape kept her mouth tightly shut. Desperately she tried to push the dogs away and swing against him,. But that only helped the dog to **fuck** her deeper.

"Wow! This is what I call a doggy fuck. Look at the size of that **cock**! And look at those big tits bouncing heavily up-and-down. She's getting the Fuck of the Century," Hank said.

"Oh, I love those titties! I have to do something to them," Bud said and grabbed some rope from the ground and tied a knot making a small loop at the end of the rope.

The dog was just pulling his huge **cock** out of Uma's pussy as Bud crudely grabbed her left breast, put the loop around it, and pulled the rope tight. Then he wrapped the rope around her right breast. Both Danes and Rottweilers were licking her body and pussy as Bud wrapped the rope around Uma's breasts and knotted the rope between her breasts.

Uma was now suspended from her wrists and ankles. Her breasts were tightly tied. And 4 huge dogs kept licking the **sperm** leaking from her pussy, her tied tits, and her body.

Soon the other Great Dane wrapped his forepaws around her waist. It pushed his head between her arms and rammed his cock into her **sperm**-filled gaping pussy.

"Mmmmmmp!" was the best sound she could make through the tape.

The dog took a few steps to find the right angle before he started the savage **breeding** of his tied human **bitch**. He was a more fierce fucker than the first dog. Uma's big tied breasts were shaking sharply as the dog **raped** her furiously! The men around knew that none of them could stop the dog while its **cock** impaled her pussy without mercy.

"If that **cock** swells any larger, it will come out of her mouth," Bud laughed. "I've never seen anything like this."

The other Dane was sitting and looking at the breeding of their new human **bitch**. One Rottweiler licked Uma's tied tits while the other tried to catch the **sperm** dripping from her pussy. For more than an hour the dogs had pumped **sperm** into her vagina. It was getting **thick** and **sticky** and it dropped in **blobs** from her pussy.

George looked at Uma being abused by the dogs. He remembered the books he had read about women being **raped** by dogs. After a moment, the women in the books loved the **doggy rape** and soon they couldn't live without the dog.

Stupid books! He looked at Uma's suffering face. He could only hope that Uma would survive the bestial **gang-rape**. The huge doggy **cock** was **pounding** inside the small woman without mercy.

When the Dane pulled out his **penis**, a Rottweiler jumped on Uma. Her suspended body was in **pain** and her tied tits were aching. After a few seconds, the dog pushed his **cock** into Uma's sore pussy.

As the dog kept shooting his **sperm** into her pussy, Uma saw more dogs coming. They had heard the sounds of **breeding** and smelled **doggy sperm** and her pussy juices. Some of the dogs were *snarling* at each other as they circled around the tied woman and her canine **rapist**.

The Rottweiler was finished in a couple of minutes. He pulled his **cock** out of Uma's pussy and the other Rottweiler wrapped his paws around her waist. It tried to push his **cock** into her pussy. But it only made her swing forward. He managed only push her forward and up until she swung back making the dog fall.

The big dog was furious! The **bitch** tried to fight him. Other dogs *sarled* also. The Rottweiler raised his forepaws on her back and grabbed her neck in his jaws. Pulling her head back, he pushed his cock into her pussy.

Uma wailed! Her tied wrists, ankles, and tits were *aching*. Her neck was tightly in the dog's jaws and his **cock pounded** her sore pussy. Her body was shaking as the *powerful* dog **fucked** her slamming his hip against her pussy as his **cock** sank deep into her **cum**-filled vagina.

George could only look at his sexy secretary helplessly suspended for a **brutal gang-breeding**. He could see at least 10 dogs around her. But the number was increasing! Uma's swollen eyes were closed and her head was tilted to the right by the jaws holding her neck in a tight grip. Blobs of *sticky doggy sperm* fell on the ground from her gaping breeding hole at each stroke of the **huge** breeding **tool**.

Uma's tied breasts wiggled as the dog **fucked** her still holding her neck in his jaws. Her tears had dried on her dirty face. The exhausted woman was feeling dizzy. She hardly felt the doggy **cock fucking** her wet gaping pussy.

The doggy **gang-bang** continued all day. George could only look as dog-after-dog **raped** the poor woman. Some of them **raped** her several times.

Jake, Hank, and Bud were sitting on the grass watching and laughing. They had lost count of the dogs that had **fucked** the helpless woman.

Finally, almost all dogs had left and only a Great Dane was left. He sniffed at Uma's pussy ... wrapped his forepaws around her waist ... and pushed his **cock** into the gaping hole and started to **breed** the unconscious woman.

Unlike other dogs, he was able to find the right angle and sink all of his **huge cock** including the **knot** into Uma's pussy. After a few minutes, he had **knotted** his human **bitch**.

Jake, Bud and Hank had seen enough.

"The filthy **whore** is all yours now," Jake said as he untied George and walked away with Bud and Hank.

George collapsed on the ground and crawled to Uma. The Dane stood above her letting his *sperm* fill the woman's vagina. He *sarled* at George warning him not to come any closer. The man waited until the *breeding* was finally over and the last dog had walked away. He pulled the tape gag from Uma's mouth, untied her, and carried her inside.

George asked his doctor to come and examine Uma. Luckily she was not badly injured. But her pussy was badly abused and she was barely able to move her arms and legs.

George took care of all her needs. He kept all dogs outside.

After one week Uma was able to carefully walk in the house.

A week later George asked her to be his wife.

She said "yes".

*** Uma (1) - the Housewife ***

by Canis 3

One month had passed since her wedding. Uma was now the happy wife of George who had gently taken care of her after her cruel **doggy gang-rape**. George no longer allowed his dogs walk freely but locked them in cages while he was away, like today. He'd had a serious discussion with Jake, Hank, and Bud, his neighbors and customers. They had solemnly promised not to hurt Uma now that she was his wife.

It was a sunny day. George was on a business trip and no neighbors were at home. Uma made a drink, took off her clothes, sat on a sunchair under the oak tree, closed her eyes, and enjoyed the sun and the light warm summer wind. The oak provided soft shadows so that the sunlight wasn't too hot. This was the first time she was out alone after the "accident" (as she called it). She enjoyed her life again.

George liked to sit on this chair. It was too large for Uma who was a small woman but who cared. For a long time, this was the first time she was able to enjoy the sun and soon her glass was empty. She made another drink and then another. Today she wanted to feel *dizzy* ...

Uma was dreaming of George caressing her big breasts. After a few minutes, her pussy was getting wet. The light summer wind spread the *aroma* of her love juices (which were still mixed with a hint of *doggy sperm*). This smell -- the smell of a **bitch in heat** -- was picked by a Great Dane. A huge stray dog who used to walk in the neighborhood.

Uma was sleeping when the dog entered the yard. Slowly he walked to the drunk woman sleeping naked in the chair. Her *smell* was familiar. He had mated with this **bitch** before.

Carefully he licked her face. No response. Some of Uma's drink had spilled on her chest and the dog eagerly cleaned her big soft titties. Uma was too drunk to know what was happening. She was dreaming of George kissing her boobs.

The dog lowered his head and *sniffed* her crotch. Carefully he tasted the drops of love juices in her pubic hair and swiped her pussy with his wet raspy tongue. He liked the taste. The taste of a **bitch in heat**. He started to lick her pussy like he was a thirsty dog lapping water. Uma moaned spreading her legs for her husband (as her drunk mind thought)

The dog was nervously walking around Uma. His **cock** was protruding from its sheath and he was ready to breed the **bitch**. But it was impossible for him to **fuck** a sitting woman.

He growled and barked at Uma. But she did nothing. He started jumping around the drunk woman nipping her thighs and tits. Uma didn't understand what was happening. But she was feeling pain here-and-there.

Suddenly she felt sharp *pain* when the dog grabbed her left breast tightly in his jaws.

She was too drunk and dizzy to see or understand what was happening. But she wanted to escape the *pain*. Slowly she managed to get up from the chair. When she took the first step on her shaky feet, the dog jumped on her back ... wrapped his forepaws around her waist ... and made her fall on the armrest of the chair.

Uma didn't know where she was or what was happening to her. But she didn't feel the pain any more. She was lying on the armrest with her pussy pointing up and a huge horny dog on her back. She felt George's arms (as she thought) around her waist and his legs between her legs. She *moaned* waiting for her husband to fuck her and the fuck she was going to have.

The dog danced on his hind paws trying to find a proper angle to sink his **penis** into Uma's pussy. His *pre-cum* made her pussy lips wet and soon his **cock** found the right spot. When he felt the wet pussy lips around his **cock**, he pushed forward and sank **it** deep into her pussy.

A few times the dog carefully pushed and pulled his **penis** in-and-out of her pussy until he found the correct angle. All the time his **cock** was getting bigger and bigger.

Finally with a tremendous force, the dog **slammed** all **10 inches** of his **cock** into her vagina! Before Uma could even take a deep breath, the dog **slammed** his **cock** into her again-and-again. Uma

grunted and *moaned* without knowing what was happening to her as the dog pumped his swelling **cock** back-and-forth in her pussy.

Doggy sperm was already dripping from her pussy when the base of the **cock** started to expand. Soon the **bulge** in the dog's cock was too big to be pulled out of Uma's pussy. The dog had **knotted** his **bitch**. Her pussy lips were spread out displaying the huge **knot** stuck in her pussy. Nobody could stop the **breeding** now.

The huge dog stood above the small woman waiting for his *sperm* to fill his **bitch**. After about 10 minutes the **knot** had subsided enough and the dog pulled his huge wet **cock** out. *Doggy semen* gushed from her wide open pussy. For half-an-hour Uma was lying with her gaping pussy dripping *dog cum* until she woke up.

Still dizzy she slowly walked inside and took a shower. The *doggy sperm* dripping from her pussy and running down her thighs was washed away. Her pussy felt sticky and sore as she washed it. But her dizzy mind didn't think about it. She dried herself and lay down on her bed and woke up in the morning.

"Damn, I took too many drinks. Don't remember anything about yesterday."

The sheet was wet and smelled like *doggy sperm*.

"Can't be," she thought. *"I am too hysterical about the past 'accident'."*

It was going to be a warm and sunny day. Uma put on her red bikini and walked out.

She was working in the garden as she heard some *noise* behind her. Three Great Danes were approaching her. The one closest to her had fawn fur and floppy ears. He could smell his **bitch** (the same one he had bred the day before) as well as his *sperm* deep in her vagina.

Behind him were two equally big Danes. One with black fur and another with black and white harlequin patterns.

The dogs walked around her sniffing her. The fawn-colored one was closest to her giving a few licks on her face, back, and butt.

Slowly Uma took some steps backward away from the dogs. But they followed her until her back hit the high wooden fence. The fawn-colored dog stood in front of her licking her belly and bikini bottom. The other dogs were on her both sides licking her face. The dogs had her trapped against the fence!

She closed her eyes in disgust and tried to turn her head away from the wet doggy tongues. She tried to push the dogs away. But the huge animals were both heavier and stronger than the small woman. She felt doggy fangs touching her belly and sliding inside her bikini bottom which was being pulled forward. The dog tried to get access to her pussy!

Uma balanced herself by pushing her hip forward and leaning back. The dog tugged her bikini bottom a few times *growling* and with one swift movement ripped it off her.

Next Uma felt the dog's tongue on her pussy and other dogs licking her tits. Her bikini top got stuck in the black dog's fangs and in a second it also was ripped of her. The naked helpless woman leaned on the fence as the huge dogs licked her pussy and tits.

2 dogs squeezed her big soft tits together, lifted them up with their tongues, and let them heavily bounce down ... only to be licked up again. Another doggy tongue forced itself between her pussy lips and swiped her clitoris. Her nipples pointed out hard and her pussy was getting wet which made the dog lick her pussy even deeper trying to catch all her love juices.

Uma felt humiliated. The dogs were going to make her have an *orgasm!* Desperately she tried to close her legs and protect her pussy and tits. That didn't, however, stop the dogs.

The harlequin dog grabbed her right arm that was covering her pussy gently in his jaws and pulled it off her pussy. Soon the fawn dog's tongue was in her pussy again. With her left hand she wasn't able to protect both of her big tits. The black dog played with her left tit as much as he liked. Surrounded by 3 huge dogs Uma looked so small and helpless, unable to stop them from licking her sensitive parts.

Uma knew that the dogs could do her anything they wanted. She tried not to make them angry and hoped that after some licking they would walk away.

"Nice dogs. I'll let you lick me. But please don't hurt me," she said to the dogs as a good **whore** would.

"Please don't bite me," she said to the harlequin dog and gently pulled her hand free from the dog's jaws.

Slowly Uma lowered herself and sat on the ground with her thighs spread and her pussy, tits, and whole body available for the dogs to lick. Sitting on the ground she looked even smaller. Like a toy for the dogs.

"Please lick me and go away," she pleaded the huge dogs.

The w tongues licking her pussy, tits, and face were long and strong, wet, and raspy. She had never felt anything like this. She wanted the dogs to lick her to *orgasm* and then they had to go away, disappear from her life forever.

"Please lick me. Lick my pussy. Lick my face. Lick my tits. Please make me cum ..."

But the dogs *smelled* a **bitch in heat**. Their **cocks** were swelling and they were getting ready to **breed**.

"Unnnnnnggggh! I'm cumming! I'm cumming!!" Uma said trying to keep her voice low so that her neighbors wouldn't hear.

The tongue in her pussy penetrated deeper and the dog's teeth <nipped> her clitoris making her **cum** again. She felt both happy and humiliated. 3 huge dogs had ripped off her bikini, forced her against the fence, and licked her to **orgasm**.

"Nice dogs. Now you've got what you wanted. Please go away," she said trying to be as friendly as she could.

The dogs stopped licking and walked around her studying her. Uma saw that their **cocks** had protruded from the sheath and the tips of them were wet. She knew that these dogs were ready to **breed** and she was the only **bitch** available. **Plus she was in heat!**

Slowly Uma got on her hands-and-knees and was about to get up and run away when she saw paws like tree trunks on her both sides.

Uma crawled forward and the dog followed her. She tried to get up and run. But the paws wrapped tightly around her waist and pulled her back. She felt the dog's wet **cock** poking at her crotch and tried to lower her hip. But the dog was much stronger than she was.

He growled at her ... pulled her hip back and up ... and with a few jabbing movements sank his **cock** an inch or two into her pussy. Feeling her pussy lips around his **cock**, the dog *slammed it* to the hilt into her pussy!

Uma's jaw dropped and her eyes opened wide as she felt the **cock** sink deep into her vagina. The dog was *growling* at her ear telling his **bitch** to stay still and take the **breeding**.

Uma *moaned* slightly as the dog pulled his **cock** almost out of her pussy. But her relief was premature.

The **cock** was **slammed** back into her pussy again and again! Her knees were lifted off the ground by the *furios* breeding. The dog's hip banged against her butt as he started impregnating his helpless **bitch**. His **penis** -- bigger at every thrust -- sprayed **cum** into Uma's pussy making it wet and better able to take the **cock** that was now more than 10 inches and swelling.

The dog **fucked** her fiercely! Sometimes he lowered his hip and pushed up lifting Uma's hip high in the air. Sometimes he raised his hip was up and plunged down into her vagina. His **cock** was huge and shifting the angle made Uma feel like all her insides was pushed up-and-down.

Doggy sperm was dripping from her pussy. Tears were running down her cheeks and she grit her teeth trying not to scream from *pain*. The dog showed no compassion towards her. He was going to plant his *seed* as deep into her as he could and nothing would stop him.

The **cock** inside Uma kept swelling until the **knot** was bigger than an orange and *locked* inside her. Uma's vagina and pussy were being stretched to the limit. Her pussy was wide open and one could see a huge glistening *knot* firmly locked inside. The **cock** kept shooting **huge loads** of *doggy sperm* into her womb. But only a few drops of were dripping from her tightly sealed pussy.

After about 20 minutes the dog had pumped all his *sperm* into his human **bitch**. He was standing *panting*. Uma's pussy was high in the air suspended by the huge doggy **cock**. Her vagina was full of doggy **cock** and *semen* flowing through her cervix to her uterus.

The dog was *panting* above the exhausted woman. Both of them were waiting for the **breeding** to end. Otherwise it was almost totally quiet. One could actually hear the sound of *doggy sperm* dripping from the knotted pussy.

Uma felt the the pressure in her vagina ease a little. Soon the dog tried to pull his **cock** out of her pussy. But the **knot** was still way too large to be pulled out.

Suddenly she screamed.

"No, no! Don't move! *Aaaaarrrgh...!!!*"

The dog had lifted his left hind paw and turned around. The huge **cock** rotated inside Uma's vagina. Uma felt like her entire vagina was being ripped off.

But the swelling in the **cock** had eased slightly and the soaking wet pussy allowed the huge **tool** to rotate. The dog and the woman were now butt-to-butt with Uma's hip high up in the air suspended by the huge **cock**. The dog took a few steps dragging the helpless woman by her pussy.

"Don't walk! Stay still! Stay!!"Uma tried to command the dog

But he walked across the vegetable garden dragging the helpless woman on the dirt behind him.

Soon the **knot** plopped out of her pussy and the dirt-covered woman fell on the grass. *Doggy sperm* was gushing from her pussy. The dog walked back and sat down to clean his *sperm*-covered cock.

The other dogs nudged her with their snouts and licked her *cum*-filled pussy. Uma lay still with her face on the ground crying as the dogs licked the *sperm* dripping from her abused pussy.

Then she heard growling and felt the dogs <nipping> her butt and thighs. She raised her head and faced the harlequin dog *sarling* at her. The sobbing woman knew what the dogs wanted. She had to

raise her hip up and let the second dog take her. She looked at the *snarling* dog in front of her and felt the teeth <nipping> her pussy. She had no escape.

"No, no, no! Please don't do this to me!" she sobbed as she raised her hip up for the huge black dog waiting behind her.

Uma grabbed some grass in her fists and pushed her head against the ground as she felt the forepaws of the black Dane landing on her both sides. The dog stood above her *growling* telling her that he was the Master and she was his **bitch**.

She felt the slimy doggy **cock** touching her butt and back. She closed her eyes even tighter, squeezing more tears from her wet eyes and knowing it was only a matter of seconds before the second huge beast would be impale her pussy.

The dog lowered his hip until he felt Uma's wet pussy touching his **penis**. He wrapped his forepaws around her waist, pulled her hip back and up, and sank his **cock** into her pussy. Uma *shrieked* as almost 10 inches of doggy **cock** sank into her. She took a tighter hold of the grass as the dog pulled his **cock** out and **slammed** it into her again and continued pumping her pussy.

The **cock** was growing in size inside her and injecting *doggy semen* into her vagina. The crying woman could only wait for the end of her misery. The **cock** was swelling until it *locked* inside her. Uma cried desperately as the second dog had **knotted** her and kept filling her with his *seed*.

Uma felt her vagina being stretched around the huge **cock**. For about 15 minutes she sobbed waiting.

Suddenly she felt her insides being turned around as the dog stepped over her and turned ass-to-ass with her. She raised her head and tried to speak calmly to the dog, not wanting to be dragged around again by her pussy.

The harlequin dog was too horny to wait until Uma's pussy was available for him. He was standing above Uma sniffing her **cock**-filled pussy and humping her head with his **cock**.

Uma turned her head in every direction trying to escape the **cock** seeking her mouth. The dog was getting impatient. He *growled* and <nipped> her butt.

The black dog was now getting restless. He tried to pull his **cock** out of Uma's pussy. But the **knot** was still firmly *locked* inside her.

The harlequin dog bit her butt even more *painfully* making the black dog move even more restlessly. Uma was getting scared. She might get badly bitten and her pussy severely ripped unless the harlequin dog got what he wanted.

Like a good **whore** she raised her head, closed her eyes, and opened her mouth wide open for the doggy **cock**.

There was nothing gentle as the dog found her mouth. He pushed his **cock** all the way into her mouth. Uma almost puked as the **cock** hit her throat. But her *terrified* eyes and mouth flew wide open as the dog forced several inches of his **cock** down her throat.

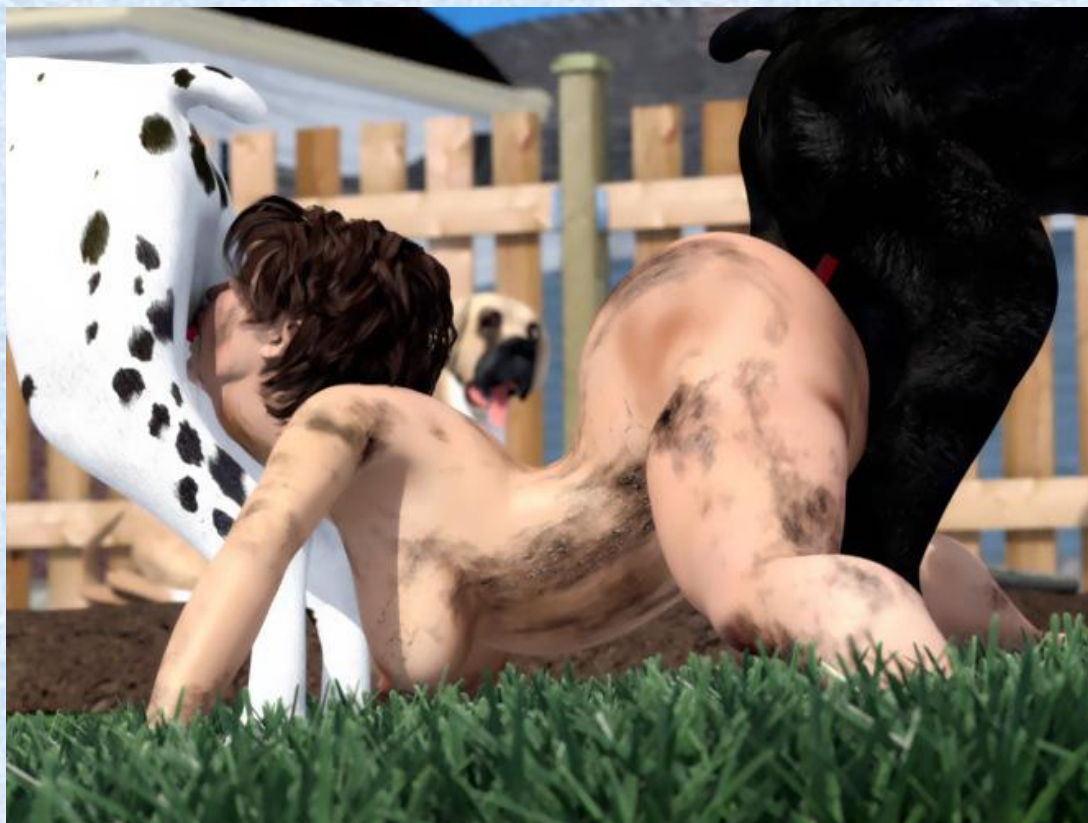

She tried to scream. But it was impossible as the dog pushed all **12 inches** of his **cock** down her throat.

Uma tried to push her head away from the dog. But it was useless. The dog **fucked** her throat with quick and powerful thrusts. The base of his **cock** was swelling and Uma tried to open her mouth even wider to protect her lips.

Suddenly the **knot locked** behind her teeth. The swelling **knot** in her mouth forced her jaw painfully open as the dog shot huge amounts of *doggy ejaculate* into her stomach.

After a few minutes the **knot** in Uma's mouth was getting slightly smaller and the dog decided to turn around. Uma closed her eyes and opened her mouth as wide as she could. She felt the huge **cock** rotating in her mouth and throat. Soon she was facing the dog's ass.

Uma was being penetrated and suspended at both ends by 2 huge doggy **cocks**. She tried to ease the pain by supporting her body with her hands and legs. But it wasn't easy. The **knot** in her pussy and the dog's hind paws forced her legs wide open and she was too tired to support her weight. She could only wait in her helpless state.

Her mouth and pussy were getting sore as she was hanging helpless between the 2 huge dogs. She felt like the huge hard **cocks** inside her almost touch each other and her belly was swelling from the doggy sperm.

She knew that wasn't the case. But the huge **cocks** filled both her body and her thoughts. She felt every shot of **sperm** inside her. She felt even the slightest movements of the dogs. She felt the swaying of her breasts at her ever breath. Tears started to flow down her cheeks when she thought how many times she had been **raped by dogs**.

Then she felt her pussy being painfully stretched as the black dog pulled his **cock** out of her pussy. Her pussy was sliding along the huge wet **pole** as her hip fell down on the ground. The other dog sensed that something had happened and took a few steps.

Uma tried to stop him. But suspended by the **cock** in her mouth, she was being dragged on the ground. The **doggy semen** gushing from her pussy drew a long line on the ground as the dog dragged the small helpless woman.

Uma opened her mouth as wide as she could and soon the **knot** was able to slip out and the **cock** slid from her throat. She *puke*d and coughed as the dogs licked the *sperm* dripping from her pussy and mouth.

For 20 minutes Uma sobbed on the ground before she was able walk inside. She took a shower and lay down on her bed. She would never tell George that the dogs of his neighbors were using his wife as their **bitch** and she was helpless to stop them.

Nobody should ever know.

Uma - the **Bitch** for Dogs

by Canis3

Next morning, Uma didn't know what to do. She was too scared to go out.

Her neighbors' dogs would soon smell her and come and *rape* her. How could she go shopping? The dogs might attack her and *rape* her in front of all people. Even their masters couldn't stop them.

The dogs would grab her neck and she would be in real danger if someone tried to get the dogs off her. Her friends and neighbors would only be able to watch as she was being *raped* by their dogs. Jake and his friends would even be happy to let their dogs loose on her. She could imagine how her friends would change.

"Uma, my dog is in heat and needs a **bitch**. You know how difficult he is when he is in heat. Would you please let him **breed** you?" they would ask.

"Please don't ask me to do that," she would answer.

"Don't you like my dog? Is he worse than other dogs you have fucked with?"

"Well, he is not looking for a romance but just a **bitch**," her friends would say and then let their dogs loose on her.

Maybe they would feel guilty as they watched their dogs *rape* her. But somehow they would think that she deserved it.

What could she do? She could only think of one option.

She had to release Brutus, Rolf, and Max. They would protect her from other dogs. They would use her as their **bitch**. But at least they liked her. They would not hurt her if she didn't fight them. They wouldn't give her any diseases. She would wash them and feed them and in most cases they would obey her.

Uma drank her coffee thinking about the options she had. A teardrop fell into the cup when she finally made her decision. Her husband's dogs would protect her. But the price would be high. Maybe she could allow the dogs to **fuck** her only once-a-week when George was not at home.

Uma put on a short brown dress that she didn't like too much and no panties. She knew that the dogs would destroy her panties anyway and they could also ruin her dress. She closed her eyes. This was the toughest decision in her life. She was scared. But she wouldn't show it.

"Come out, boys," Uma said as she opened the cages.

Brutus, Rolf and Max jumped out of their cages **barking** and wagging their tails happily. They sniffed the fence, the big oak, and the corners of the house marking their territory. They ran around Uma **barking** happily.

Max stopped in front of her. The huge dog had no problem licking her face. Uma patted his head and scratched behind his ear.

Suddenly Uma screamed! 3 Great Danes walked from behind the corner. The same dogs that had **raped** her yesterday.

Brutus turned around facing the dogs, **snarling**. Rolf and Max walked slowly toward the dogs. After about 2 seconds of vicious **snarling**, Brutus, Rolf and Max were facing the 3 Danes ready to attack them at any moment.

Uma felt relief when she saw the Danes give up ... take a few steps back ... and quickly run away.

"Good boys. Come here," she said to the dogs who had saved her from the 3 canine rapists.

The dogs wagged their tails, jumped on her, and licked her as she patted them. Uma was happy. She had done the right thing letting Brutus, Rolf, and Max protect her.

After one or two minutes, Uma felt Brutus touching her pussy and giving a deep *growl*.

"What's the matter, Brutus?" she asked.

The dog had smelled an unknown *odor* in her pussy. She had been bred by **other dogs!** Brutus walked around her *growling*. Rolf and Max also gave her pussy a few licks and tasted the seed of other dogs.

Soon Uma stood stiff as 3 *growling* and ***snarling*** dogs circled her.

"Take it easy, boys," she said trying to sound calm.

She leaned on the oak behind her when Max grabbed the right collar of her dress in his jaws and pulled it off her right breast. At the same time Rolf pulled the hem of her dress to the left and Brutus growled in front of her. Uma was scared. She couldn't control the dogs. They controlled her.

Brutus took a few steps forward ... looked at her eyes **growling** ... grabbed the front of her dress in his jaws and pulled. Uma leaned against the tree as 3 strong jaws ripped her dress off her tearing it into shreds.

Brutus growled at her, his fearsome fangs within a few inches from her face. Even the biggest dogs in the neighborhood stepped aside when they faced Brutus' fangs.

Uma looked at him in **horror**. She had anticipated that the dogs would **breed** her. But she hadn't expected how aggressive they would be.

"Easy, boys. Easy. I don't fight you. I know the price I have to pay," she said trying to calm down the ferocious animals around her.

Max started to lick her face. She twisted her head pushing it against his tongue. Then she felt Rolf's tongue at her pussy and pushed her pussy against his snout. She could do nothing but offer her small voluptuous body, her hairy pussy, and her big soft breasts to the dogs.

"See? I'm not fighting," she said to Brutus who was still snarling at her. "Please, Brutus. Don't hurt me."

Brutus looked at her *growling*. Then he licked her face and looked at her again, *growling*.

When Uma stayed still, Brutus lowered her head and licked her left breast lifting the big soft tit up and letting it bounce down. He continued licking the breast at all sides until it was glistening wet.

Uma stood still as the huge dogs licked her face, her breasts, her pussy, and her entire body. Their **cocks** were protruding from their sheaths as they pushed their tongues into her pussy and played with her clit and tits.

Uma closed her eyes. She was totally helpless in front of the huge dogs. Being licked by animals like this was disgusting and humiliating. But still she felt her pussy getting wet and the tongues penetrated even deeper into her pussy.

Her body was betraying her. She was now ready for **breeding**. She knew it and she knew the dogs knew it. She only hoped that none of her neighbors would see her humiliation.

"Brutus, Max, Rolf, let's go inside. I don't want my neighbors watching this," she said to the dogs, pushing them gently away and taking a few steps towards to house.

Max was following on her right side and Rolf on her left side. But she didn't see Brutus.

Suddenly she felt his heavy chest on her back, his forepaws around her waist, and his jaws on her neck.

She was about to fall on her hands-and-knees. But the dog's forepaws pulled her back. His jaws sank deeper into her neck and pulled her upper body back.

Brutus held the small woman in his tight grip dancing on his hindpaws, humping her and pulling her tightly against his body. The dog's huge **cock** was sticking between Uma's feet sliding back-and--forth pushing harshly against her pussy as the dog humped her wildly.

Uma tried to run away. But the humping dog was too strong. Her big soft breasts flopped wildly as the dog kept **slamming** his hip against hers trying to sink his canine **cock** into her human pussy.

"Brutus, get off me! Don't hurt me!" she commanded the dog with a low voice so that her neighbors wouldn't hear her.

She knew that it was only a matter of seconds before the dog's **penis** found her wet hole.

Before she could finish that thought, she felt one inch of doggy **cock** penetrate her and quickly slip out. Now that it had found her hole, its thrusts became **stronger** and better aimed.

His **cock** hit her pussy lips repeatedly and the **pain** was becoming intolerable. Uma sighed both in relief and humiliation when more than 3 inches of doggy **cock** sank into her pussy.

Brutus danced and jumped behind her and pulled her back and down as he sank his **cock** inch-by-inch deeper into her until he lost balance so that they both fell on the ground. Uma was on her hands-and-knees and Brutus was standing above her with his forepaws on her both sides. He had released her neck and his **cock** had slipped out.

Quickly Uma tried to run away. But Brutus growled, jumped at her and grabbed her neck again in his jaws. He was now standing above her with her neck firmly in his jaws, pulling her chest up from the ground. Her big soft breasts heaved heavily as she lay there waiting. Rolf was standing in front of her licking her face and almost dropping her glasses.

"Brutus, let me go," Uma said to the dog holding her neck and tried to grab his upper jaw with her right hand.

When Brutus felt her hand on her muzzle, he *growled* and tightened his grip on her neck. Uma wailed as she felt his fangs sink into her neck.

Suddenly she *screamed* as Rolf grabbed her left breast in his jaws shaking it violently. He would help Brutus to subdue the **bitch**. She was going to be **bred by the pack** and she'd better stop resisting!

Uma was terrified! She was a small woman unable to defend herself against these huge beasts that held her in their teeth. However, she knew that the dogs didn't try to hurt her. They were just giving her a rough lesson. They let her know that they were her Masters and they wouldn't tolerate any resistance, especially when they wanted to **fuck** her.

Uma was now learning her lesson. She stopped fighting and relaxed.

"Please don't hurt me. I won't fight anymore," the sobbing woman said.

Slowly Uma felt the pressure ease on her neck and breast. Rolf was still holding her breast in his jaws. But he was no more violent. He was playing with her breast like it was a ball. He squeezed it in his jaws and released it. Gave it a few licks and grabbed it gently again, pulling and shaking the soft breast until he again released and licked it. Maybe he just liked to play with it or maybe he wanted to test that Uma didn't fight back. She didn't fight but closed her eyes moaning and enjoying the treatment Rolf was giving to her breast. It was rough and gentle at the same time.

"Bite my right tit too, Rolf," she said softly when Rolf stopped. But the dog walked away.

Brutus wrapped his forepaws tightly around her wais and pulled her hip up. In a few seconds his **cock** found her wet pussy and sank all the way in. He held her neck in his jaws as he viciously **pounded** her pussy. Uma grit her teeth as she felt the *pain* in her neck and pussy.

Rolf and Max *sarled* at her as she endured the fierce **breeding** Brutus was giving her. The pumping doggy **cock** in her vagina was swelling and her big soft breasts flopped uncontrollably. *Doggy sperm* was dripping from her pussy as Brutus kept **slamming** his cock into her vagina.

Brutus wrapped his forepaws around her waist, pulled her hip back, and sank his huge **penis** into her wet pussy. Uma screamed! She had known that the dogs would fuck her. But she wanted to control the time and the place. She didn't want to be violently **raped** whenever the dogs wanted.

The squishy sounds of the doggy **cock** violating her pussy were mixed with deep **growls** just behind her ears. Tears were running down her face as Brutus held her body in a tight grip and **fucked** her like crazy. She knew that the dog would fill her with his **seed** and she could do nothing to stop him.

Uma **grunted** as the dog pounded her pussy with terrible **force**. She tried to crawl to the door. But Brutus pulled her neck back **snarling**. His **cock** swelled with each thrust and sank deeper into the wailing woman's wet vagina.

When Uma surrendered to the dog, Brutus released her neck ... adjusted his hip ... pulled Uma's hip back and began fiercely **slamming** his huge **cock** into her vagina. Uma lowered her head to the ground. She couldn't see or hear Max and Rolf **snarling** at her. All she knew was the tight grip around her waist and the huge canine **cock** pumping her stretched vagina.

She felt **doggy semen** dripping from her pussy, her pussy pulled back again, and the huge **cock** slamming to the hilt into her vagina. The dog's balls hit her clitoris and her big tits swung back-and-forth as the dog pumped her full of his **sperm**.

The **sperm** had lubricated her vagina so that Uma was no longer feeling pain. Soon she felt an **orgasm** building inside her. She grit her teeth as the huge **knot** spread her pussy but relaxed as the **cock** locked inside her. Warm shots of **ejaculate** filled her vagina. But the **knot** sealed her pussy so that the canine **seed** was forced to find its way into her uterus.

Uma felt the huge **cock** throbbing inside her. She felt a new load of *sperm* moving up the **cock** just before it was shot into her vagina. She bit her lower lip and pushed her hip back sucking the huge **cock** even deeper into her vagina as a powerful *orgasm* shook her body. She closed her eyes in humiliation.

Tears were running from her eyes. But soon another *orgasm* filled her body and mind. The huge doggy **cock** filled all her senses and had a total control of her body.

Brutus was now standing above her *panting*. He pulled his hip back. But his **cock** was tightly locked in Uma's pussy. She moaned as her extremely sensitive pussy felt even the slightest movements of the doggy **cock** inside her.

After a few minutes she was able to see and hear the world around her. Rolf and Max were still *snarling* at her. Uma saw their **cocks** and knew that the dogs were just waiting for their turn to use her as their **bitch** and there was nothing she could do to stop them.

She hoped that Brutus would stay locked inside her so long that Rolf and Max would lose their interest on her. But soon she felt her pussy stretching painfully as Brutus pulled his hip back and his **cock** popped out of her pussy as *doggy sperm* gushed down her thighs.

A doggy tongue gave her pussy a few licks just before 2 paws wrapped around her waist and another huge **cock** sank deep into her vagina.

***** Miriam in a Hotel *****

by Canis3

Miriam spends a weekend in a hotel with her dog King. In the evening she opens her laptop and starts a connection with her husband. Her husband can now see her and hear her. Unfortunately, she is not able to hear his voice. Because she cannot talk with him, she decides to tease her with unfortunate consequences.

The series records Miriam's words and screenshots from their connection.

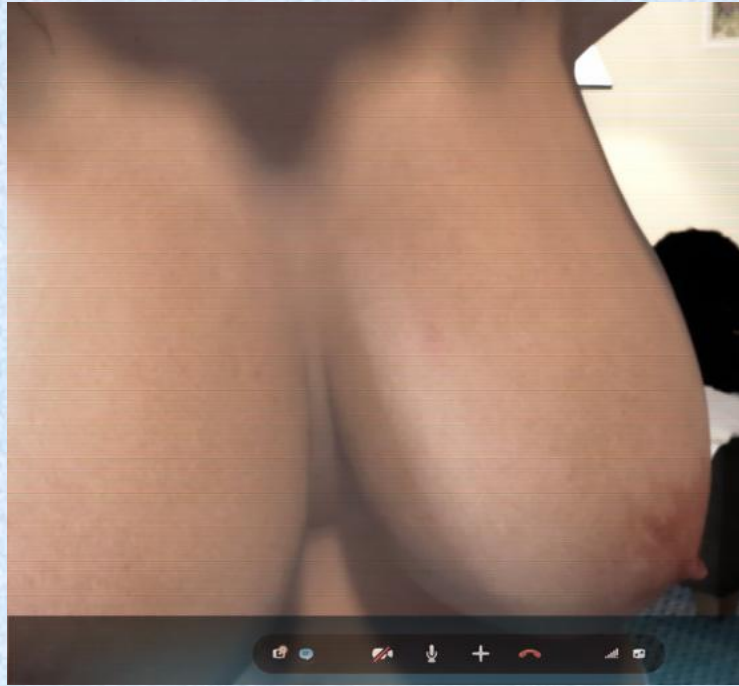

"Hi, honey. I miss you so much. I know you miss me. I don't like to spend the whole weekend in a hotel alone. Only King I with me. I'd like to be with you and I'll show you what I'd like to do with you. I'll tease you so that this night you will dream about me like you never have before."

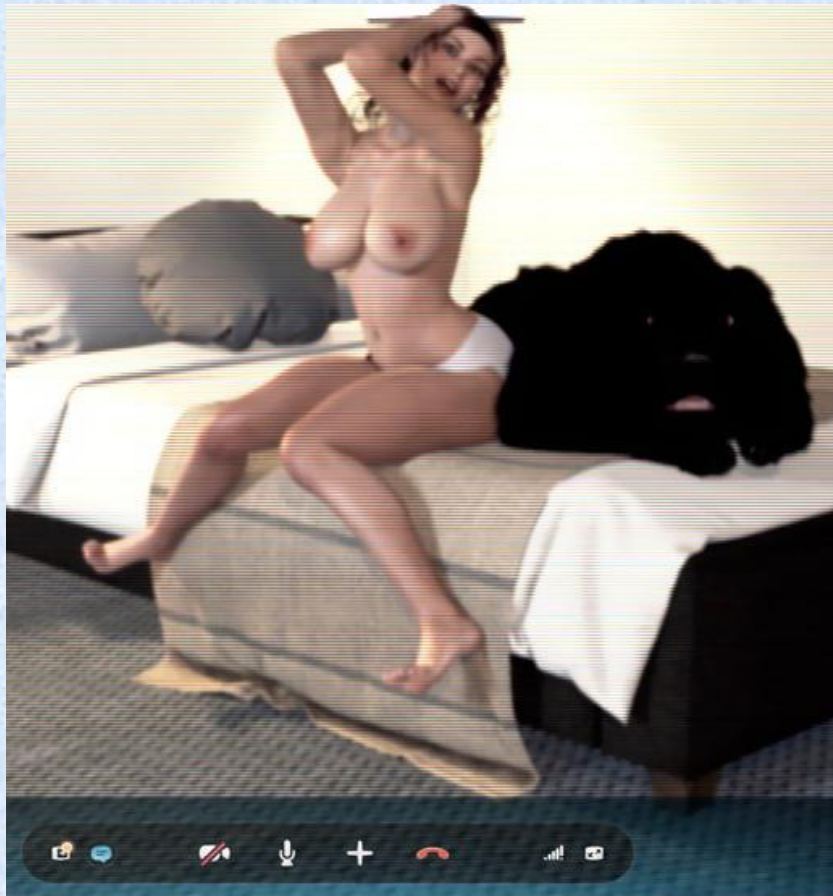

"Honey, I know you'd like to squeeze my big soft tits like this."

"I'll turn the camera so that you'll see my bed better. Do you like what you see now?"

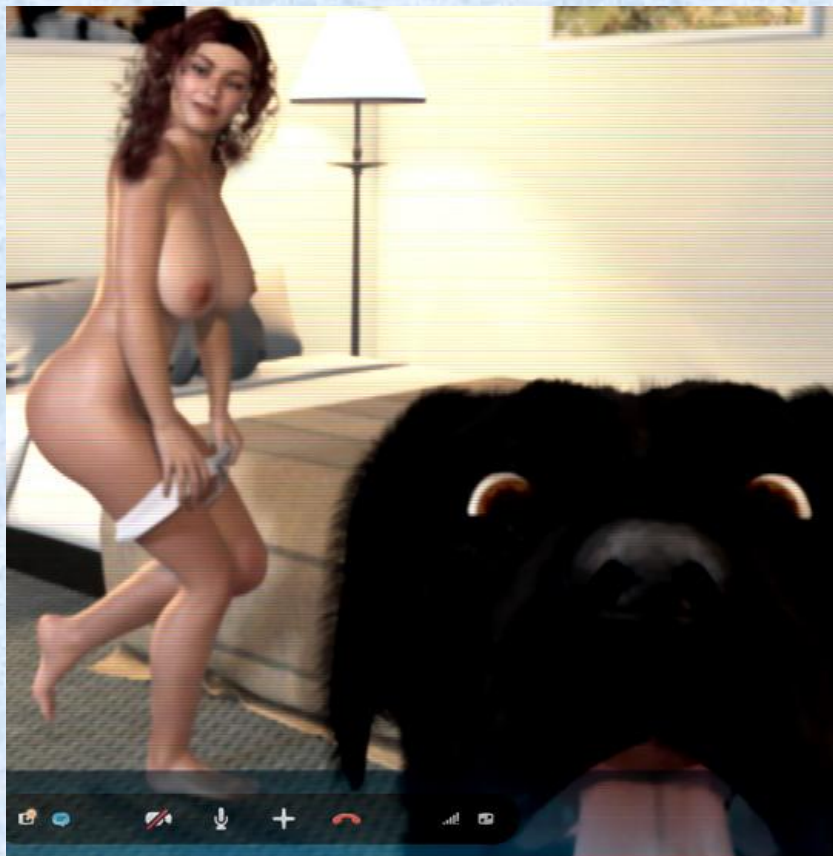

"See? I'm on my bed now. I dream of your big hands caressing my body."

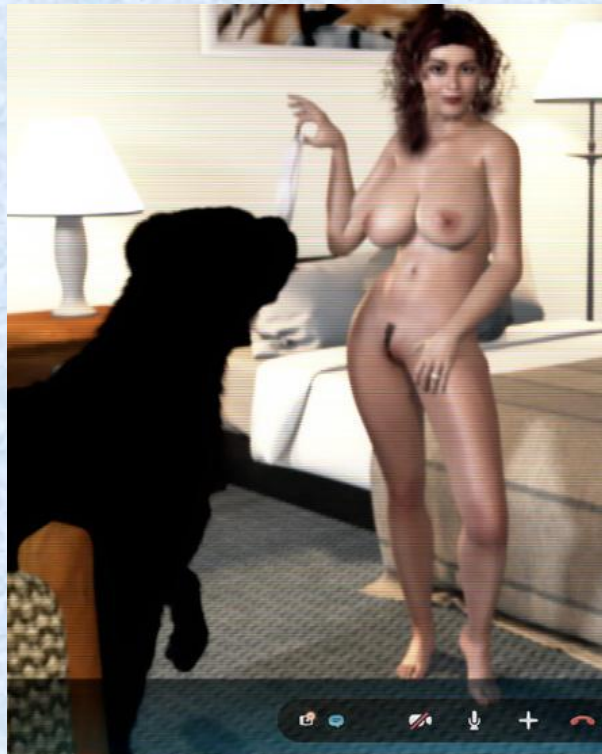

"Oooohhh ... My panties are getting wet."

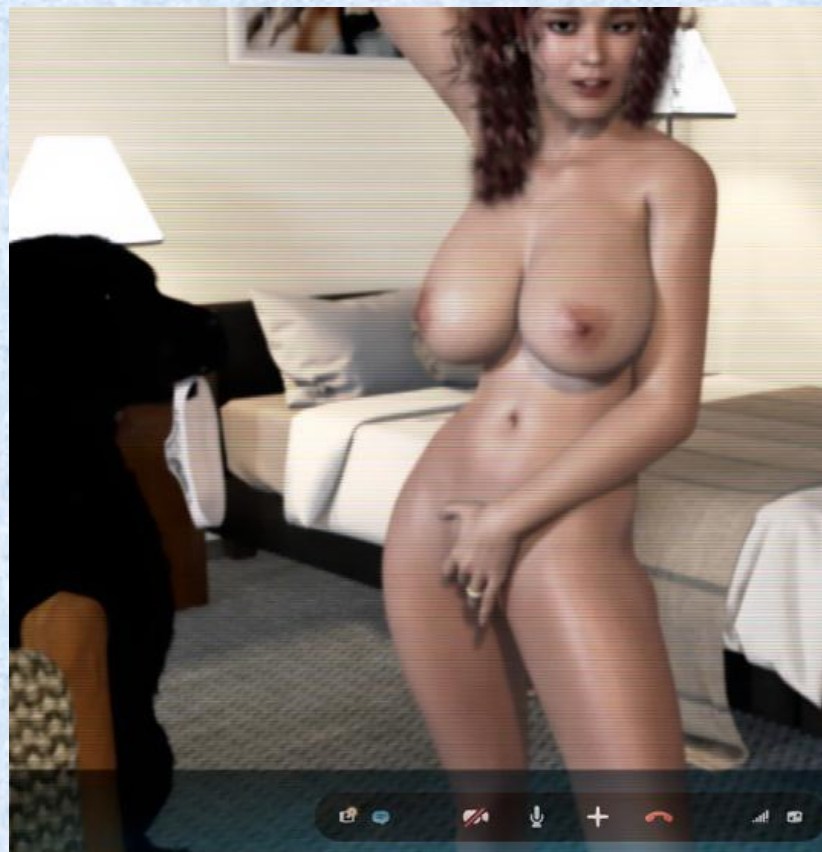

"I know you'd like to take these off me."

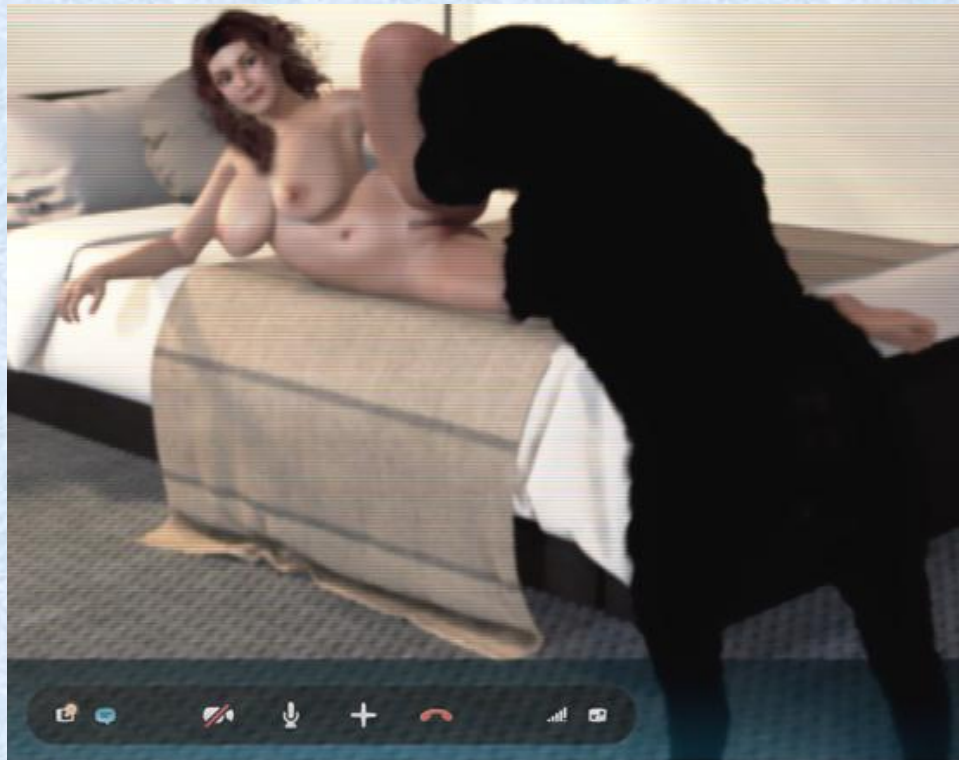

"I don't need these any more. See if someone else is interested on them."

"No panties, you see? Would you like to feel my soft body and my wet pussy?"

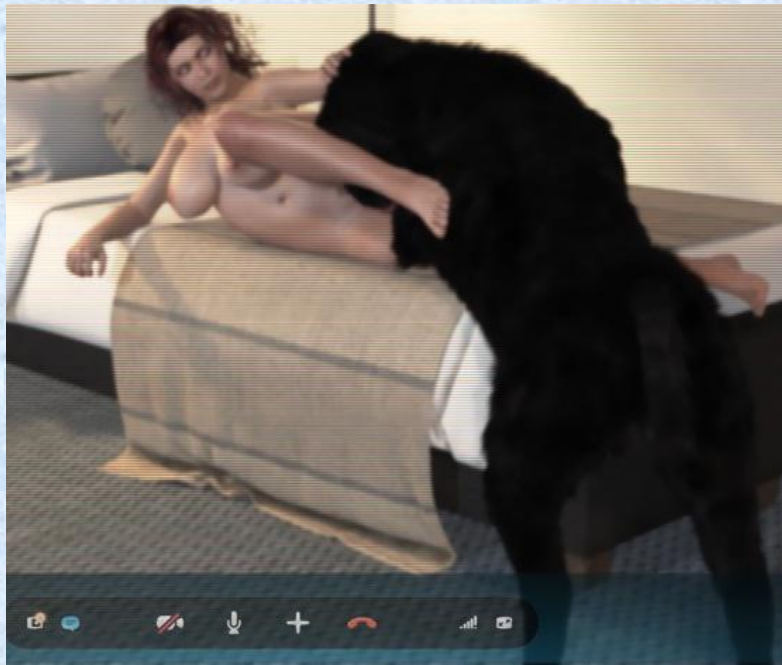

"This pussy is waiting for you on the bed. Even King *smells* how wet I am."

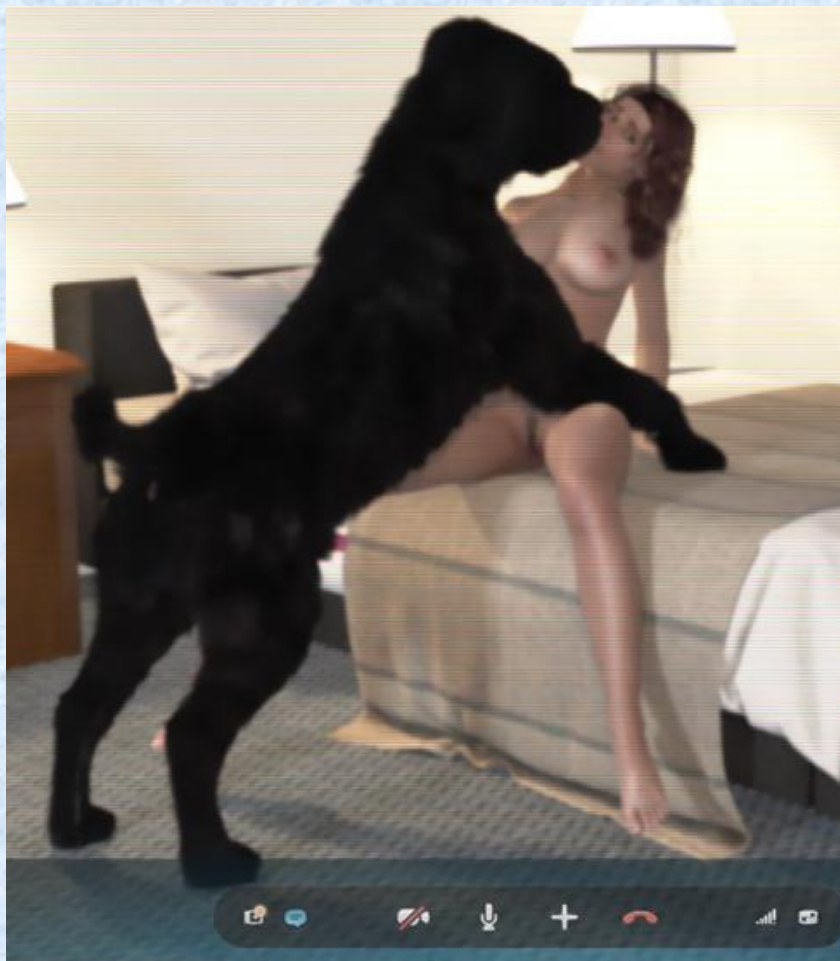

"King! What are you doing, boy? Haven't you smelled a female pussy before?"

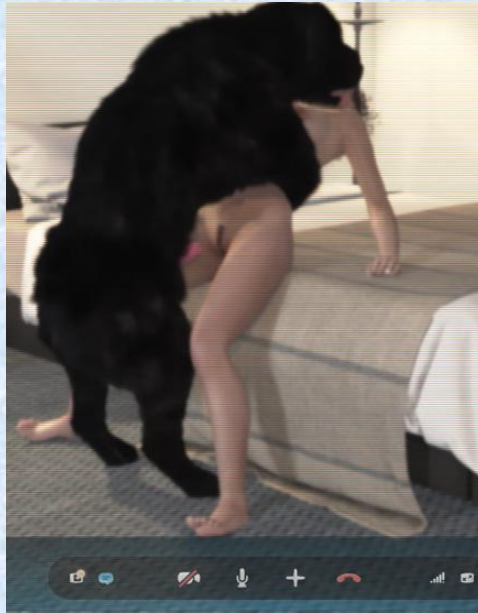

"Get off my pussy, stupid dog! That is not for you!"

"Okay, okay. Apology accepted."

"Okay, King. So you like me. But don't hug me so tight and stop pulling me off the bed. You are hurting my back."

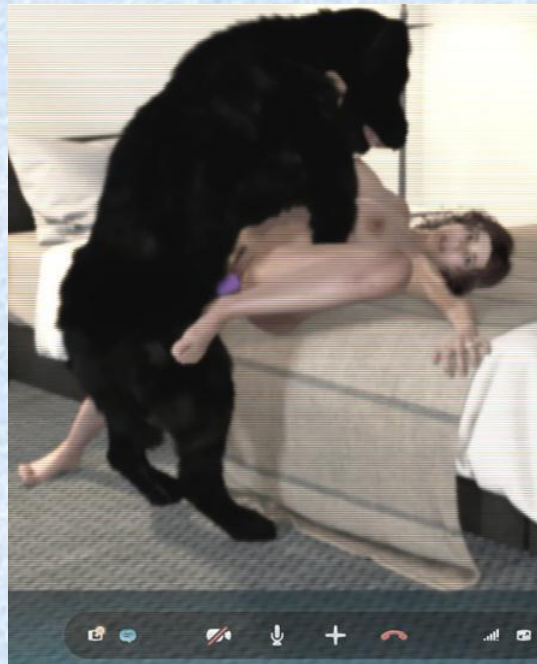

"King, stop! Don't pull me! ... What is that? You damn dog! Are you trying to **fuck** me? Stop it! Get off me! ...

"Oh, no! Honey, I feel his **cock** in my pussy. ... Help me! He's inside me. ... I try to get away but he's too strong. Honey, your dog is trying to **rape** me! ...

"Honey, I don't want this. I have to get away... He's too strong and he's going deeper. ... Honey, **help meeee!** ...

"Noooo, I can't help it! Your damn dog is **RAPING** me!!!"

"Uhhh! King, stop! ... Uhhh! ... Youuu...aaaare... toooo... **BIIIGG!** ...

"Uhhh! Not so fast! ... Uhhh! You...uhhhh... hurt meeee! ...

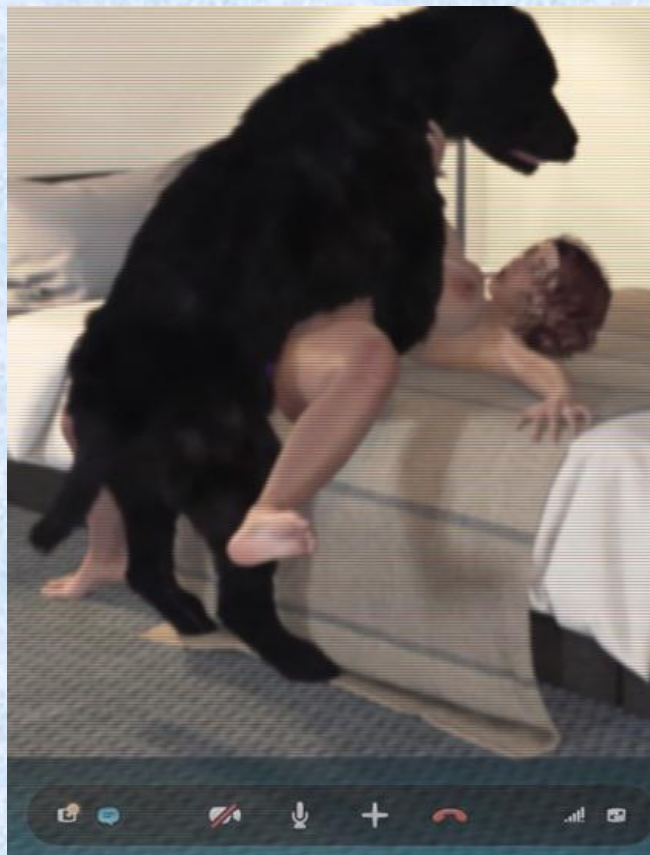

"Uhhh! Honey... for-uhhh-give... uhhh... me! ...

"He's... uhhhh... *cumming*... uhhh uhhh aaaaargh inside me. ...

"Uhhhh! King! Damn you! ... Uhhh! ... Keep your **knot**... aaaaargh... out of my pussy! ...

"Uhhh! Nooooo, **it hurts!** ...

"Uhhhh! Noooo! Noooo! Noooo! Not the **knot!!!**"

"Aaaaaargh! His **knot** is in! He's *locked* inside me! ...

"Honey, King has locked his **cock** into my vagina. ...

"Uhhh! **It hurts!** ...

"Uhhhh! Honey, I have to spread my legs to him. ...

"Uhhh! I have to open my pussy to that *raping* dog. ...

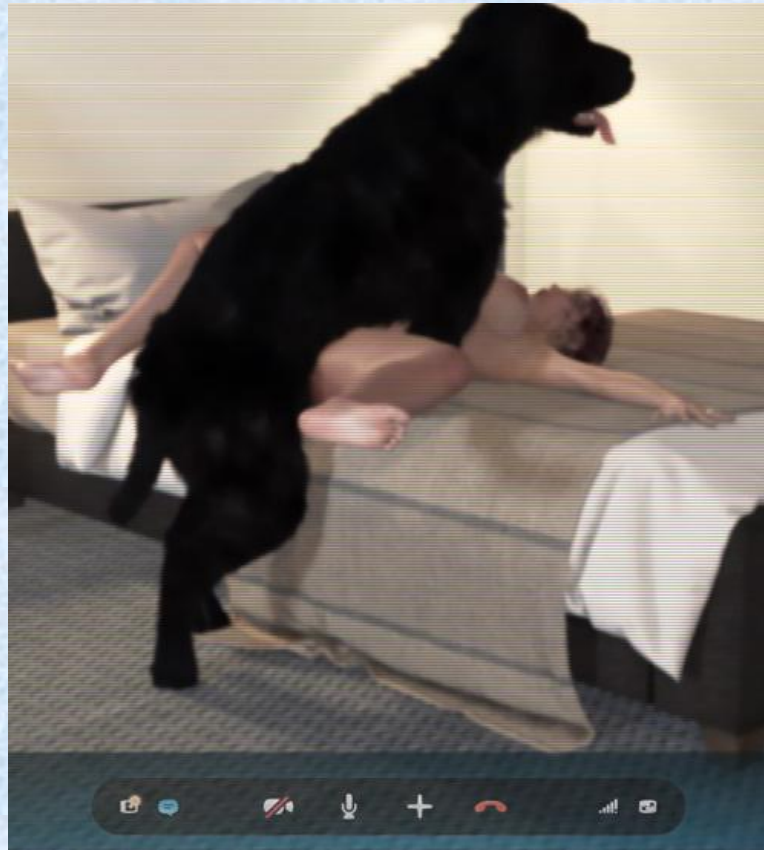

"Uhhh! He's spurting his *sperm* into my womb. ...

"Uhhh! He's using me. ...

"Uhhh! He's filling me up with his *doggy sperm*. ...

"Uhhh! Uhhhh! Uhhh! ...

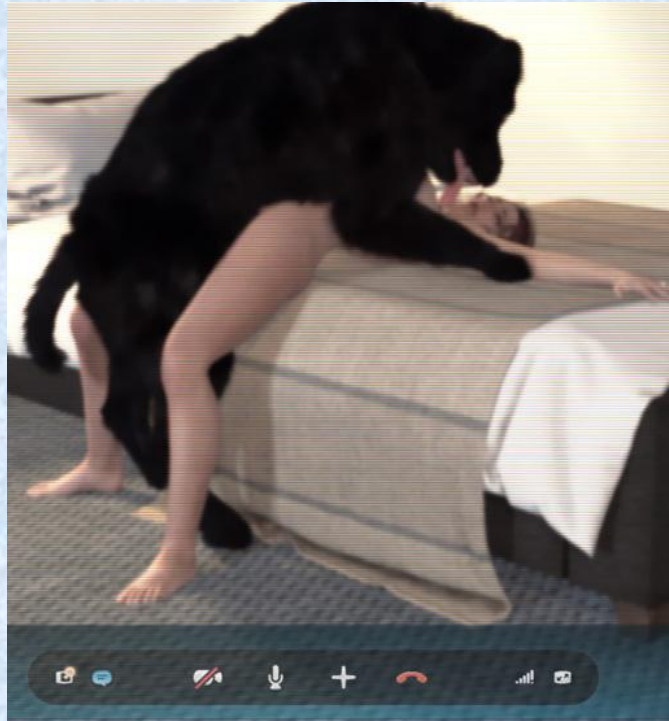

"Honey, I'm *cumming*! I can't help it. That damn dog is making me *orgasm*. **I'm cummiiiiingg!!**"

"Honey, don't look at me. King is **breeding** me like I was his **bitch**. He has pinned me on the bed. I'm all stretched around and suspended by his huge cock that keeps shooting his *sperm* into me.

"Honey, I'm so sorry. I can just lie here and let that damn dog **breed** me. I'm so tired. This is so humiliating ...

"Honey this was not my fault. Will you still love me?"

"King, don't move. It hurts. ...

"Easy boy. Easy ...

"No. Don't ... No! No!

"**Noooooo!!!** ... Pull it out carefully. ...

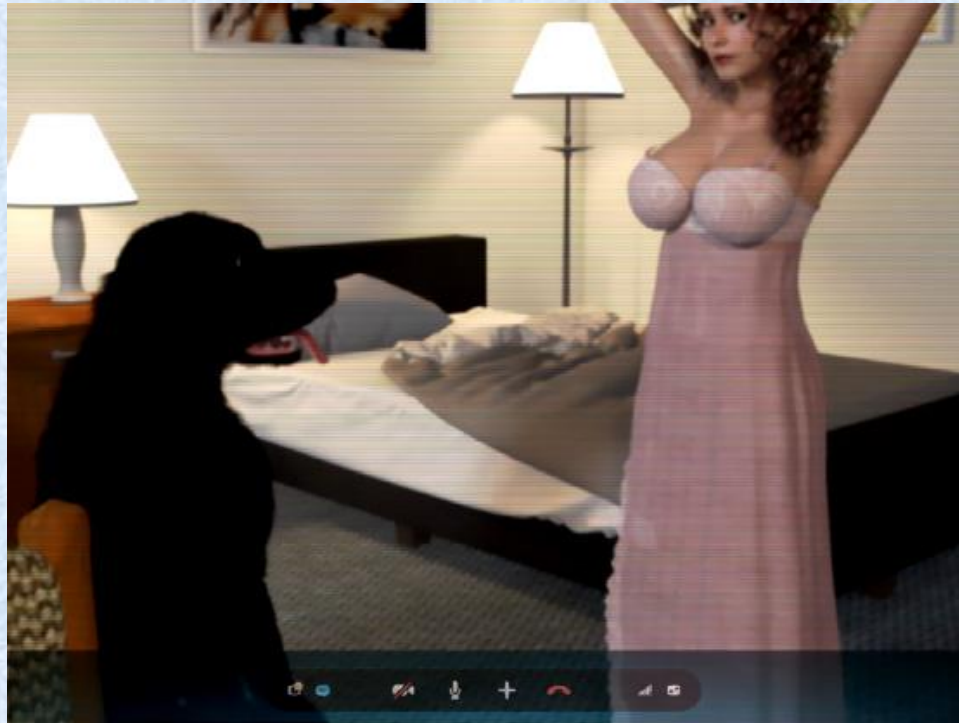

"Finally! I'm so tired... Honey, please don't look."

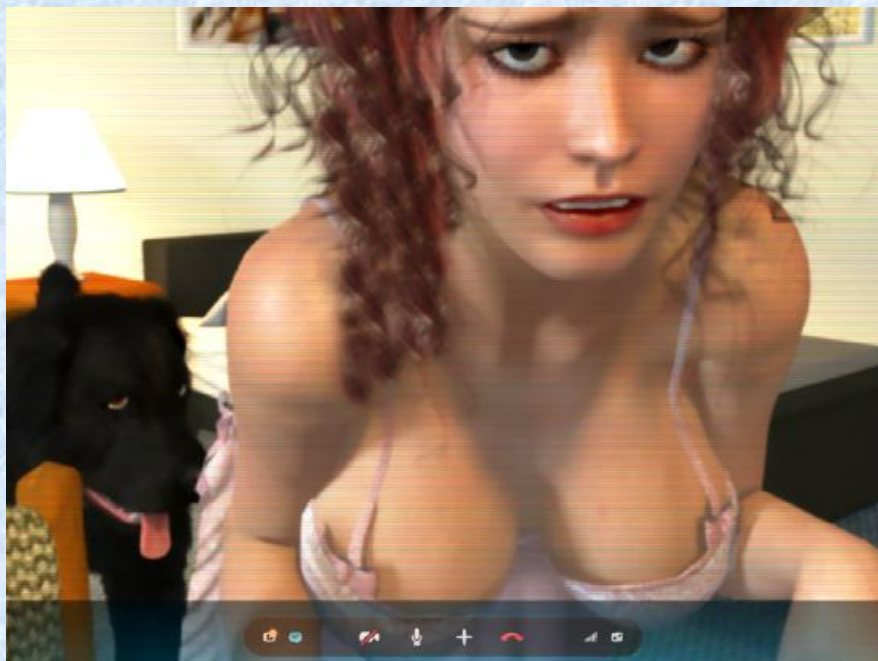

<https://www.beastforum.com/showtopic-122030-1905.html>

The next morning ...

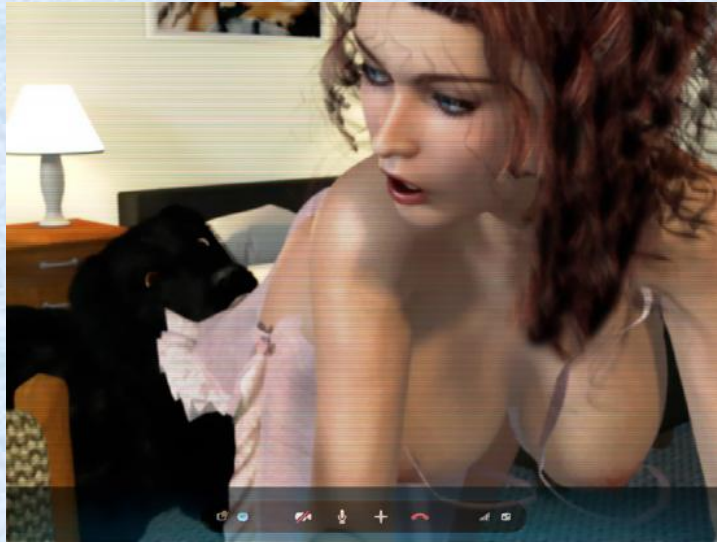

"Good morning, Honey. I had a shower and I'm trying to look like a human again. I did wrong last night playing with my pussy in front of King. But now everything is okay."

"Please don't tell anybody what happened last night."

"Stop it, King! The dog is ripping my nightgown that you bought me last summer. ... King, stop it!"

"King, get down! ... Honey, he grabbed me again! He's too strong and heavy! I can't get away from him..."

"No! Not again! Get off me, King! ...

"No, No, No! ... He's inside me again. ...

"Uhhhh! Uhhhh! Honey, that damn dog is **fucking** me again!!! He is **huge!**

"He's **cumming** inside me! ...

"No! Not the **knot!** King! Not the **knot**, please! ... Nooo! Noooooo! ...

"H-he's **k-knotted** m-meee! H-he's fi-filling me with his **do-doggy sperm...**

"Ho-honey, I can't help it! H-he's making me-eee **c-cum** ...!!!"

"He's *fucking* me like crazy! My pussy is sore. My tits hurt. He's huge! His **knot** is swelling in my pussy. He's cumming soooo **deep** inside meeee!

"He's filling me! He is **breeding** me! He's using me as his bitch! Honey, he's making me his **bitch**!

"Honey, help meee...! No, no, nooo... **I'm cumming agaaaaaaiiin!**"

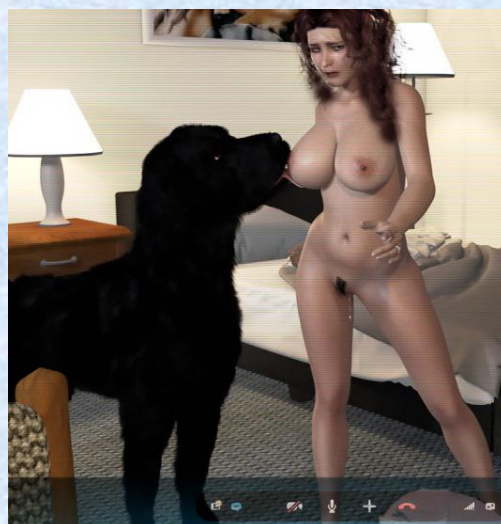

"King follows me everywhere and I'm leaking his *sperm*. He circles around me licking me knowing that I'm filled with his puppy-making *seed*. My pussy is sloppy and just look at my belly! He's ruining me!

"He *growls* at me and <nips> me if I try to push him away. He doesn't even let me put on any clothes. ...

"Honey, I have to do whatever he wants. I'm not his master any more. I'm just his **bitch**. He forces me to be ready for his **breeding** at any time.

"Honey, come here and save me! I'm not our dog's **bitch**. I'm your wife!"

The next evening Miriam's husband finally arrived in the hotel. After long talks he got her room key and opened the door.

"Honey, you came... Stop! ... Stay there... Uhhhhhh! He's **knotted** me... You can't get him off meeeee...

"Uhhhhhh! ... He might hurt us... He's pumping his **seed** i-into meeeeeee! ...

"H-he won't let you stop the b-b-breeding... Just stay there ... He's been using me all night and all day... again and again... I could do nothing to stop him... He has ruined my pussy... stretched my vagina...

"He has made me his **bitch**... **His bitch!** Do you hear?! Honey, **your wife is your dog's bitch!** ...

" Look at me now and get used to this. Your dog is **breeding** me. He will use me every day any time he wants. ...

"Why didn't you come yesterday? ... No. It's too late!"

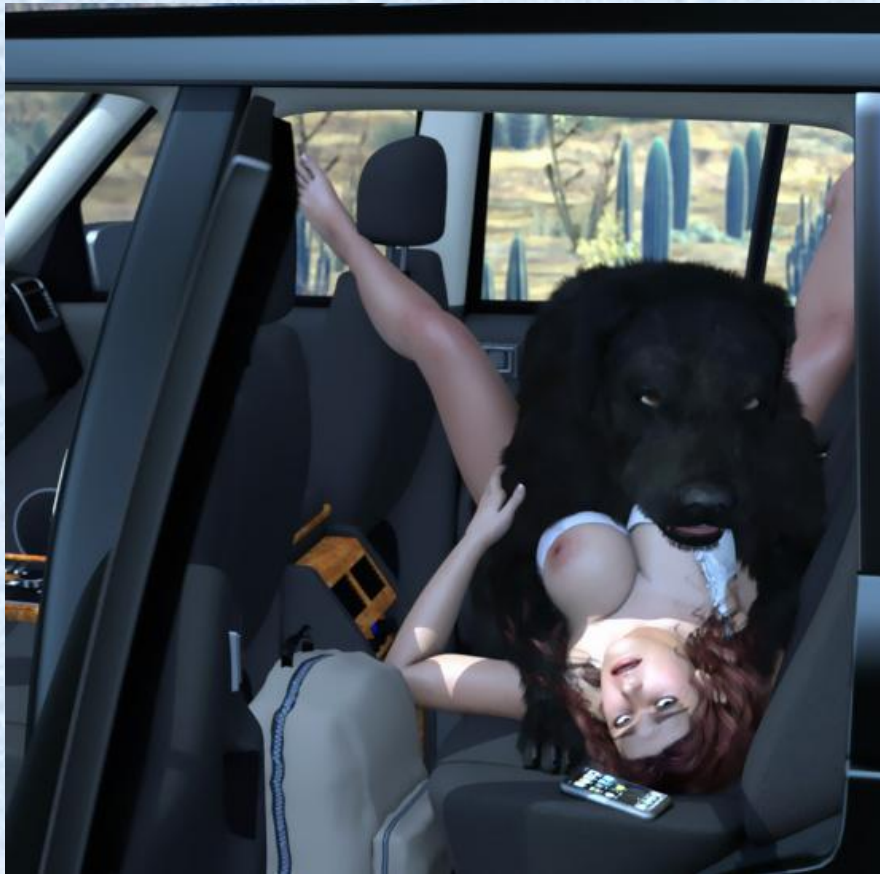

*** **Miriam in a Car** ***

by Canis3

Miriam's husband was driving her and King home. After a few hours, they were driving across a desert and Miriam was sleeping on the back seat. She didn't notice King licking her pussy. Slowly she woke up feeling something heavy on her chest.

"Stop the car!" Miriam cried as she felt King's **cock** forcing its way into her pussy.

Her husband stopped the car, got out, and opened the back door. Miriam was being pinned on her back on the back seat by the **huge** dog. Her legs were spread wide and she looked straight into his eyes as the huge *growling* dog **fucked** her like a jack-hammer.

"Get out, King! Get off her!" he shouted. But the dog only *snarled* at him.

He tried to grab the King by his neck. But the dog snapped her arm and lowered his jaws close to Miriam's neck. He could only watch as the huge dog **knotted** his sobbing wife and started filling her with his *sperm*.

"You can't stop him. He will hurt you and me if you try. He has **knotted** me and I'm his **bitch** now. You can do nothing. ... I don't want everybody looking at me like this! Get in the car and drive!" Miriam cried as other drivers slowed down or stopped to ask why they had stopped in the middle of the desert.

For half-an-hour King kept *raping* her. Her husband drove the car looking at the mirror and seeing his wife being bred by his dog. Through his tears he could hardly see the road.

King was now licking Miriam's face. But his **cock** was still shooting puppy-making *semen* into her vagina.

Finally the huge doggy **cock** popped out of Miriam's pussy and King lay down on the floor. Miriam was sleeping on the back seat which was being more-and-more covered by *doggy sperm* gushing out of her pussy.

***** Adopt A Dog *****
by Canis3

DAY 1

"And the winner is Kate! Congratulations! You have taken the first step in winning \$50,000 dollars!"

Kate jumped and laughed as the audience cheered at her. One month ago she had decided to take part in the 'Adopt a Pet' competition organized by a private club of very rich people. She had made her way to the final and now she had won! She has only to decide which pet she wants to adopt.

"Now, Kate," the host of the show said, "you have to choose the pet you want to adopt. Here are the pets. 3 homeless dogs to choose from.

"Buddy is a perfect choice for hunters. But he is good company at home also. Cooper is a hard working companion and guardian protecting his home from all strangers. Rocco -- this large fellow here -- feels comfortable also indoors, is easy to train, and will protect you against all dangers.

"The choice is yours. Remember, you have to show on this stage that you can take good care of the dog. During this month our club members and the judges can follow your life 24 hours a day. The dog you choose is your daily companion in this private reality show. Now which one do you choose?"

"They are all very cute. I'm not hunting, so Buddy would get bored with me. Cooper and Rocco would both be good guard dogs. But I prefer a dog who likes to be inside with me and is easy to train. And a small woman like me gets more respect with a **big** dog. So my choice is Rocco.

"So, Rocco is your choice. Before your final decision, I must remind you of the contract you have signed. If you adopt a dog, for one month **you must live with him on this stage**. If the dog is ill treated, you will lose the \$50,000.

"First, you will be given a 2-week training on this stage to help you take care of the dog. And the dog will be given one specific right which you must always provide him. Do you understand the conditions?"

"I do." Kate said.

"If you adopt a dog, there is no turning back," the host reminded.

"I understand. I need the money and I will adopt Rocco," Kate affirmed.

"Is it your final decision?"

Kate walked to Rocco and knelt down. He looked at her *panting*. Kate even saw smile on his face.

"Yes. I will adopt Rocco," Kate said without hesitation.

"Ladies and gentlemen, Kate has decided to adopt Rocco."

The audience applauded and cheered loudly.

"Ladies and gentlemen," the host announced. "I have 5 cards here. Each one of them has one word. One canine right that Kate must provide to the dog at any time. Kate, please draw one card and keep it without looking."

"Okay," Kate said.

"The audience has decided how you should draw the card. The answer is here in this card. You should do it... **'Naked'**. This means that you will immediately get a bonus of \$1,000!"

"I knew it," Kate said smiling as she started undressing. *"I've been posing naked before. But nobody has ever paid me \$1,000 dollars for that,"* she said as she gave her panties to the assistant and shook her huge natural tits.

Kate knew that her sexy body was a major reason for her victory and during the competition she had made sure that everyone in the audience had seen how big her breasts were. Now the assistant walked away with her clothes and the audience became wild, cheering, whistling, and applauding to the super sexy naked blonde beauty on the stage.

"Ladies and gentlemen, this naked beauty will now pick a card. Are you ready, Kat?" the host asked. "Please pick one card and keep it without looking at it."

"Ready," Kate said. She picked one card and held it against her chest.

"Ladies and gentlemen. Kate has drawn a card. The dog is given one unquestionable right that Kate cannot deny at any time.

"What is Rocco's unquestionable canine right? I have in my hands 4 cards which Kate did NOT draw. The first one reads 'Dining'. Kate, you should, of course, feed the dog properly. But you don't have to let him eat whatever he wants whenever he wants. ... The second card reads 'Physical exercise'. Kate, you should let Rocco get proper exercise. But you can decide when. ... The third card reads 'Sleep'. Kate, you should let Rocco have enough rest. But you may wake him up if it's time to go on. ... The fourth card reads 'Playing'. Kate, you should play with your dog, throw him a ball or a toy. But you don't have to let him play with your best shoes.

"Now, Kate, you have the fifth card. What is the right written on that card that your dog will have at all times? What is your guess?"

"Well, my guess is affection. A dog needs affection. I should pat him and wash him and say friendly words to him whenever he needs that."

"Good guess," the host said. "Rocco has the right at any time to... Please display the card, Kate."

Kate looked at the card and displayed it to the host and to the audience. It read 'Pet's right: **MATING**'.

"Rocco has the right at any time to ... **MATE!**" the host announced.

The *noise* in the audience increased.

"How can I do that?" Kate asked being afraid of losing the money. "How can I have a female dog available for Rocco if I'm alone with him on this stage?"

"Don't worry, Kate. We can figure it out. But now before we start the training, we have our special show. For the show our special guest start needs a beautiful naked woman tied to that pole over there. Would you like to volunteer, Kate."

"Why not? I'm naked already," Kate said relieved.

Kate stood against the pole facing the audience while the host tied her arms behind her back and around the pole.

"Ladies and gentleman, we have the beautiful Kate tied to a pole. Now let me introduce our special guest star. Our bound beauty Kate will meet ... CATWOMAN!"

With a crack of a whip, Catwoman entered the stage in a tight, shiny, black suit. Her upper face was covered by a black rubber mask. With long determined steps, she walked to Kate ... turned her head to face her ... and pushed up her left breast with her whip.

"Hello, beautiful. So you have adopted Rocco. Congratulations! For the next 2 weeks I will be your trainer. I'm sure me and Rocco will enjoy it very much," Catwoman said smiling in a way that made Kate feel uncomfortable.

The audience applauded and cheered. The trainer was an extremely slim and busty beauty dressed in tight, black latex as a Catwoman.

Meanwhile, the host walked behind Kate and put 2 tapes across her mouth. Kate's eyes told that she didn't like where the show was heading to. She felt that she had been tricked. Through the tape gag, she was only able to mumble as Catwoman harshly grabbed her right breast and an assistant tied Kate's ankles to a wooden spreader bar.

"Ladies and gentlemen, what you are going to see during the next 2 weeks is something you have never seen," Catwoman announced. "We are going to solve Kate's problem. She has to provide Rocco a **bitch** any time he wants to mate. But there will be no bitch dogs on the stage. Who is going to be Rocco's **bitch**?"

"**Kate!**" the audience shouted in one voice. "**Kate, Kate, Kate ...!!**"

Kate mumbled loudly, shook her head violently, and tried to break the pole she was tied to until the crack of Catwoman's whip made her stop. She wanted go run out and forget the \$50,000. She was not going to be a **bitch** for a dog!

"Look at these luscious tits," Catwoman continued squeezing Kate's right breast and made Kate's left breast bounce softly on her whip. "You can see how big and soft they are. Aren't they the dream of any male? When I have finished, this sexy body belongs to Rocco. And Rocco alone. Now if you want to take photos of Rocco, his **bitch**, and their trainer, now is the time."

Catwoman told Rocco to sit beside Kate and walked behind them. Dozens of men grabbed their cell phones and rushed to the stage to take photos.

"Ladies and gentlemen, tonight we will start a 2-week training session with Rocco and Kate. Rocco has the right to fuck a **bitch** any time he has sexual needs. I've personally seen Rocco mating several times a day. However, Rocco has never fucked a woman. I will teach him to satisfy his needs with Kate who has never fucked a dog. And I am going to do that in two weeks."

Again Kate shook her head, mumbled loudly and tried to protest.

"As you see," Catwoman continued, "Kate is not very willing. She might even lose her \$50,000. But we will help her get the money. We will teach Rocco to take her even though she might be a little reluctant. ... Now the training starts. We will introduce Kate's human pussy to Rocco. The **fucking machine**, please!

2 assistants carried a device to the stage. With big round eyes, Kate looked at the device in front of her. It had a big white dildo at one end pointing at her. One assistant massaged the dildo with some lotion before they moved the device making the dildo point at Kate's pussy. She was scared stiff as one assistant spread her pussy while the other adjusted the device pushed the dildo into her pussy. The other assistant switched the machine on.

Kate couldn't believe that she was tied naked to a pole and was watched by a large audience as a **machine fucked** her. Catwoman squeezed Kate's right breast making her areola bulge between her fingers as the machine slowly pushed the dildo deep inside Kate's vagina and then ... slowly ... pulled the dildo back only to repeat this movement again and again.

"Okay, guys. This could be your cock sinking into her sweet pussy. This could be your hand squeezing this delicious breast. But you can only watch as I'm training this sex bomb to become this dog's **bitch**," Catwoman said.

Rocco had listened to the sound of the machine and saw it fucking Kate's pussy with the dildo. For Rocco, the dildo was a strange toy. But he couldn't grab it. So he started to **bark** <snapping> his jaws a few inches from the dildo and Kate's pussy.

"See? Rocco is getting interested. And soon Kate will squirt her love juices on his face."

Catwoman turned a knob making the machine fuck the tied woman faster. The audience could hear that her pussy was now all wet and her love juice was dripping on the floor. Rocco tried to lick her pussy but he kept a safe distance from the machine. Kate was moaning, trying not to *cum*. But her fight was hopeless. She had an **orgasm**.

"Quickly, take the machine away," Catwoman said to her assistants. Rocco must taste her love juices and he must make her *cum* again.

One assistant stopped the machine and the other pulled the dildo out of Kate's pussy. While the assistants were carrying the machine from the stage, Catwoman pushed her index finger into Kate's pussy getting some love juice and let the dog taste it.

"Rocco, lick pussy!" she said as she pulled 2 dripping wet fingers out of Kate's pussy.

Catwoman kept her index finger just above Kate's mouth letting the juice drip into her mouth.

"Taste this, Kate. This is the taste of a **bitch** that Rocco will learn to love," Catwoman whispered.

Kate didn't see or feel her love juices dripping into her mouth. Her eyes were closed and all she could feel was Rocco licking her extremely sensitive pussy and clit.

"Lick pussy!" Catwoman said to the dog who was eagerly licking Kate's love juices. "Good boy! Lick pussy!"

Rocco licked the juices flowing from her pussy. Kate's pussy and clit had never been licked like this. She was *cumming* again, moaning squirting love juices on the licking dog's face. This made Rocco lick even more eagerly and in a minute-or-two Kate was *orgasming* again.

For about 10 minutes the dog kept licking the helpless woman standing on her shaky spread legs. Slowly her head fell forward as the exhausted woman tried to recover from the machine fuck and a series of *orgasms*.

Finally, Rocco sat beside the woman who had almost passed out from his licking. Catwoman stood beside the dog scratching and patting his head.

"Good boy! You are a fast learner," she said to the dog that raised his head and looked at her, licking his lips.

"Ladies and gentlemen," the host said walking to the center of the stage. "This was our show tonight. In the morning, Catwoman will continue the training session. You are welcome to see our show at any time. We will also provide you a 24 hour live video stream on our webpage. Good night and thank you! I am your host."

DAY 2

Next morning, the audience was sitting on their chairs ahead at 9 am. The stage was dark. But they could hear some sounds.

Suddenly the stage was brightly lit and the audience could see Rocco sitting on the stage like a king. He clearly knew that he was the star of the show.

Behind him, Kate was hanging from her wrists and ankles on a steel frame. Her big tits were squeezed between her up-lifted thighs. Clearly somebody had pulled her tits so that they were better visible. To the right of her stood Catwoman with only her mask and boots on.

The audience whistled and cheered at her slim trained body and huge perk tits which defied gravity like fake tits do. She looked provocatively at the audience smiling, knowing that she had a body unlike anything the audience had seen before. Her right hand was on a lever that she used to adjust the height of the frame so that Kate's pussy was just at the right height for the dog's tongue.

"Good morning, ladies and gentlemen. I hope you like what you see," Catwoman said and was interrupted by loud cheers and applause from the audience. "The training will now continue. As you see, I have adjusted Kate's pussy at optimum height for a good doggy licking ... Rocco, lick pussy!" she continued pointing at Kate.

Rocco looked at Catwoman without knowing what to do. Catwoman clapped her hands sharply and pointed again at Kate.

"Rocco, lick pussy!" she commanded again.

This time the dog slowly walked to Kate and started *sniffing* her. Catwoman pushed his maw at Kate's pussy.

"Lick, Rosso. Lick!"

Rocco gave a few licks and walked away. Catwoman picked up her whip and cracked it close to Rocco's ears. The dog was now scared knowing that he had done something bad.

Catwoman guided him again at Kate's pussy and Rocco gave a few licks.

"Good boy, Rocco. Lick pussy!" Catwoman said to the dog.

After half-a-hour, Rocco learned to lick Kate's pussy at Catwoman's command. Kate's pussy was getting wet which encouraged the dog to lick more. Soon Kate pushed her head back and *moaned* deeply as Rocco's tongue licked between her pussy lips and swiped over her clit. Kate was *cumming* squirting her love juices over the eagerly licking doggy tongue.

"Good boy!" Catwoman said to the dog patting his head while he still licked the pussy of the helplessly suspended woman.

"Dear audience, this was the first lesson today. Hope you enjoyed it. We will now have a break and will continue after half-an-hour."

The light went off on the stage and drinks were served to the audience.

After half-an-hour, the audience was back looking at the dark stage. Dim lights were switched on and the audience could see Kate standing on the stage bent away from the audience.

When the lights slowly got brighter, the audience saw the Kate was being captured by some device. She was standing on her feet displaying her pussy towards the audience. Her upper body was being bent forward by some oval-shaped claws around her waist while her arms were being pulled down by 2 cylindrical cuffs. Her big tits were hanging down moving up-and-down as she breathed heavily. The tits looked even bigger and softer than before.

To the right of her was Catwoman with a whip in her right hand standing with Rocco, both of them looking at the tightly captured woman.

"Rocco, lick pussy!" she said and the dog walked directly towards Kate.

When Rocco started to *sniff* Kate's crotch, Kate mumbled loudly against her gag and crossed her legs to protect her pussy. Rocco sniffed her pussy, was not able to lick it. So he took a few steps back and looked at Catwoman.

"Lick pussy!" Catwoman said to the dog cracking her whip.

This was repeated a few times Catwoman cracking her whip closer to the dog. Rocco was clearly getting nervous and started to *growl*.

"Lick pussy!" Catwoman said to the dog in a loud voice cracking her whip, almost hitting the dog.

Rocco *growled* and <nipped> Kate's left thigh with his fangs. The scared woman spread her legs to escape the dog's fangs. Rocco swiped her pussy with his tongue. But Kate immediately closed her legs again. Rocco had, however, found the way to get access to her pussy.

"Lick pussy," Catwoman said again this time not using her whip any more.

Rocco growled at Kate and <nipped> her thigh. Kate opened her legs ... but closed them again before Rocco got access to her pussy. The dog <nipped> her thigh again, *growling*.

The sobbing woman opened her legs and carefully tried to close them again. Rocco *growled* and <nipped> her thigh again, holding his sharp fangs tightly against her thigh, *snarling*.

Kate was defeated. Rocco was licking her pussy and she was not able to stop him. When she tried to move her legs together, Rocco stopped licking and *snarled* at her pushing her fangs against her thighs. Kate could do nothing but open her legs again and give the dog free access to her pussy which was already getting wet.

Rocco learned that licking her clit made her pussy more wet and gave him more love juices to lick. Soon Kate was *moaning* loud and her hip was making sharp back-and-forth movements until she *came*, giving Rocco even more love juices to lick.

"Good boy, Rocco! Come here," Catwoman called the dog and they walked away from the stage.

Kate was now alone on the stage. Her wet well-licked pussy pointing to the audience. She was still *panting* heavily and sobbing. She just wanted to go away. She didn't want the \$50,000 any more. She just wanted to be home alone.

However, the **applause** of the audience told her that Catwoman and Rocco were on the stage again. This time Catwoman said nothing to the dog. She just let him go. Kate heard the sound of paws coming closer and she closed her legs. Soon she felt Rocco *sniffing* her crotch. She closed her legs even tighter. But Rocco *sarled* and viciously snapped her left thigh. Kate opened her legs like a good **whore**.

This was repeated 5 times. After the third time, Kate didn't even try to protect her pussy. Every time Rocco licked her until she came. Rocco was rewarded by her love juices and patting. Kate herself was rewarded by a *orgasm* even though she didn't want to cum.

In the evening the dog had learned to go directly to Kate, demand access to her pussy, and lick her until she came. His licking was getting more-and-more effective so that every time Kate's pussy was getting more wet and it took less time for her to cum. ening Kate noticed that even seeing Rocco made her pussy wet.

"Damn you, Catwoman," she thought as the lights went off.

DAY 3

"Good morning, ladies and gentlemen," the voice of the host greeted the audience. "Meet the star of our show: Kate!

Kate walked to the stage looking around without knowing what to do until the *crack* of a whip stopped her.

"Kate, this time you are not tied. You are supposed to share the stage with Rocco and let him lick your pussy," Catwoman told her.

"No! I won't!" Kate said loudly. "I want to go home!"

"That is not possible. We have a contract," Catwoman reminded her. "Now the other star of our show: Rocco!"

The audience applauded as the big dog entered the stage. He looked at Kate and she looked at the dog that sniffed the air and looked at her. Kate felt her pussy getting wet and she knew that the dog would *smell* it. She walked to the edge of the stage ready to jump down.

"Jump down, baby!" somebody from the audience shouted. *"My cock is waiting for you."*

"Come here, baby," another said. *"I want to squeeze ythoseour big titties!"*

Several men walked to the edge of the stage ready to grab her if she jumped down.

Kate looked at the bunch of horny men and the dog walking toward her. Tears were running down her cheeks. She turned around ... took a few steps ... and lay down on the stage leaning on her right elbow.

Soon Rocco was sniffing her pussy, *growling*. Kate lifted up her left leg opening her pussy for the dog to lick.

After 5 minutes she was *moaning* deeply. Her face expressed fear and sorrow. But her pussy pushed itself against the wet doggy tongue licking her clit and pussy lips into total ecstasy.

After half-an-hour, Catwoman called Rocco away leaving Kate on the floor, her body still spasming from the last *orgasm*.

After a break, Rocco entered the stage again. Kate was still lying on the floor. The humiliated woman spread her legs for the dog and covered her face with her arms.

"No no! Please, Rocco! Go away," she said.

But the dog answered by swiping her pussy with a long lick.

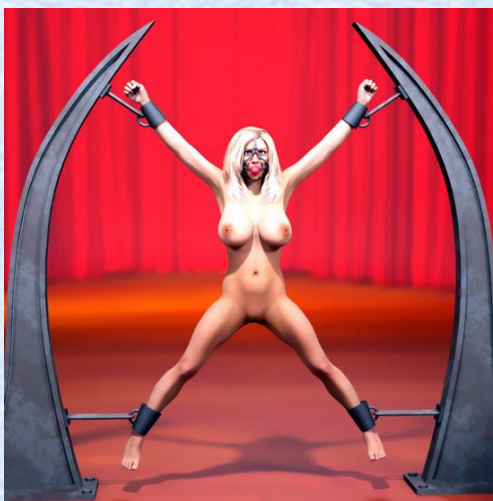

This scene was repeated many times during the day. The dog licked the sobbing woman to *orgasm*.

"Ladies and gentlemen, how did you like our show today?" Catwoman asked in the evening and was answered by cheering and applause. "Tomorrow we will take the next step. We will direct Rocco's mating instincts toward Kate. And we will have a nice surprise for some of you. I'm sure you don't want to miss that. ... I'm Catwoman. Good night."

DAY 4

In the morning of Day 4, the audience was looking at the dark stage when the bright lights were switched on. At the center of the stage Kate was being suspended spread eagle between 2 steel arcs. In her mouth was a red ball gag fastened with several leather straps around her head.

"Good morning, ladies and gentlemen," Catwoman announced. "Sweet Kate is helplessly suspended between 2 steel bars. Look at her huge soft tits waiting for your hands to grab them. Look at her sweet pussy ready for your cock. Rocco has learned to lick her. But she has not been the object of his mating instincts.

"Today we start to train Rosso to **fuck** his human **bitch**. First, we will teach him that Kate is a **bitch** and will spread Kate's tight pussy for Rocco's **cock**. But I need your help. We will have 3 sessions today. In each session one of you guys will show Rocco how to **fuck** his **bitch**.

"We will start right now. The first lucky man is sitting on seat ... **47!** Please take off your clothes and step on the stage. Kate is all yours."

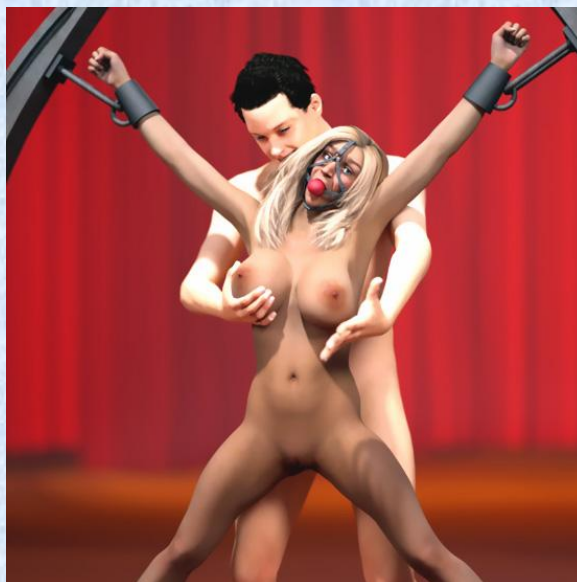

Kate tried to scream and fight her bonds. But the steel structure was rock solid. A pale-skinned young man jumped on the stage smiling. He walked behind Kate, pushed his chest against her back, stroked her belly with his right hand, and lightly massaged her right breast until he grabbed a tight hold of the huge soft mammary.

He looked at the audience ... spread the fingers of his left hand just beside Kate's left breast ... and grabbed it. He squeezed and massaged her tits roughly for 5 minutes. With a tight hold on her left breast, he lowered his right hand and pushed his middle finger into her pussy.

After 5 more minutes of pussy work and tit squeezing, Kate's pussy was soaking wet. Rocco *smelled* Kate's wet pussy and licked his lips while the man lowered his hip, grabbed his erect cock, and pushed it into Kate's pussy. Kate closed her eyes and the ball gag stopped her cries as the man started to fuck her.

She opened her eyes ... looked at the cheering audience ... and closed her eyes again. The cock slipped out of her pussy ... but the man pushed it back in a second, **banging** her fiercely!

Kate's muffled cries were mixed with her *grunting* as the man shot his impregnating load inside her. He grabbed her breasts painfully and pushed his cock deep into her vagina for a few times. He kept his cock as deep inside her as he could ... pulled the sperm-dripping cock out ... released her breasts and walked off the stage like a sports hero.

Rocco walked to Kate and started to lick her *sperm*-dripping pussy.

"Thank you, Number 47. This was the first time Rocco saw a woman getting fucked. And it was a good fuck," Catwoman said. "The next lucky man is number... 172. Please take off your clothes and step on the stage. Kate is all yours."

Kate saw a young **black** man walking to the stage, his huge **COCK** dangling between his legs. He walked behind Kate so that their bodies touched each other. Rocco took a few steps back.

Kate waited for his hand to stroke her belly or massage her breasts. But instead he grabbed her neck with his right hand and pulled her head back and with his left hand pulled her hip back. Kate felt his huge cock swelling. He lowered his hip and pushed his huge erect **COCK** between her legs. The penis was more than 10 inches and almost as thick as her wrist. He moved his hip back-and-forth letting his huge tool slide against Kate's wet pussy.

Suddenly he lowered his hip even more. He pulled Kate's hip back and guided the head of his huge cock into her pussy. Kate's eyes opened wide as she felt the tip of the huge **COCK** penetrating her pussy.

The man grabbed her thighs with his both hands and pushed his cock one inch deeper into her tight pussy. She closed her eyes in *pain* as the man pushed his cock inch-by-inch inside her. When the cock was about 5 inches deep, the man pulled it almost out and pushed it in again. With long, slow thrusts he was able to force his cock inch-by-inch into Kate's pussy.

He pulled the cock almost out so that only the tip was between her pussy lips and slammed the entire cock inside her. The audience cheered as the huge **COCK** repeatedly sank deep into the small helpless woman making her huge breasts bounce up-and-down.

Soon the man increased the tempo **slamming** his cock into her like a steam machine! The large tits of the helpless blonde flopped in all directions as she was being fucked by the huge black **cock**. The man fucked faster-and-faster ...

... until suddenly he just pulled his cock out and walked away, leaving the suspended woman gasp for air. Rocco started to clean up her pussy. Kate *moaned* as the familiar tongue gently licked her abused pussy.

"Thank you, Number 172. That was a mighty cock and a great fuck. Rocco is now cleaning Kate's pussy for the next fuck."

Rocco was indeed licking Kate's pussy pushing his tongue deep between her widely parted pussy lips. The audience also noted that Rocco's **cock** was protruding from its sheath.

Rocco stood up on his hind legs ... wrapped his forepaws around Kate's right thigh ... and started to hump her. The audience was laughing and applauding.

"Great! For the first time, Rocco is trying to hump Kate. Now let us give him another lesson in fucking a woman. ... The next lucky man is on seat number... 999. Well, that is a special seat. Please take off your clothes and step on the stage. Kate is all yours."

A **huge** muscular man built like a giant took off his clothes. The floor rumbled at his every step as he walked on the stage. When he was standing behind Kate, everybody could see how **huge** he really was. He looked at the audience with a stupid smile on his face ... spread his arms and ... grabbed Kate's breasts in his strong hands, kneading her tits like a dough. Her huge breasts were pressed tightly together and separated apart, pulled up-and-down, swelling and bulging in all directions and changing shape constantly. Never had the audience seen a breast massage like that.

Rocco heard Kate *wailing* and *whining* as the giant brutally groped her breasts. The man could barely hear Rocco's first *growl*. But then the dog bared his fangs and *sarled* so that everybody in the audience could hear it.

Rocco took a few steps forward barking and stopped, snarling at the man and ready to attack him. He would protect his *bitch* against this giant. The man released Kate's breasts ready to grab the dog. But a *crack* of Catwoman's whip stopped the fight before it began.

"Easy boy, Rocco! Stay! ... Number 999, please return to your seat. I'm sorry. Rocco has learned his lesson. Kate is now his *bitch* and he won't let anybody hurt her. ... Please return to your seat, Number 999. I don't want either you or Rocco get hurt."

The giant walked back to his seat.

On the stage Rocco licked Kate's pussy clean of all human sperm and Kate *came* twice. When Rocco was satisfied, he sat down, facing the audience *growling*. Many pictures were taken of the dog guarding his helplessly suspended human bitch. In the bright lights, her body was glowing like she was a character from a fairy tale.

For an hour, drinks were served to the audience. 5 more times Rocco got up and licked the sperm dripping from Kate's pussy. And Kate *orgasmed* every time.

"Ladies and gentlemen, this was our show today. Our stars need some rest before the training continues. You are all welcome again tomorrow morning. I'm Catwoman. And I promise that you will enjoy tomorrow's show."

DAY 5

Next morning, the audience becomes quiet as the lights are switched off. After a few seconds the bright stage lights are switched on. At the center of the stage, Kate is on her knees cuffed on a triangular device with her pussy up pointing at the audience. Catwoman and Rocco stand behind him.

"Ladies and gentlemen, welcome to the 'Adopt A Pet show'. I'm Catwoman. The training of Kate and Rocco will continue now."

Catwoman released Rocco. The dog walked directly to Kate who was waiting helplessly bound and gagged at the stage.

"Lick pussy!" Catwoman commanded the dog.

Rocco pushed his head at Kate's crotch that was already wet in anticipation of the dog's tongue. She shuddered as the wet raspy tongue swiped over her pussy lips and clit.

Soon she was *whining* and moaning as Rocco kept licking her pussy, pushing his tongue inside her pussy searching for every drop of her love juices and occasionally concentrating on her clit releasing a new stream of juices. The *spasms* in her lower body as well as her panting and moaning told the dog that soon she would squirt her juices. And the dog was ready.

Soon Kate was *cumming* and the dog tried to get every single drop of her juices.

"Rocco, **Fuck!**" Catwoman said standing close to the dog.

The dog just looked at the masked woman standing in front of him. He didn't know what was expected of him.

"Fuck, Rocco! Rape!" Catwoman repeated.

She grabbed the dog by his neck and dragged him on the back of the helpless blonde.

"Fuck!" she said again.

The dog looked at the naked woman who was covered only by her black mask and boots and stepped off Kate's back. This was repeated about 20 times during the day. Catwoman pushed his hip forward making his cock touch Kate's pussy.

A few times Rocco humped Kate a few seconds. But then he stopped and stepped off her back.

He had learned to lick Kate's pussy juices and to make her cum and squirt more juices for him to lick. The dog, however, had not learned what he was expected to do on the back of the kneeling woman.

DAY 6

Catwoman was standing with Rocco at one corner of the stage.

"Good morning, ladies and gentlemen. Welcome to follow the training of Kate and Rocco," she announced. "Rocco, lick pussy!"

Rocco walked to Kate and started to lick her pussy. Soon the pussy was all wet and Rocco played with her clit to get more of her love juices. Kate was *moaning* and after a few minutes squirted of Rocco's eager tongue.

"Rocco, stay!" Catwoman said.

Rocco took a few steps and stood on his place beside Kate.

"Today I have an assistant. Hunk, come here," Catwoman said and a large Rotweiler walked to her and sat down.

"Hunk is an experienced fucker of human **bitches**. He will show Rocco how to fuck a woman. ... Hunk, **fuck!**" Catwoman said to the muscular dog and pointed at Kate.

With a few quick leaps, Hunk reached the helpless blonde. He *sniffed* her wet pussy and licked it a few times. Kate tried to scream. But the gag prevented it. She tried to break her bonds. But the *snarling* of the big dog stopped her futile attempts.

Hunk mounted her and his **cock** found her wet hole immediately. There was no doubt that the dog knew how to **fuck** a human female.

Hunk *slammed* his cock in and started pounding Kate's pussy! The slimy canine **cock** was small but hard at first. But at each thrust it swelled bigger and bigger. Kate tried to scream and wrench her arms free. But nothing helped.

The dog's **cock** was now at least 10 inches and *doggy sperm* was already leaking from her pussy.

"**Fuck**, Hunk! **Rape!**" Catwoman kept saying, making Rocco familiar with the meaning of the words.

"Mmmmph, mmmmph, mmmmmmmph ... " was all Kate could mutter as the dog **fucked** her like a jackhammer.

Rocco was closely following Kate's first canine breeding. He *smelled* the mixture of Kate's love juices and Hunk's *sperm*. He walked around the *wailing* and grunting woman licking her face and the *semen* dripping from her pussy.

Seeing Kate's pussy being **fucked** by another dog and tasting the mixture of Kate's love juices and canine *sperm* had the reaction Catwoman had wanted. The audience could see his **cock** protruding from its sheath.

Soon the **knot** at the base of Hunk's cock was big enough to **lock** inside Kate's pussy. Hunk stopped pounding her and rested on her back shooting *sperm* into her vagina. Tears fell down from Kate's eyes as the dog filled her with his *puppy-making semen*.

After several minutes, a stir ran through the audience as Hunk pulled his huge **cock** out of Kate's pussy. *Sperm* gushed from her open pussy down to the stage.

Kate was relieved that it was all over. But her relief was premature.

"Rocco, Fuck!" Catwoman said.

All eyes in the audience followed as Rocco gave Kate's pussy a few licks ... lifted his forepaws on her back ... and started to **hump** the woman. His **cock** poked her crotch several times until he jumped off her back.

"Fuck, Rocco! Fuck! Rape!" Catwoman repeated her command.

Rocco mounted Kate again and this time his cock found her pussy and sank in. After a few seconds the **cock** slipped out and Rocco walked away.

"Rocco, Fuck! Catwoman said cracking her whip.

Again Rocco mounted the helpless woman and pushed his cock inside her. He stopped as the cock slipped out. But he didn't jump off her back. The crack of Catwoman's whip stopped him.

"Rocco, Fuck! Rape! Fuck!"

He pushed his **cock** inside Kate's pussy and continued humping her. Finally his instincts took over and he started vigorously *pounding* her pussy.

"Good boy, Rocco," Catwoman said squatting in front of the dog.

Kate grunted each time the dog **thrust**ed his **cock** deep into her vagina. The audience encouraged the dog and quickly they saw his *semen* leaking from her pussy. Soon his **cock** slipped out and he stepped down and licked the *sperm* dripping from Kate's pussy.

Rocco was closely following Kate's first canine breeding. He *smelled* the mixture of Kate's love juices and Hunk's *sperm*. He walked around the wailing and grunting woman, licking her face and the *semen* dripping from her pussy.

Seeing Kate's pussy being **fucked** by another dog and tasting the mixture of Kate's love juices and canine sperm had the reaction Catwoman had wanted. The audience could see his **cock** protruding from its sheath.

Soon the **knot** at the base of Hunk's cock was big enough to lock inside Kat's pussy. Hunk stopped pounding her and rested on her back shooting sperm into her vagina. Tears fell down from Kat's eyes as the dog filled her with his *sperm*.

After several minutes a stir ran through the audience as Hunk pulled his huge **cock** out of Kate's pussy. Sperm gushed from her open pussy down to the stage. Kate was relieved that it was all over, but her relieve was premature.

"Rocco, fuck!" Catwoman said.

All eyes in the audience followed as Rocco gave Kate's pussy a few licks, lifted his forepaws on her back, and started to hump the woman. His **cock** poked her crotch several times until he jumped off her back.

"Fuck, Rocco! Fuck!" Catwoman repeated her command.

Rocco mounted Kate again and this time his cock found her pussy and sank in. After a few seconds, the **cock** slipped out and Rocco walked away.

"Rocco, Fuck!" Catwoman said cracking her whip.

Again Rocco mounted the helpless woman and pushed his **cock** inside her. He stopped as the **cock** slipped out. But he didn't jump off her back. The crack of Catwoman's whip stopped him.

"Rocco, FUCK!"

He pushed his **cock** inside Kate's pussy and continued humping her. Finally his instincts took over and he started vigorously *pounding* her pussy.

"Good boy, Rocco," Catwoman said squatting in front of the dog.

Kat grunted each time the dog thrusted his **cock** deep into her vagina. The audience encouraged the dog and soon they saw his *sperm* leaking from her pussy. Then his **cock** slipped out and he stepped down and licked the *semen* dripping from Kat's pussy.

Catwoman and Rocco walked away from the stage and drinks were served to the audience. While drinking, they could watch *doggy sperm* dripping from Kate's pussy.

After an hour, Catwoman and Rocco entered the stage again. Rocco licked Kate's pussy like an expert making her cum. Then he fucked her and walked away with Catwoman.

Rocco fucked Kate 3 times that day.

DAY 7

"Good morning, ladies and gentlemen. This is Day 7 in the 'Adopt A Pet' training program. Welcome. I'm Catwoman."

The stage lights were switched on. At the center of the stage, Kate was on her hands-and-knees in a black steel kneeler. Her waist and spread thighs were in steel cuffs fixed in place by a steel structure holding her pussy up, wide open for anyone to use.

"Rocco, use your bitch," Catwoman said.

She didn't use the key words 'lick' or 'fuck' or 'rape'. It was time for Rocco to use Kateas his **bitch** by his own instincts.

Rocco walked to Kate. The weeping woman felt that pussy was wet by anticipation and she shuddered when Rocco's tongue touched her pussy lips. Rocco played with her pussy slaving the helpless woman and maximizing the amount of pussy juices for him to lick. He licked her clit until her juices were flowing from her pussy. Then he licked the juices inside her pussy and returned to licking her clit.

After a few minutes Kate's body was shivering. She could only feel the tongue licking her, knowing that she would *orgasm* soon. Her *muffled* cries were a mixture of passion and desperation. She hated it. But the damn dog was making her *cum*.

Rocco licked the juices dripping from her pussy ... lifted his forepaws on her back ... and mounted her. Kate tried to move her pussy away from Rocco's **penis**. But she was barely able to move it an inch.

In a few seconds Rocco found her pussy and pushed his **cock** into her wet hole.

"Mmmmph, mmmmph, mmmmph!" was all that Katewas able to say through her gag.

She clawed the floor with her fingernails in a desperate attempt to escape the *raping* doggy **cock**. But the kneeler around her waist and thighs was solid as a rock.

Once inside, Rocco started a fierce **pounding** slamming his **penis** to the hilt inside her vagina. The **cock** kept swelling. It was already bigger than the day before and bigger than the Rotty's cock. It was bigger than anything ever in Kate's vagina and it was still swelling!

The tip of the **cock** was now stretching Kate's vagina and hitting her cervix. The **knot** at the base of his cock was swelling, hitting her pussy from inside.

Catwoman sat down on the floor in front of Kate. She could, however, only feel *doggy sperm* was leaking from her pussy as the dog kept pounding her. She tried to scream in *pain*. But she couldn't.

Finally the **knot**, as big as a tennis ball, locked inside her vagina. She couldn't hold it any more. She was *cumming* as the doggy cock **locked** inside her kept shooting *sperm* into her stretched vagina.

Catwoman looked at the dog, smiling.

"Good boy, Rocco! You **knotted** your **bitch**. Good boy!" she encouraged the dog.

For 5 minutes Rocco stayed above his **knotted bitch** until he was able to pull his huge dripping wet **cock** out of her pussy. *Sperm* gushed from Kate's pussy down to the floor. Rocco gave her pussy a few licks ... walked to Catwoman and sat down licking his **cock** clean.

Catwoman and Rocco walked away from the stage leaving helpless Kate on the stage. While the audience were having drinks, they observed Kate's spread pussy, wide open after the huge **knot** had been pulled out. In a post-orgasmic state, the throbbing pussy kept spitting out the *canine sperm* that had been so *brutally* pumped into her.

After an hour, Catwoman arrived with Rocco. When Rocco was licking Kate's pussy, Catwoman removed her gag.

"Please don't lick my pussy, Rocco," Kate pleaded. But the dog continued licking.

"Rocco, stop!" Kate commanded and the dog stopped looking at Catwoman.

"Rocco, lick pussy!" Catwoman said *cracking* her whip.

Rocco continued licking. Kate tried to make him stop. But the *crack* of the whip made him continue and finally he ignored Kate's protests.

"Go away, Rocco!" Kate said exhausted after her *orgasm*.

But soon she felt the dog's paws on her back.

"Stop, Rocco! Go away!" she yelled.

But another *crack* of Catwoman's whip stopped the dog's hesitation and he mounted the helpless woman. Rocco **fucked** her 3 more times and learned to ignore her protests and commands.

"Ladies and gentlemen, this was our show today. Did you like it?" Catwoman asked and was responded by loud applause and whistles.

"Thank you. In one week Rocco has learned to fuck the star of our show. We have another week to go, starting tomorrow. ... Welcome. I'm Catwoman."

DAYS 8 and 9

In the morning of Day 8, a spotlight pointed at Kate cuffed spread-eagle on a steel frame. Her breasts were tightly tied. Multiple loops of rope formed a tight tube around the base of her huge breasts making them bulge forward as rock hard as 2 torpedoes. A machine fucked her slowly but deep.

When all lights were switched on, Catwoman entered the stage with Rocco and a love doll.

"Good morning, ladies and gentlemen," Catwoman said. "Today we'll start a new training. I will use this fuck doll to teach Rocco to take control of his **bitch**. ... Kate, look carefully. This doll has your smell in her vagina."

"**Rocco, lick!**" Catwoman said and lifted up the doll's left leg.

Rocco licked the doll's vagina a few times. But he soon turned his head away because he couldn't get more juices.

"**Rocco, lick,**" Catwoman said as she put the doll on her hands-and-knees on the floor.

Rocco licked the doll's vagina again and Catwoman saw his **cock** protruding from its sheath.

"**Rocco, fuck.**"

The dog mounted the doll and after a few tries his **cock** found her hole.

Catwoman grabbed the dog's right arm and pulled the doll making Rocco fall off her back.

"Rocco, **Fuck!**" she yelled.

When Rocco mounted the doll, Catwoman again pulled her away.

"Rocco, **Fuck!**" she yelled again.

Finally, Rocco grabbed the doll's neck in his jaws so that Catwoman was not able to pull her away. He **pounded** the doll and shot his *semen* inside her.

After a short break, the same training was repeated. But this time the doll's neck broke and the doll collapsed.

The training was repeated 5 times with 3 dolls. Each time an assistant smeared Kate's love juices on the doll's vagina.

Next morning, Rocco broke one more doll. But after that, he learned to **fuck** the doll and hold her neck without breaking it. Catwoman tried to pull the doll away. But Rocco held her in a tight grip and continued fucking.

In the evening of Day 9, Rocco had passed this phase of training.

"Ladies and gentlemen, I'm sure you have enjoyed our show today. Tomorrow we will see if Rocco is able to control a real woman - Kate. ... I'm Catwoman. Good night."

DAY 10

Next morning, the house was full. Kate was on her knees on the stage. Around her neck was a steel collar with a chain fixed to a hook on the floor. The chain hardly allowed her to stand up.

"Ladies and gentlemen, good morning. Nice to see that not a single seat is empty. You must have been waiting for this day. ... Today Rocco learns to **rape** his **bitch**. Even a reluctant one," Catwoman announced. "Let's begin our show. First give a big hand to our female star Kate."

Kate heard the **clapping** of hands and the *whistles*. But she could not see the audience sitting behind the bright lights.

"Thank you," said Catwoman. "And now give a big hand to our male star Rocco."

Kate listened to the loud applause Rocco was receiving. He looked at Catwoman for permission to go to his **bitch**. Kate cursed herself when she felt that Rocco's presence was again making her pussy wet.

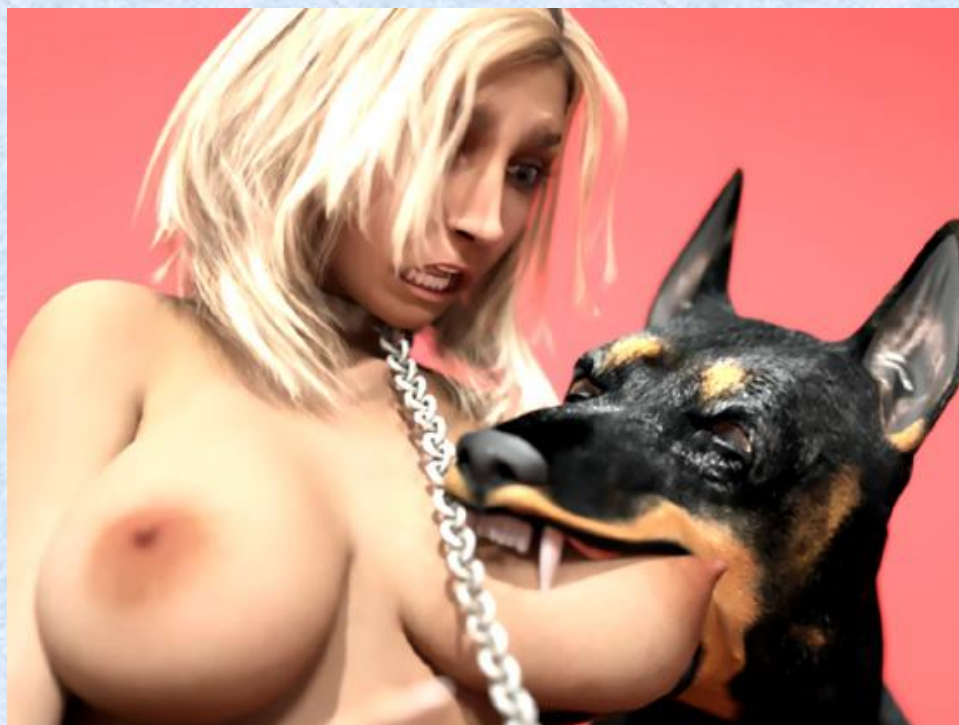

"Thank you," Catwoman said. "Now... **Rocco, fuck your bitch.**"

Kate looked at Rocco walking towards her. She tried to find a way to escape. Rocco sensed that Kate was seeking for an escape and *sarled* at her.

Kate tried to crawl away but the chain stopped her. At the moment, she stopped she felt a sharp pain in her left breast. Rocco had grabbed her big soft tit in his jaws. He was shaking his head *snarling* and increasing pressure on her abused breast. Soon Kate stopped all resistance.

The message was clear. Rocco was in control. And he was going to use her any way he wanted and she could do nothing to stop him.

Kate was relieved when Rocco released her breast. He was, however, now licking her thighs and moved to her pussy.

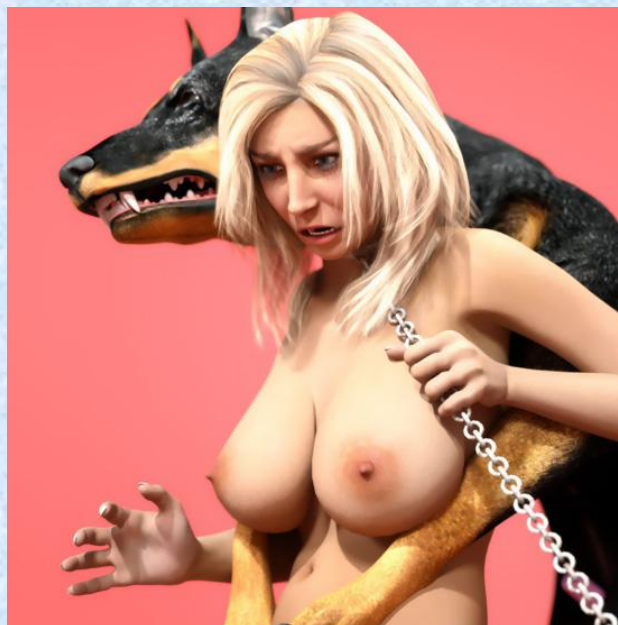

He *sarled* when Kate pulled her hip back. Obediently, Kate pushed her pussy forward for the eagerly licking doggy tongue. Rocco demanded full access to her pussy and obediently she pushed her hip as much forward as she could.

When the flow of Kate's love juices exhausted, Rocco concentrated on her clit until Kate's pussy was again flooded by her juices. Kate leaned back moaning and *sobbing*. That damn dog was making her cum. She closed her eyes and grit her teeth as a powerful **orgasm** ran through her body.

Kate sighed in relief as Rocco stopped licking her ...

... but in the next moment she felt the dog's hairy chest on her back and his forepaws wrapping around her chest. The dog was going to mount her!

Kate fell forward on her hands-and-knees. The tight chain was pulling her neck back as the dog pushed her forward. She had no escape. Rocco's forepaws wrapped tightly around her waist pulling her hip back. The dog *growled* all the time telling Kate not to fight him.

Soon his **penis** found her pussy and sank in. Kate felt the big slimy doggy **cock** sinking deep into her vagina

Before she could say anything, Rocco had pulled his **cock** back and **slammed** in harshly even deeper. She felt sharp *pain* on her neck as the dog **thrusts** pushed her neck against the collar at the end of the tight chain. The swelling canine **cock** was already shooting **sperm** into her vagina and **doggy cum** was dripping from her pussy that was being fiercely **pounded** by the growling dog.

"No! No!" Kate wailed as she felt the **knot** swelling inside her vagina.

The **penis** was more than 10 inches long and the **knot** was larger than a tennis ball. But Rocco continued to push his **cock** deeper and deeper. Kate knew she was cumming soon.

Finally the **cock** filled her stretched vagina completely. The dog was not able to push it any further and the **knot locked** inside her stopped the **cock** moving back.

Rocco stopped and shot several huge loads of warm **doggy sperm** into his human **bitch**. Her vaginal contractions were milking his cock as Rocco stood still filling his *shuddering* and moaning human bitch with his **puppy-making semen**.

After a few minutes, Rocco was able to pull his huge wet **cock** out of Kate's vagina. The audience couldn't believe the size of the huge **cock** hanging just outside Kate's **sperm-gushing** pussy.

"Now that's what I call **breeding!**" said somebody in the audience.

Kate's contracting vagina was pushing new loads of **doggy sperm** out of her pussy as she was trying to recover from her thorough **breeding**.

The stage lights were switched off and Catwoman and Rocco walked away.

After an hour the lights were switched on again. Kate was standing naked on the stage. She looked at Rocco was walking around her growling.

Suddenly she took a few steps trying to run away from the dog. In a second, Rocco leaped on her back, making her fall on the floor. He wrapped his forepaws around her waist, pulled the *screaming* girl back and grabbed her neck in his jaws.

Before Kate even knew what was happening, Rocco grabbed her neck in his jaws and sank his **cock** into her vagina. Her fight was over before it had even started.

When Kate finally understood her situations, she was on her hands-and-knees on the stage with her neck in Rocco's jaws and his **cock** deep in her vagina. Rocco adjusted his position and thrust his **cock** even deeper into Kate's cunt. He held her neck in his jaws and **fucked** her like a machine!

Kate's juices were flowing from her pussy as the dog *slammed* his **cock** deep into her vagina.

After a few minutes of fierce fucking, the dog stopped for a while. He released Kate's neck ... pulled his **cock** out of her pussy ... and walked away, leaving the sobbing woman on the floor. Lunch and drinks were served to the audience when 2 assistants helped the sperm-dripping blonde out of the stage.

After 2 hours, stage lights were switched on again. Kate was standing at the center of the stage naked. After a shower and some rest, she looked fresh again. Rocco was walking around her *growling*, letting her know that he was the master.

Slowly Kate walked to the edge of the stage. Rocco followed her *growling* louder and suddenly leaped on her back. Katescreamed as she fell on the floor. She tried to crawl forward crying for help. But the audience stood quiet watching.

When somebody in the audience moved, Rocco grabbed Kate's neck in his jaws and pulled her head and chest up. His teeth bit tightly into her neck while his upper fangs pressed against her throat. Kate stayed totally still. She dared not to move even her finger. The big soft breasts of the sobbing woman heaved heavily above the floor as the dog held her in total control.

Then he made his grip on her neck even tighter ... pulled her chest up and let it down ... pulled it up again and dragged the helpless woman back away from the audience.

After a few feet, Rocco released Kate's neck letting her fall on the floor. He started circling the terrified woman, every now and then <nipping> her thigh, butt, or breast.

The audience watched in awe as the dog dominated his bitch. Kate did everything she could to please the dog. To make him stop biting her. When the dog was close to her chest, she squeezed her breast and pushed it forward for the dog to lick. She opened her legs to give the dog better access to her pussy and soon the dog stopped circling her and started to lick her pussy. Kate sobbed in humiliation. Bt she was relieved that the dog had stopped biting her.

After a while, Rocco again walked around her *growling*. Kate was scared because she didn't know what the dog wanted from her.

Suddenly, she felt Rocco's weight on her back and her jaws closing around her neck. She was on her hands-and-knees. Her mouth and eyes opened wide as the dog's fangs sank into her neck. She thought she would die. Some women in the audience *screamed*.

"Rocco, stop! Don't hurt her!" Catwoman yelled.

Rocco wrapped his forepaws tightly around Kate's waist and pulled her hip back and up. Kate felt weak. All power was drained from her body. She hardly felt Rocco's huge **cock** sinking into her vagina.

Helplessly she looked at the audience as the dog started **pounding** her pussy. Her bit tits flopped back-and-forth and the huge beast fucked her. She thought she would die with a dog's **penis** locked in her pussy.

Catwoman came closer ready to help her. But she saw no blood. Kate was exhausted but had not suffered major damage.

"Kate, do you hear me? ... Kate, you are okay. Just do what the dog wants," Catwoman said.

Kate looked at Catwoman and closed her eyes to tell that she had understood. Every move of the dog made her feel *pain* in her neck. She tried to stay still. To let the dog finish its **breeding** as soon as possible.

With sharp jabbing movements, Rocco thrust his **penis** deep into her vagina and with his hind legs he constantly took small steps to find a better angle to push his **tool** even deeper. The huge **cock** hit Kate's cervix and shot loads of *sperm* into her vagina.

But she didn't care. She hoped that the dog wouldn't **knot** her.

But soon she felt the **bulge** at the base of his cock swelling and finally locking into her vagina. The swelling knot pushed his huge rock-hard **cock** against her cervix, making it open for new loads of warm *doggy semen*.

The audience didn't make a sound as they watched the brutal *raping* on the stage. They saw that Rocco had learned his lesson. He would **breed** Kate whenever he wanted whether she wanted it or not. He would take her and she could do nothing to stop him. The question was no more whether Rocco would **fuck** Kate but rather whether she would survive this **breeding** monster that Catwoman had created.

Kate *wailed* on the stage. The *pain* in her neck was getting intolerable. But the dog still held her neck in his jaws as he shot more-and-more loads of *sperm* into her vagina and through her cervix into her uterus.

One more load. And then one more. And one more...

"Please! No more! I'm human! I'm not a dog!" Kate cried quietly in her mind. *"Please don't fuck me any more."*

As if Rocco had heard Kate's silent cries, he released her neck. Her upper body fell limp on the floor. But her hip was still up **locked** around Rocco's huge **cock** that was pushing her internal organs aside. Rocco looked at the audience *growling*.

Then he looked at Catwoman who stretched her arm to grab his neck. Like a lightning bolt, Rocco's head moved down with his jaws closed around Kate's neck and pulled her head up again. Tears fell down from her eyes as Rocco held her head about one foot above the floor. Catwoman tried to calm down the *growling* dog who was filling his bitch with his *seed* and was not going to let anybody -- not even Catwoman -- take him away from his **bitch**. Catwoman knew that she was only making things worse. So she quietly took a few steps back.

When Rocco saw that there was no threat for his breeding, he released Kate's neck letting her upper body fall on the floor. The looked at the audience snarling has he shot his final loads of *puppy-making semen* into her vagina.

Rocco tried to pull his **cock** out. Kate screamed as the **knot** stretched her pussy. But the it was too **BIG**.

Soon the dog stepped over her back first with his right forepaw and then with his right hind paw until the two were butt-to-butt. He looked back at the audience and started to walk away dragging Kate on the floor by her pussy. She raised her head and *screamed* desperately while the dog dragged her by her pussy off the stage.

She knew that she was now Rocco's **bitch**. She would let him do to her anything he wanted anytime he wanted. Her pussy would be available for him to lick and **rape** at all times. He could even drag her by her pussy if he just wouldn't bite her any more.

"Ladies and gentlemen, Catwoman said. "This was our show today. And what a show! We will end a little earlier today to give Kate some medical care. ... Tomorrow we will start at 6:00 pm. Good night. I'm Catwoman. And this is the 'Adopt A Pet' show."

DAYS 11 and 12

Next evening, the audience was sitting in darkness.

"Good evening, ladies and gentlemen. I'm Catwoman and this is the 'Adopt A Pet' show", a female voice announced. "Meet the star of our show ... Kate!"

Stage lights were switched on and Kate was standing at the middle of the stage. Black panties covered her pussy and butt and a leather collar protected her neck. Otherwise she was naked. She was looking at Rocco, the dog that yesterday **raped** and nearly killed her.

Kate was relieved that Rocco was panting and not *growling* or *snarling*. She was ready to do anything to keep the dog happy. So she knelt down and looked at the dog.

"Nice dog, Rocco. I'll do whatever you want. Please don't hurt me," she said.

Rocco sat down beside her looking at her *panting*.

"Nice doggy. Do you want to lick my boobies?" asked said and lifted her right tit holding it as on display for the dog.

Rocco moved slightly ... looked at Kate's eyes ... stretched his neck and gave Kate's big soft breast a few long wet licks.

Like a good **whore**, Kate fed her breast to the dog trying to keep the dog satisfied.

Soon Rocco, however, lowered his head and sensed the *aroma* of Kate's wet pussy. Rocco gave her crotch a lick but *growled* when he felt Kate's panties blocking his access to her pussy.

"Easy, boy," Catwoman said. "You have been trained to take them off."

Kate leaned forward, put her hands on the floor, and raised her hip up. Once she was in the breeding position, Rocco stopped growling. He walked around the blonde woman *sniffing* her and licking her, showing his dominance to his human **bitch**.

Soon Kate felt the dog's jaws on her back and Rocco pulled her panties away. When the panties didn't just slide off her, the dog *growled*. He tugged the panties harder, fiercely shaking his head and ripping the panties in shreds off her. Kate *sobbed* quietly knowing that from now on, no clothes would protect her pussy from this breeding beast.

Rocco's wet and raspy tongue on her pussy woke her up from her thoughts. Another long lick from her clit between her pussy lips and up to her ass made her quiver. She felt her love juices flowing again and Rocco pushed his tongue as deep into her pussy as he could eagerly licking the juices.

Kate *sobbed* when the dog controlled her pussy as he liked, making her juices flow wild. Rocco was now licking her clit and Kate felt an *orgasm* building inside her. She moaned and *wailed* and finally *screamed* as a powerful **orgasm** shook her body. She squirted her juices on Rocco's tongue that was busy licking her.

After a few deep breaths, Kate felt Rocco's forepaws around her waist and his furry chest on her back. The dog took a few steps on his hind paws ... pulled Kate's hip back with his forepaws ... and pushed his **penis** deep into her soaking wet pussy. Kate's large breasts swayed back-and-forth as the dog thrust his **cock** into her vagina again-and-again.

His **cock** was swelling inside her reaching deeper at every thrust. Rocco moved a few inches closer to her and increased the tempo, *pounding* her pussy fiercely!

Her pussy juices spattered around as the huge **cock** forced its way deep into her wet vagina. Tears filled her eyes as the **base** of his cock swelled inside her and she was at the brink of another *orgasm*.

When the tennis ball-sized **knot** locked inside her vagina and the huge **cock** shot first loads of warm *doggy sperm* into her vagina, Kate felt contraptions in her lower body and a warm *orgasm* swept through her body. She felt both intense pleasure and extreme *humiliation*.

Rocco was now standing still above her *panting* and pumping his *sperm* into his human **bitch**. Kate looked at the audience.

*"What kind of perverts are these people coming here every day to watch women being **raped** by a dog?"* she thought.

After about five minutes, Rocco was able to pull his huge **cock** out of Kate's vagina. She collapsed on the floor as *doggy sperm* gushed from her pussy. Rocco licked her pussy a few times ... walked a few feet away ... and started to lick his **cock** clean.

For an hour Rocco and Kate were lying on the floor. She covered her face with her hands and *sobbed* silently. Occasionally Rocco walked around her sniffing her and licking her.

After an hour, Rocco circled Kate again. But this time he was more determined. Kate raised her head as Rocco pushed his snout against her crotch and gave her pussy a few licks. She was still leaking *doggy semen* and her hip was lying in a *sperm* puddle.

Rocco looked at the audience ... stepped over Kate ... and *snarled*. The audience saw his big **cock** erect just above Kate's right breast.

Kate saw the **cock** a few inches from her face. She swallowed. Soon her pussy would be impaled by that **cock**.

Rocco lowered his head pushing Kate's right leg aside and sniffed her pussy. She allowed the dog access to her pussy at the same time feeling his **cock** against her right cheek spreading some *pre-cum* on her cheek. Rocco licked it and <nipped> her pussy.

Stepping back-and-forth with small steps, he tried to get better access to her pussy. He was getting impatient and started to *growl* and <nip> Kate's crotch. Kate was getting worried.

Suddenly Rocco <nipped> painfully at her clit. Kate *screamed* in pain! Rocco startled and jumped.

Suddenly his **cock sank into Kate's mouth!**

Before Kate could turn her head away, Rocco pushed his **cock** deeper. The **cock** pushed Kate's upper lip *painfully* against her teeth and she had to her head back. That allowed Rocco to push his swelling **cock** into her throat.

Kate's eyes were wide open. She opened her mouth as wide as she could. She was about to puke. But Rocco pushed his **cock** still deeper. He pulled **it** almost out of her mouth ...

... only to **thrust** it again in deep into her throat!

Kate had never given a blowjob before. Many times she was about to puke. But she didn't.

Rocco kept *fucking* her mouth vigorously. Kate couldn't even scream as the huge doggy **cock** stretched her throat again-and-again. When Rocco pulled his **cock** back, Kate tried to turn her head away. But Rocco thrust his **cock** back in too soon.

After a few minutes, Kate felt Rocco's **knot** swelling. His thrusts became shorter and powerfully he kept the **knot** in Kate's mouth. The bulging **knot** forced Kate to spread her mouth as open as possible stretching her jaw painfully. **It** was now securely and *painfully* locked behind her teeth. **Rocco was pumping his *seed* down her throat!**

Kate's head was *painfully* twisted back as her mouth and throat were tightly locked around the dog's huge **cock**. Desperately she tried to *scream* and get the **cock** out of her. But she could only wait while Rocco kept shooting his *semen* into her abdomen. *Doggy sperm* was leaking from her mouth.

For about 10 minutes Rocco kept licking Kate's pussy and waiting for his **knot** to shrink until he was able to pull his penis out. Kate fell on the floor gasping for air. Rocco was still licking her pussy. His huge *sperm*-dripping **cock** was glowing in the bright lights. The audience stood still, astonished by the sight on the stage.

The next day, Kate entered the stage 4 times. Each time she had different clothes and every time Rocco ripped them off her and *raped* her.

After the fourth breeding, he knotted her tightly ... turned butt-to-butt ...and dragged her off the stage.

DAY 13

"Ladies and gentlemen, good morning. This is the 'Adopt A Pet' show and I'm Catwoman. ... This is Day 13 and tomorrow will be the last day in the training of Kate and Rocco. ... Please, meet the star of our show - Kate."

Kate walked on the stage naked with a collar around her neck. She looked at the applauding audience with sad eyes.

"Ladies and gentlemen," Catwoman continued, "Before the last phase of our training, we have a surprise for you. Rocco has learned a lot in less than 2 weeks. You may wonder how he performs compared to true professionals. Now you will see.

"Just for this show we have brought to you from Europe the '**Bitch Breeders**'. 3 highly trained German Shepherds, 3 brothers, who have raped hundreds of human **bitches**. They have made **breeding** human **bitches** an art. They hold the world record in penetrating an unwilling human **bitch** in just **5 seconds**."

"No! No! Pease no!" Kate pleaded with terror in her eyes.

She wanted to run away. But there was nowhere she could go. She felt her pussy getting wet and she knew the dogs would *smell* her pussy juices.

"Ladies and gentlemen," Catwoman announced, "**Meet the Bitch Breeders!**

3 big German Shepherds entered the stage. They *smelled* Kate's wet pussy and started to circulate her. Kate could only stay still and wait. These were strange mean-looking dogs and she didn't know how they would behave.

The dogs came closer, sniffing her and occasionally licking her thighs or butt. Kate couldn't believe it. But for the first time she actually wished that Rocco was with her to defend her. She would gladly let him **fuck** her if he made these 3 dogs go away.

"Ladies and gentlemen," Catwoman said with a low voice. "The show is about to begin. You will see something you have never seen."

She walked closer to the dogs and <snapped> her fingers. The dogs became alert.

"Play with the **Bitch**," Catwoman said.

The dogs started to lick Kate's breasts and pussy. One of them rose on his hind legs and wrapped his forepaws around Kate's waist making her fall on her knees.

The dogs walked around her *growling* and licking her. Kate tried to push away the dog in front of him. The dog *sarled* at her and rose on his hind legs.

Kate tried to keep him away from her. But another dog grabbed her collar in his teeth from behind pulling her back and *growling* at her ear. The third dog licked her pussy.

Kate tried to push the dog away. But his weight and the pulling of her collar were too much for her. She fell back, her body and legs twisted backwards, her pussy up and open for the dogs.

The dog in front of her walked over her. Kate tried to stop it. But one of the dogs grabbed her right arm in his jaws. The other dog stepped on her left arm and licked her face while the dog standing above her looked at the audience snarling.

The message was clear: Kate was their **bitch**.

Kate felt herself so small and totally helpless. She knew she was in a breeding position and 3 dogs were just waiting for the command to **RAPE** her.

"Rocco! Help me-e-e-e!" Kate screamed.

"Well, well," Catwoman said. "So you are already missing Rocco. Don't worry. He will come and fuck your brains out. But now your body belongs to the Bitch Breeders.

Catwoman <snapped> her fingers again.

"Rape the whore!" she commanded.

The dog above Kate looked at her *snarling*. He backed a few steps stepping on Kate's inner thighs scratching her painfully. Kate screamed and spread her legs as wide as she could. The dog lowered himself searching for Kate's love hole with his wet **penis**.

The dog pulled her pussy up with his forepaws and pulled her body back with his chest. Her pussy was lifted up and twisted forward making it an easy target for the dog's mighty breeding **tool** that soon found her love hole and with *tremendous* force impaled her cunt.

Kate tried to push away the dog licking her face. But it grabbed her arm in his jaws. 2 dogs were now holding her arms in their jaws while the third dog **fucked** her like a madman.

Her huge soft breasts flopped back-and-forth as the dog kept thrusting his **cock** to the hilt into her vagina. *Doggy sperm* was already leaking from Kate's pussy. The audience held their breath as they watched the truly professional **canine breeding** of the sexy woman.

"These dogs don't give a woman a chance," Catwoman said while Kate's *raping* continued. "In no time they force any woman into a breeding position and pump her full of sticky *doggy semen*. If your wife has been unfaithful and you want to give her a lesson that she will never forget, just call Bitch Breeders. You will find contact information in the lobby."

Kate *wailed* as the dog *furiously* pumped his **sperm** into her vagina. She was losing her strength and finally, she stopped fighting.

The other dogs released her arms and started to walk around their brother and his human **bitch**. Kate *moaned* as the **cock** sank deeper and deeper, finally hitting her cervix. She felt the dog's **knot** swelling inside her vagina.

She panicked because she didn't want to get **knotted** and maybe dragged around by 3 dogs. Carefully she moved her left foot to get better hold of the floor. She was going to roll over with the dog and run away. She spread her leg ... wrapped her arms around the dog's neck ... pushed and rolled over ...

But that was not a wise thing to do. Just before she pushed, the dog's **knot locked** inside her.

When she rolled over, the **knot** sank even deeper into her vagina. Kate was now on her hands-and-knees above the dog with his **sperm**-shooting **cock** tightly locked in her vagina. She tried to get up. But the **knot** was too big to slip out of her.

Desperately she tried to get up again and again. Trying to pull her hip up with a **cock locked** inside her vagina stimulated her clitoris.

Without knowing it, she continued to move her hip up-and-down to stimulate her clit even more. When she realized what she was doing, it was too late. When a powerful orgasm shook her body, she felt the hairy body of another dog on her back.

"Nooooo!" Kate screamed as the dog's hard **cock** spread **pre-cum** on her ass and finally sank into her virgin **asshole**.

Her scream was abruptly silenced by the third dog **cock** sinking into her mouth. Kate was terrified! Her eyes looked for help from the audience. But they just stared at the show that was beyond all their expectations.

The dog below Kate kept shooting his **sperm** into her vagina while the 2 other dogs fiercely fucked her ass and mouth. She felt **doggy semen** being shot into her ass. She tasted **ejaculate** in her mouth and tried to spit it out before the dog sank his **cock** again deep into her throat.

Finally she just kept her mouth wide open letting **doggy semen** flow out. Most of the **sperm**, however, went down her throat.

Kate had a hard time breathing and her vision was getting blurry. She hardly understood what was going on. When the doggy **knots** in her ass and mouth swelled and finally **locked** inside her, she passed out. Her hip and head were being suspended by the doggy **cocks** locked inside her ass and mouth. 3 beasts kept filling the holes of the unconscious woman with their **doggy sperm**.

Suddenly Kate felt somebody shaking her shoulders. She still felt 3 canine **cocks locked** inside her and shooting their last drops of **sperm**. But somebody was talking to her.

"Miss! Are you alright? ... Miss, do you hear me? ... Are you alright?" somebody asked her.

Kate opened her eyes. All she saw was a dog's ass. The dog has turned around with his **cock locked** in Kate's mouth. The other dog had also turned around, being now ass-to-ass with her.

"Miss, are you alright?" the same female voice asked again.

A female police officer was kneeling beside Kate. She saw doggy **cocks knotted** in her pussy, ass, and mouth. **Doggy sperm** was dripping from all her holes as the dogs kept shooting **semen** inside the helpless woman.

Kate tried to say something. But with a huge cock in her mouth and throat, she couldn't give a sound. All she could do was to nod slightly.

"Miss, we are here to save you. Please wait calmly as the penises shrink and we can release you," the friendly police officer said.

The dogs were *snarling* at the police officers approaching them and finally capturing them. At least ten officers were escorting the audience to police buses outside.

DAY 14

Next day. Kate was sleeping in her own bed. Everyone in the audience had been arrested. But none of them had told anything to the police except what they had already seen.

Catwoman and Rocco were not found. In fact, the police assumed that Catwoman and Rocco were not real. That they was just a trick of Kate's exhausted mind. Everyone in the audience had denied seeing Catwoman or Rocco.

A doctor had examined Kate and found that she had no injuries requiring medical care. In the evening, the police wrote down her testimony and drove her home. Finally, she was able to sleep the night in her own bed.

It was almost 2:-- pm when Kate heard somebody <knocking> at the door. She woke up and walked to the door. There was the same friendly female police officer who had helped her at the stage.

"Good afternoon, Miss. Well, it seems to be still morning for you. I hope you had a good sleep. I am sorry to bother you. But I have something urgent that belongs to you."

Kate heard Rocco barking behind the woman.

"We have found this dog and a document. Your lawyer has checked the papers and they are legal. You have legally adopted this dog. If you take care of him according to the conditions stated in this document, you will have a substantial reward. However if you fail to take care of him, you'll have to pay a large amount of money. Because the conditions are rather strict, your lawyer advised me to bring the dog to you immediately."

Kate felt her pussy getting wet and cursed herself in her mind. Rocco licked at her right thigh and walked in. Kate looked at the police officer without knowing what to say. She needed the money and failing to take care of Rocco would mean an economic disaster. Maybe Rocco would behave differently when they were at home without Catwoman.

"Thank you," she said swallowing her tears.

"He seems to like you. That's good. He's all yours. ... Good day, Miss," the police officer said.

She gave Kate the document and walked away. Kate closed the door.

After a few seconds the police officer looked back. She thought that she had heard a *ripping* sound and a *scream*. But now it was quiet.

Kate had hardly closed the door when Rocco *growled* and ripped her nightgown off her. She screamed and tried to run away. But Rocco jumped on her back ... grabbed her neck in his jaws to make her stop fighting and to keep her quiet ... and quickly sank his **cock** into her wet pussy.

The police woman stepped into her car and drove away. From the window she saw a glimpse of Kate and Rocco.

"Playing on the floor. How sweet. She must have missed him," the police thought. "I'm sure the dog has found a good home where all his needs will be satisfied."

She was right.

***** Sandra and Jim *****

by Canis3

Sandra and Jim live in a mansion hidden from the eyes of their neighbors. In the morning Jim was busy and Sandra was horny. A major dilemma. But they used the same solution as before.

Jim put a bench at their front door. He tied her large fake breasts and asked her to lie down on the bench. Then he tied her neck, wrists, and ankles to the bench and put a ball gag into her mouth. She was totally helpless. She couldn't move her body. Not an inch.

Finally Jim inserted a vibrating dildo into her pussy. This is the way Sandra wanted it and they had done this many times. She would moan and have multiple *orgasms* during the day.

At noon Jim would come home ... fuck his helpless and wet wife ... and then release her.

Jim walked down the stairs ... said goodbye to his tied wife ... and left.

Sandra was moaning. She was dreaming that a big man (maybe a plumber) found her, pulled the dildo from her pussy, and fucked her. Their maid Peggy was given instructions to help Sandra if she was in fatal danger like choking. Peggy was given strict orders not to interfere if Sandra was being fucked by anyone.

Suddenly Sandra felt that someone grabbed the dildo and pushed it even deeper into her pussy. She moaned and tried to see who was her new lover.

Because of her neck rope, she could barely raise her head. She felt something very hairy touching her crotch. The dildo was swiftly pulled out of her pussy. She saw a huge black **dog** holding the dildo in his mouth.

"Damn! This dog is spoiling my pleasure," she thought.

The dog dropped the dildo on the floor. Soon Sandra felt his hairy snout at her crotch. His big wet tongue swiped over her pussy.

Then another tongue swiped her face while a third tongue lapped her right breast. **She was being licked by 3 big dogs!**

The dogs looked friendly and the licking didn't feel too bad either. Soon the huge black dog moved forward and his heavy weight landed over Sandra's body. She was beginning to feel uncomfortable. Her tied breasts were under painful pressure. She tried to squirm. But the ropes didn't allow her body to move.

The black dog licked her mouth and her face. Soon Sandra felt something hard and wet touching her crotch and her wet pussy lips.

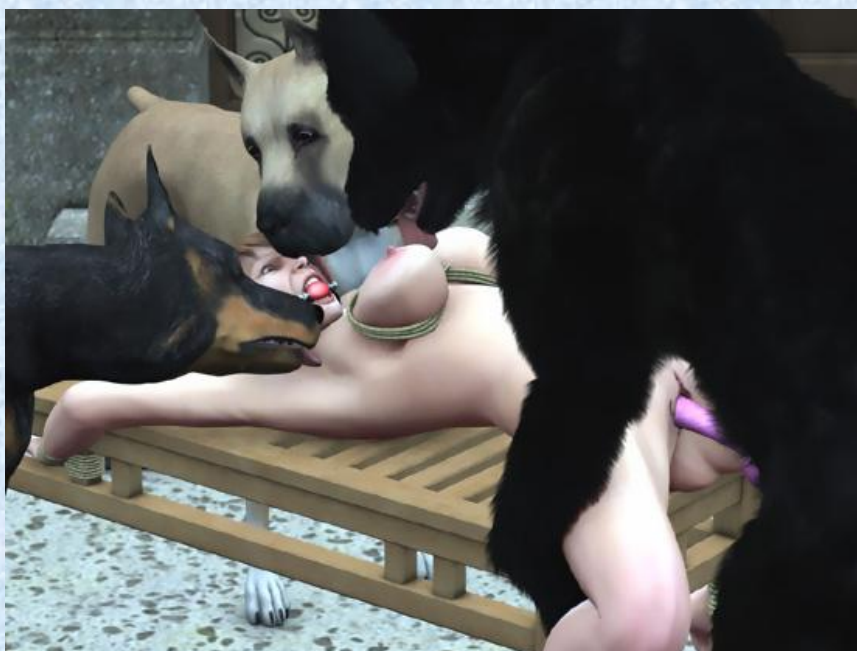

*"His **cock!** He's going to **fuck** me! I'm going to be raped by a dog!!"*

She tried to scream. But the ball gag allowed only some mumbling from her lips. She tried to fight the ropes but it was hopeless. She could only let the dogs lick her face and wait until the doggy **cock** found the entrance to her pussy.

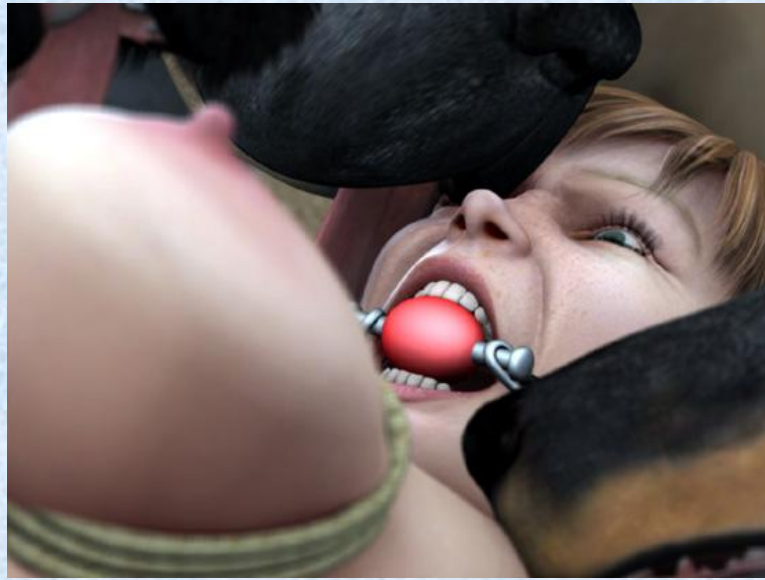

First the **cock** was thin and it slipped quickly in-and-out of the pussy.

Finally the **cock** reached its full size. It was almost as thick as Sandra's wrist and more than 10 inches long! Soon the huge **tool** penetrated her vagina.

Inch-by-inch the dog forced his huge **penis** into Sandra's tight pussy. Other dogs licked the helpless victim of the canine **rapist**. She bit her teeth against the ball gag trying to endure the pain.

When the dog had sank his entire **cock** into the human pussy, he started a fierce **Fuck**. Sandra's cunt was wide open for his **cock** and her body remained fixed on the bench as the dog **pounded** her with his huge doggy **cock**.

As the **cock** slid back-and-forth in her vagina, it was swelling. Sandra's womb was painfully stretched and soon the **cock** "**tied**" in. Sandra knew that the dog had **knotted** her.

He pushed his **cock** as deep into her as he could and let his weight fall on Darla's body. She felt the huge **dick** throbbing inside her stretched vagina and soon he shot his first load of *doggy semen* into her.

Sandra could only wait as the huge beast shot one load after another of its *sperm* into her. She was like an unwilling **bitch** tied for **breeding** by a stud dog.

But she was not a **bitch** dog. She was a human being! And she *cried*.

For 20 minutes the dog lay over her body filling her with its *puppy-making sperm*. Sandra's pussy was extremely sensitive and she had 2 powerful *orgasms* during that time. She felt herself dirty and *humiliated*.

Finally the dog managed to pull his **cock** out and *doggy sperm* gushed out of Sandra's pussy. She felt the dog's tongue as he licked her pussy and thighs before he stepped aside. The doberman was playing with the dildo and the Dane licked her right breast.

She closed her eyes and felt sticky *sperm* still dripping from her abused pussy. But she was relieved. Finally it was over.

The huge black dog walked to the door and lay down with his **cock** still dripping *sperm*. The doberman stood up and came to Sandra with the dildo in his mouth, not understanding that she was unable to play with him.

The Dane walked to the end of the bench and started to climb over Sandra. His red **cock** was ready for breeding.

"No!" Sandra tried to scream. But the ball gag stopped her screams.

The Dane was slightly smaller than the black dog. But by pulling with his forepaws, he was able to sink his **penis** into Sandra's pussy. There was no escape for the helpless tied woman.

A few times the **cock** slipped out ... but soon it swelled and *locked* firmly inside. Soon Sandra felt the **cock throbbing** and shooting *doggy sperm* into her vagina.

The doberman dropped the dildo on Darla's chest waiting for her to throw it for him to fetch. Sandra hardly noticed the dog. She could only feel the huge throbbing **cock** inside her filling her womb with *puppy-making semen*. The Dane had a slightly smaller cock than the first dog. But he pumped an enormous amount of *sperm* into his human **bitch**. Sandra felt like a balloon was swelling inside her.

After 15 minutes the dog had emptied his balls inside Sandra. She moaned and *cried* as her body betrayed her into several *orgasms*.

The dog tried to pull his **cock** out. But it was firmly *locked*. He started to turn around making his **cock** rotate painfully inside Sandra's pussy until he faced away from her. His forepaws were firmly on the floor but he was unable to reach the floor with his hind paws. He was partly suspended by his **cock "tied"** inside Sandra's vagina.

Sandra's face displayed the *pain* that she was enduring. A huge dog was hanging from her pussy. Her womb had been pumped full of *doggy semen* like a balloon. The huge doggy *cock* inside her was still *throbbing*. And her sensitive pussy responded by an *orgasm* which made Sandra even more desperate.

The doberman beside her just wanted her to play with the dildo with him.

After a while, the doberman grabbed the dildo and walked to the end of the bench. He dropped the dildo into a pool of *doggy sperm* beneath Sandra's pussy. Now he became interested on the human pussy having the Dane's *knot* tightly inside. He licked *sperm* leaking from Sandra's pussy and his *cock* started to grow.

Sandra was feeling *dizzy*. She hardly noticed when the Dane's *cock* popped out and a huge amount of *doggy sperm* gushed from her gaping pussy.

When the tired Dane stepped back and lay down on the floor, the doberman jumped on the bench. His *cock* soon found Sandra's wet and wide open pussy and he started *fiercely* humping the semi-conscious woman. Sandra's tightly tied body hardly responded to the savage pounding. Only her hard tied breasts *wiggled* in the rhythm given by the third canine *rapist*.

The doberman, although the smallest of the three, was a big dog. And his *cock* was huge! Its head *painfully* hit Sandra's cervix making the semi-conscious woman *wail*.

Unfortunately, the *knot* at the base of his *cock* slipped out of her pussy just before it had grown large enough to lock in. Now the dog *pounded* fiercely to push the *knot* into the human pussy. But it was too *big* to fit in.

With *enormous* force, the dog attacked Sandra's pussy making it give in little-by-little. The final mighty *thrust* forced the *knot* into the woman's womb. Now the dog had his enormous breeding tool tightly *locked* inside his human bitch.

Once inside, the *cock* and the *knot* continued swelling, stretching Darla's vagina *painfully* pushing against her cervix and opening it up to her womb which soon received the first load of *doggy semen*. For half-an-hour the *throbbing* *cock* filled her fertile womb with *puppy-making seed* making her tummy swell like she was pregnant.

Sandra's body *spasmed* in her ties as she was hit by several *orgasms*. Her nipples were long and rock-hard as her vagina sucked in the huge breeding **tool**.

About 10 minutes after the last load of *doggy sperm*, the dog pulled his huge **cock** out of her pussy. A solid stream of *doggy semen* leaked from her pussy. But most of the *sperm* stayed sealed inside her fertile womb. The dog jumped down ... walked to the other dogs ... and soon they all walked away.

An hour later, Jim came home. He stepped out of his car and looked at his wife lying tied on the bench at the front door. He noticed that something was wrong. The dildo was no longer in her pussy and she didn't react to his coming. Jim climbed up the stairs and stopped ...

Sandra's pussy was wide open and leaking *sperm*. That *sticky cum* was oozing all around her pussy. The dildo was lying on the floor in a thick *semen* pool.

He knew that Sandra had dreamed of a group of men finding her tied like that and fucking her with their big cocks. Maybe her fantasy had come true.

But the amount of *sperm*, its color, and its smell was weird. Sandra was wet all over and she had scratches here-and-there. Her breasts and nipples looked bigger than before. It even looked like she was pregnant!

"Sandra, are you ok?" he asked. "What happened here?"

Slowly Sandra lifted her head and looked at Jim. She was clearly happy to see him.

Jim took off her ball gag and untied her neck and tits.

"Jim, darling. You don't want to know. But I'm okay now," she answered and gave him a happy-but-exhausted smile.

She didn't want anybody to know that **she had been raped by a pack of dogs!**

"Okay. It's a little secret of yours. Anyway, you do look so damn sexy tied there with *cum* dripping from your gaping pussy," he said, untied her and carried her inside.

The next week Sandra stayed inside. She had made June swear to tell nobody about the incident. She also gave the maid a 2-week vacation. *Doggy sperm* was still leaking from her womb. But the swelling was no longer visible.

In the morning Sandra took a shower, put on a short blue blouse, and sat down on the stairs. She would never tell anyone about the dogs. But she had to start living again. She had to face her friends. She had to meet her neighbors and their dogs. Even the ones that had *raped* her.

The dogs had always been friendly towards her. But they had never before seen a naked woman tied with with her legs spread and a dildo in her pussy. The dogs had not been aggressive towards her. They had just been followed their instinct to **breed**. It was not their fault, she thought.

"Max, come here" she said when she saw the huge black dog walking at a distance.

Now it was the time for her to get over her fears. Max was the dog of their opposite neighbors. He walked up the stairs, stood beside her, and licked her face.

"Good boy, Max. I'm not angry at you. You didn't know you did a bad thing."

While she talked to the dog, she felt some *wetness* on her thighs. She spread her legs and touched the *wetness* with her finger.

"Max, I'm still leaking *doggy semen*. And *doggy sperm* smells in me. How can I go anywhere? What do other people think? What do dogs think?"

Max licked her finger and lowered his head to find the source of the smell. He put his head between her legs and started to lick the *sperm* on the stairs. Soon he found the source of the *sperm* -- Sandra's pussy.

"I knew it! I can't go anywhere if all male dogs smell the doggy sperm and want to lick my pussy! ... Stop it, Max!"

Max took a few steps down to face Sandra and pushed his head between her legs. When she tried push his head to the side and sit back to hide her pussy from his tongue, Max <nipped> her thighs until she pushed her pussy forward and made it available for his licking tongue. More *sperm* was leaking from her cunt and Max cleaned it all.

Sandra was desperate! The *snarling* dog forced her to give his tongue open access to her pussy.

Sandra tried to get up. But Max <snapped> his teeth and *snarled* at her. Her blouse got stuck in his teeth so that the front of her blouse got torn and her breasts popped out.

With a few swift moves the dog *ripped* the blouse off her and dropped its torn remains on the stairs. She was now completely naked in front of the huge dog. Her legs were spread to give good access to her pussy and her huge breasts bounced as she breathed heavily.

Her slim body and huge tits were the sexual dream of every man in the neighborhood. But now she was the property of a neighbor's dog. Its **penis** was protruding from its sheath and it was ready to **breed** his **bitch**. He *growled* at Sandra to get her into the mating position.

Sandra was scared. She turned around and on all fours she climbed up the stairs. Max followed her with his forepaws on her both sides so that she couldn't get up.

She tried to rush to the door but stopped when Max closed his jaws around her neck. Before she understood what was happening, Max wrapped his forepaws around her waist and with a single lucky **thrust** sank his **cock** into her wet pussy. She was now ready for his **breeding** and she could do nothing to stop it.

Sandra wanted to scream. Bbut she didn't want anyone to see as she was being *raped* by a huge dog. The dog had total control over her as he **pounded** her pussy with his huge **cock**.

Sandra felt the **cock** swelling and spreading her vagina more-and-more. Suddenly **it locked** into her womb. The dog had her neck in his jaws and his **cock "tied"** inside her pussy. The familiar **throbbing** signalled that the **breeding** proper was about to begin.

A second later she felt a load of *doggy sperm* being shot into her vagina. All she could do was to wait for her breeding to end.

After 15 minutes Max released her neck and pulled his **cock** out of her pussy and walked away. Sandra was lying on the floor *crying*.

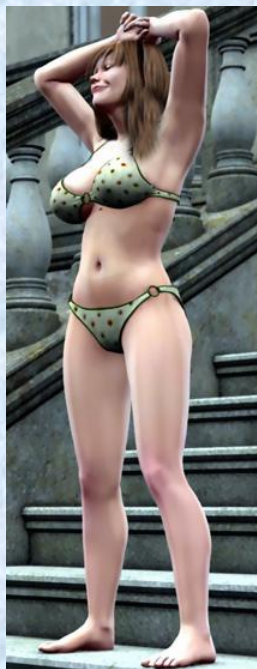

Then she crawled inside and took a shower. She told nobody what Max had done to her.

One month had passed since Sandra's second *doggy rape*. Since then Max had *raped* her 6 more times. And twice the other 2 dogs had *raped* her also. She was fast becoming a designated **Dog Whore**.

One evening Sandra was waiting for Jim to come home. She saw no dogs around. So she put on her sexy bikini and went out to enjoy the nice weather. Not too hot or humid.

She walked down the stairs, raised her arms above her head, closed her eyes and took a deep breath. She heard Jim's car at a distance.

But she opened her eyes. She saw the **canine rapist trio** running to her. Quickly she turned around and ran to the door. But the dogs were faster. The doberman jumped on her back tripping her up.

"No, no, no! Not now!! Jim is coming. ... Go away. Tomorrow I'll let you fuck me as much as you want. But not now. Please!" she pleaded the dogs.

The doberman gave her a quick answer.

He grabbed her bikini top in his jaws and ripped it off. Sandra tried to crawl to the stairs. But Max grabbed her bikini bottom in his teeth and dragged her a few feet before the fabric gave in and the bikini bottom ripped off.

Meanwhile Jim had arrived. He stepped out of the car and saw his wife naked at the top of the stairs surrounded by 3 *snarling* dogs. One of them had her bikini bottom in his jaws.

"Honey, wait! I'm coming!" he yelled and rushed up the stairs.

The dogs saw that someone was trying to take their fucktoy from them. The Dane looked at Jim snarling ready to attack him any time. Max grabbed Sandra's neck in his jaws and lifted her upper body up. He *snarled* and shook his head making her breasts sway wildly. His wife was like a rag doll in the jaws of the huge beast.

When Sandra wiggled and Jim moved, the doberman grabbed her left breast tightly in his jaws. Jim saw Sandra's left areola and nipple bulging by the pressure. The dogs were not going to take their toy away.

"Jim, stop! Don't come closer!" Sandra said with a pained voice.

Jim stopped. His wife in the jaws of 2 ferocious dogs was too dangerous to take any risks. He grabbed his mobile phone to call 911.

"Jim, stay there and do nothing. Don't call anybody. If you just stay there, the dogs will use me and then they will leave. I don't want anyone to know that ..."

Sandra's words were cut off as Max took a tighter hold of her neck. Jim was desperate seeing his beautiful wife at the top of the stairs in the jaws of 2 huge dogs. And what did Sandra mean by them "using her"?

The doberman released her left breast. But Max still had her neck in his jaws. Her big heavy breasts heaved up-and-down as she breathed.

It looked like Max was teased Jim by keeping the sexy helpless woman on display in front of her husband's eyes. *Tears* were running down her cheeks. Jim wanted to kiss her, squeeze those beautiful tits, and say that everything is okay.

But everything was not okay. This pack of *sarling* dogs was going to do his wife whatever they wanted. And he couldn't stop it.

Max adjusted his grip and dragged her a few feet left. The doberman pushed his head between her legs and licked her pussy while the Dane licked her tits. They played with her to get her husband's attention. For the dogs, Sandra was a toy and Jim was part of the game.

Maybe this is how Sandra expected the dogs to "use her", Jim thought, until he saw 3 glistening doggy **cocks**. Now he got scared.

Max gave a commanding **growl** and Sandra had learned her lesson. She got on her hands-and-knees. Strong hairy forepaws wrapped around her waist and the dog's slimy **cock** was **poking** between her legs. The dog's **pre-cum** made Sandra's well-licked pussy lips wet. Soon Jim saw his sexy wife's vagina being penetrated by a huge doggy **cock**.

"Sandra, **fight!** He tries to fuck you. Fight him!" Jim shouted.

Max grabbed her neck even deeper in his jaws and sank his **cock** all the way into her pussy and started **fucking** her like a jackhammer. The big tits of the groaning and grunting woman flopped back-and-forth at the vicious tempo set by the fierce canine **rapist**.

The other dogs walked impatiently around Sandra. Soon a fight broke between them on the breeding order.

After a few minutes Max slowed down. Jim didn't know canine anatomy. But he noticed that somehow the doggy **cock** was **locked** inside his wife's pussy. Sandra's grunts and *groans* changed into moans as the dog filled her with its *seed*. The sensation of a huge throbbing **cock** locked inside her pussy followed by rhythmic spurts of *doggy sperm* made her body spasm in several waves of *orgasms*.

"Ji-ji-jim, I'm so-so-sorry. But he's fo-forcing me to cu-cum!" Sandra wailed as the huge throbbing **cock** slowly moved in her stretched vagina touching her most sensitive parts.

Now that his **cock** was tightly "*tied*" inside Sandra's cunt, Max released her neck. For 15 minutes Max stood *panting* and **breeding** his **bitch**.

Finally he was able to pull his **cock** out of her pussy. Jim couldn't believe his eyes! How could such a huge organ with a **bulge** of the size of a grapefruit have fitted her wife's pussy? And the **cock** must have been even larger when it had been **locked** inside her.

Max sat down to clean his **cock**. Slowly Sandra sat at the top of the stairs ... looked at Jim with her wet eyes ... and tried to move down.

The Dane and the doberman, however, circled her. And finally the Dane pushed her on her back. He jumped on her pinning her against the stairs, wrapped his forepaws around her waist, and started to **hump** her. After a few tries he stepped aside and the doberman started **humping** her with no success.

Then the Dane **humped** her again. Sandra was in an awkward position on the stairs and she tried to ease the *pain* on her back. At the same time the Dane pulled her hip up. By accident, his **penis** found her open and wet pussy. The dog pushed his entire **cock** into her vagina. It leaned forward and started viciously **humping**.

Sandra tried to adjust her body so that the **humping** would cause as little pain as possible. The Dane's cock was getting **bigger** and harder as the dog kept **slamming** it into her pussy. He *growled* at Sandra's every move.

The other dogs were alert and observed Jim's every move. In front of his eyes, his helpless wife was being used like a **sex doll-whore** by the huge animal.

As the Dane's **cock** swelled, his *thrusts* became stronger pushing Sandra forward on the floor. It had to take one step up and lift Sandra's hip higher. She sobbed and *wailed* as the huge animal kept sinking his breeding **tool** into her pussy. The *knot* was swelling and stretching her vagina to the limit. With maximum **force** the dog thrust his **cock** and *knot* all the way into her cunt and they were then *locked*.

The dog adjusted his balance by taking the last step up. He was now standing on the floor at the top of the stairs. His huge **cock** was tightly "*tied*" inside Sandra's vagina suspending her hip high up while her head rested on the floor. For a moment she looked at her large breasts bouncing in front of her eyes ...

The Dane licked her face where *sorrow* and pleasure were mixed as the throbbing **cock** sent its loads deep into her vagina. After 5 minutes the squirming woman tried desperately to fight against an *orgasm*. But soon she was moaning and *spasming* under the huge beast.

The swelling **organ** increased the pressure in her vagina and forced her cervix to open and guide the *doggy semen* all the way into her uterus.

Then the sobbing woman had another *orgasm*. All she could feel and respond to was the throbbing doggy **cock** locked inside her. She cried desperately!

"Fight him, Sandra! Fight him! Don't let him impregnate you!" Jim shouted.

Another *orgasm* was building up inside his exhausted wife when she decided to make the last attempt to fight against her canine rapists. She grabbed the Dane's forepaws and tried to rotate her body and succeeded in tripping him and getting over him. But his **cock** was still *locked* in her vagina.

The doberman had studied the *sperm* leaking from Sandra's pussy when she and the Dane started to wrestle. Now that Sandra was lying on the Dane's chest, the doberman jumped on her and started to **hump**.

"No! No! N-o-o-o-o-o!" Sandra screamed. "Get off me!"

After a few misses the experienced dog found her **rectum**. The Dane's *sperm* acted as a lubricant as his **cock** sank 3 inches into her virgin anus. Sandra *screamed* as loud as she could at the violation of her virgin asshole.

Inch-by-inch the dog sank his cock deeper into her until more than **10 inches** of hard doggy **cock** had impaled her. The dog *banged* her ass for 5 minutes and shot several loads of *sperm*. But he couldn't get his *knot* inside.

Tears fell on her big tits jiggling on the Dane's chest. She had 2 powerful orgasms before the doberman's **cock** slipped out and shot several loads of *semen* on her ass and thighs. The doberman stepped off her back and Sandra crawled to the floor letting the Dane's **cock** plop out of her pussy.

When the doggy gang-bang was over, Sandra was lying sprawled on the floor with *doggy semen* gushing from her gaping pussy. The dogs studied her and licked her. Max grabbed her neck in his jaws carefully and lifted her upper body up. Sandra was like a rag doll, too tired out to care what the dogs did to her body. The Dane licked her face and the doberman gave a few licks on her tits.

The dogs expressed that she had been a good **bitch** to breed and wanted to make sure she was okay now, being totally filled up with their *doggy sperm*.

After a few seconds Max lowered her down on the floor and the dogs walked away. The breeding was over.

Jim was shocked as he climbed up the stairs to help his wife. When he touched her, she slightly opened her eyes.

"Don't call the cops, Jim," she whispered. "Don't tell anyone. I don't want the neighbors think that I'm just a fucktoy for their dogs. Promise me."

"Darling, I promise," Jim said and carried her inside.

*** Sandra Tied on Stairs - Intro ***

by Canis3

One morning Sandra woke up and saw a burglar in her bedroom. He had just found her bondage gear. Sandra jumped up and quickly ran out screaming for help. After a short fight, the burglar gagged her and tied her spread-eagle on the stairs.

On the other side of the street the burglar saw a sign "Bitch for Breeding". The neighbor was waiting for a guy from the local kennel. He was coming with a stud dog to breed the neighbor's bitch dog.

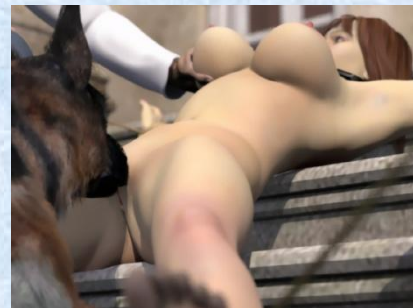

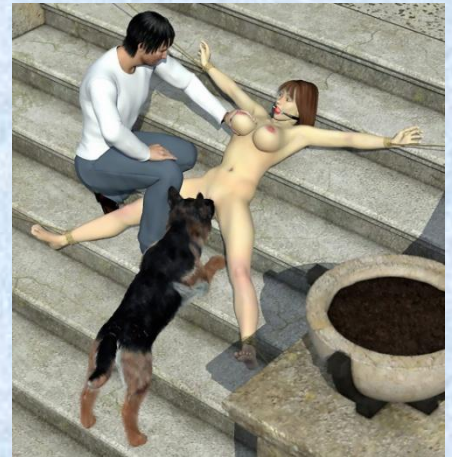

The burglar moved the sign to Sandra's gate ... smiled ... and ran away.

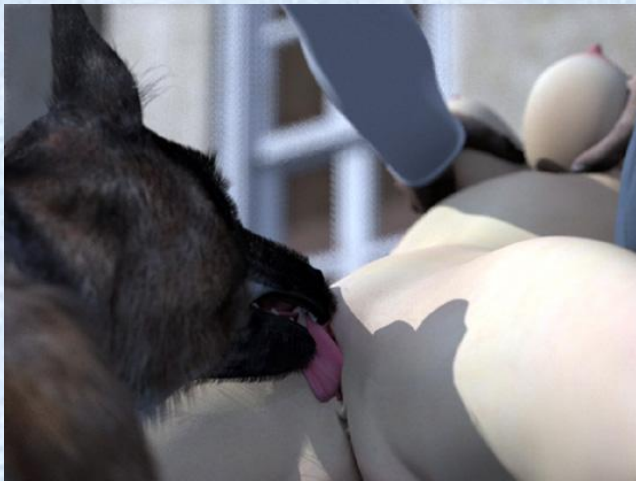

After an hour, the man from the kennel arrived with his dog, a big German Shepherd. He had been told that nobody would be in the house. But the **bitch** was there ready for breeding. He could not make a mistake and the **bitch** had to be bred today.

The man saw Sandra tied spread eagle on the stairs. He seemed confused for a moment ... Then he came to a wrong conclusion.

"Well, well. So you are the **bitch**," he said calmly. "Have you been unfaithful to your husband? Any man would fuck a beauty like you. But not me. I'm a professional. Your husband has paid me to let Rolf **breed** you. And believe me, you are not the first one."

(He mistakingly thought the man who told him to come to the house was Sandra's husband.)

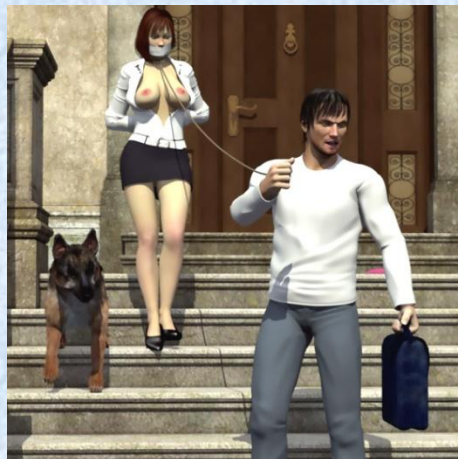

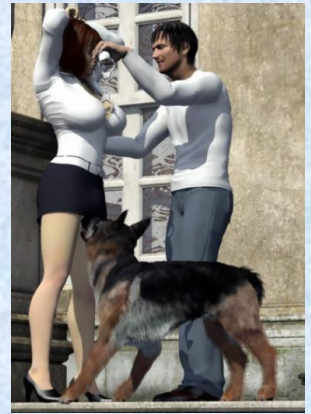

While Sandra lies tied on the stairs, I show what Jim saw a few days earlier when he came home.

Sandra Owned by Dogs

One day Sandra was going shopping. When she walked out, the guy with the stud dog was standing behind the door waiting for her.

He leashed her with a rope and pulled her in his car. After about 2 hours they stopped in a desolate region behind a ruined tower. He guided her to a small shed where a **gigantic black dog** was lying on a mattress.

"Meet George. He is one of the **largest** dogs in the World. I'm training him for his new master. George will be a guard dog for the master's wife. I must teach him 4 things.

"First, to guard his master's wife against all threads. George has passed the guard dog training with flying colors. Second, to bring the wife to her husband when he says "Fetch". Third, to **fuck** her when he says "fuck". Fourth, when the master goes away, he may say "Use Her" and George will use the wife any way he wants.

"I have trained him for 2 months with dogs. Now I must train him with a real woman. I picked you because you are too afraid to tell anyone about your **doggy rapes**. And I heard that your husband will be in Europe for 2 weeks.

"I will take photos and videos during the training. After a week I will drive you back home. All that happens here is just between us and nobody will ever see the photos and videos. Do you understand?"

Sandra nodded.

He made her stand at the door opening. Hpped off her clothes and tied her spread-eagled there.

"First, I let George know that you are his new **bitch**. ... George, lick your **bitch**."

After licking Sandra's breasts and pussy, George stood in front of her *growling*. He was huge. His head was almost at the same level as Sandra's.

"Don't be afraid. He's just letting you know that you are his **bitch**."

"George should know that his Master can fuck his **bitch**. Let's see. George, sit!"

When the man had **fucked** Sandra, he released the ropes.

"George's training is over for today. We will continue tomorrow. I won't tie you up, Sandra, because there is nowhere you could go. You will find something to eat and drink here. George will protect you. He won't hurt you unless you try to escape. Then he will hunt you down and drag you back."

The woman and the dog ate something and walked around. In the evening they both lay down on the mattress.

After having been *raped* by several dogs, Sandra was afraid of George. But slowly she was convinced that he was a gentle dog and ready to protect her against all evil.

In the morning, George's master came back and sat on a small bench.

"Time for today's training. ... George, Fetch!"

The dog walked behind Sandra who saw huge jaws opening behind her.

"George, no," she said to the dog.

The huge dog closed his jaws around her neck gently but firmly. He dragged the woman to his Master.

"Higher, George. Lift her higher," the man said and the dog lifted the helpless woman higher.

Sandra breathed heavily as the man looked at her. He grinned at her, licked his lips, and grabbed her big tits with his hands. He squeezed them hard feeling both the natural tissue and the silicone in her big breasts.

"Hold her steady," George, he said when the dog tried to lower the woman down.

For 10 minutes the man played with her boobs before he asked the dog to lower her down.

"George, Fetch!" the man commanded the dog again-and-again during that day.

Every time the dog dragged Sandra to the man, lifted her up so that her tits were beautifully on display, and held her steady until the man stopped playing with Sandra's breasts.

Sometimes he took off his pants, grabbed her hands, and pushed his cock in her mouth. With her neck in Georges huge jaws, Sandra couldn't turn her head away while the man *raped* her mouth.

George had learned how Sandra tried to escape him. He had learned to grab her with his forepaws. When Sandra was lying on the ground, he grabbed her neck in his jaws and dragged the woman to the man. Sandra had learned to stop running and offered her neck to the dog so that he would grab it in his jaws more gently.

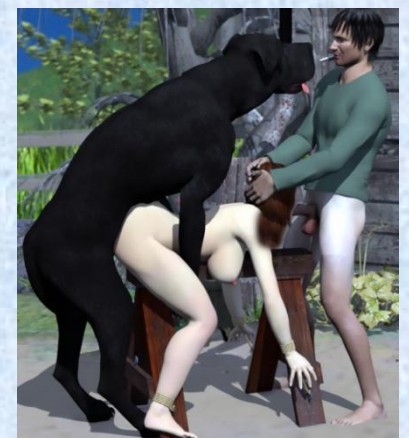

After a very successful training session, the man left. Sandra knew that she couldn't win or escape the dog. So she tried to make him her friend.

In the evening the two lay on the mattress. The huge dog was licking Sandra's breasts. He *growled* when Sandra moved. She said friendly words to the dog and pushed her tits against his big wet tongue.

Next morning the man tied Sandra on a sawhorse and started the new training session.

"George, **Fuck!** ... "Geroge, **Rape!**"

The following morning the man pushed Sandra on her hands-and-knees on the floor. He spread her legs and tied her wrists and ankles. He sat on a stool, lit a cigarette, and looked at the helpless woman and at the huge dog.

"George, Use Her!"

George licked her pussy and mounted her. He wrapped his forepaws around her waist. He sank his huge **cock** into her pussy and **fucked** her and filled her with his **puppy-making semen**.

All the day he circled the tied woman and **humped** her. **Doggy sperm** was leaking from her pussy to the floor as the dog filled her with fresh **semen** again and again!

After several hours George had spent all his **sperm**. He lay down on the mattress. **Doggy sperm** was oozing from Sandra's sore pussy.

Finally the man untied her and left. The training had been a success again.

The next day was free from training. George had to rest for the final training day. He walked around with Sandra as her guard dog.

Once she tried to walk away. George *growled* at her. When she didn't stop, George grabbed her neck gently in his jaws and dragged her a few feet back. After that Sandra stayed within the permitted area.

Next day was the final training day.

"Good morning, Sandra. This is your final day here. Today I won't tie you up. Now we will see what George has learned. ... George, Use Her!"

"George, please don't. Please let me go," she pleaded.

George circled her giving her pussy a few licks. He rose on his hind paws, grabbed her neck in his jaws, and wrapped his forepaws around her waist. She leaned on a large rock and felt his **cock** poking her crotch making her pussy wet with his *pre-cum*. The tip of his **cock** found her pussy lips and he sank his **cock** deep into her vagina.

George had a tight grip of her neck and waist as he **pounded** her pussy. During that day he fucked her a dozen times. 6 times he *knotted* her, released her neck, and turned around dragging the helpless woman by her pussy on the ground.

"Thank you, Sandra. You have been an excellent **bitch** for George. Tomorrow I will give George to my client who will sell him to his new owner. I am sure you will not tell anything about this. I promise you will not see me again.

"However, if you go to the police, my friends will publish some very disturbing photos and videos of you and George. You may also find yourself in their camp as a **bitch** for a pack of ferocious dogs. I have also deposited \$5,000 in your account as a payment for your services in the Dog School. It will be hard for you to explain that."

After a few minutes, Sandra understood her situation.

"I understand. But I want \$10000 dollars. And I have one additional request ..."

In the evening, the man gave Sandra some clothes and drove her home.

2 days later Jim came home.

"Sandra honey, are you home? ... Good to see you again. From now on you don't have to be alone or afraid. Meet George. He's your guard dog.

George walked in.

"Hello, George," Sandra said smiling and patted his head as he sat down beside her.

"Looks almost like he knows you," Jim said as he sat on a chair.

"George, lick him," Sandra said.

George walked to Jim and licked his face.

"Hey! What is this? How come he obeys you? I'm his master, Jim said.

"No, you are not his master. You are his **bitch**," Sandra said and walked away.

George looked at Jim, *growled* at him, and followed Sandra to the kitchen.

Neither Sandra nor the man at cabin had known who would be the new owner of George. However, Sandra didn't want to get **raped** by the huge dog if she suddenly met him in the town.

He had asked the man to train George to obey her. That wasn't a bad idea after all.
