\*\*\* **Lost and found** \*\*\*

Last year Mike, Arianna, and their 18-year old daughter Sara got lost in the wilderness. After 2 nights in the forest, Arianna and Sara were picking berries when they lost contact with Mike. For two days he tried to find them until he finally saw Arianna. He was shocked!

She was naked and dirty, filled with scratches and bruises. She was sitting on the ground with her legs spread wide and leaning on a wolf lying behind her. Another wolf was licking *sperm* leaking from her gaping pussy. *Tears* had dried on her dirty face.

Daughter Sara was weeping on her hands-and-knees as yet another wolf **pounded** her stretched once-virgin pussy with his huge **cock**.
